INDUSTRY AND MARKET DATA

Unless stated otherwise, Industry and Market data and various forecasts used throughout this Draft Red Herring Prospectus have been obtained from publically available information, Industry Sources, Industry publications and Government Publications.

Industry Sources, Industry Publications and Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although we believe that industry data used in this Draft Red Herring Prospectus is reliable, it has not been independently verified by the Book Running Lead Manager or our Company or any of their affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in the section titled “*Risk Factors*” beginning on page 25 of this Draft Red Herring Prospectus. Accordingly, investment decisions should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, “Basis for Issue Price” beginning on page 91 includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the Book Running Lead Manager or any of their affiliates have independently verified such information. Accordingly, no investment decision should be made solely on the basis of such information.

Further, the extent to which the industry and market data presented in this Draft Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors*” beginning on page 25. Accordingly, investment decisions should not be based solely on such information.

FORWARD LOOKING STATEMENT

Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results and property valuations to differ materially from those contemplated by the relevant forward looking statement.

Important factors that could cause actual results to differ materially from our expectations include, but are not limited to the following:-

- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Increased competition in the Industry which we operate;
- Factors affecting the Industry in which we operate;
- Our ability to meet our capital expenditure requirements;
- Fluctuations in operating costs;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Our failure to keep pace with rapid changes in technology;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control;

For a further discussion of factors that could cause our actual results to differ, refer to section titled “**Risk Factors**” and chapter titled “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on pages 25 & 167 respectively of this Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Future looking statements speak only as of the date of this Draft Red Herring Prospectus. Neither we, our Directors, Book Running Lead Manager, Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the BRLM and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

SECTION II – OFFER DOCUMENT SUMMARY

OVERVIEW OF INDUSTRY

The COVID-19 pandemic has spread with alarming speed, infecting millions and bringing economic activity to a near-standstill as countries imposed tight restrictions on movement to halt the spread of the virus. As the health and human toll grows, the economic damage is already evident and represents the largest economic shock the world has experienced in decades.

The global plastic market size was valued at USD 579.7 billion in 2020 and is expected to expand at a compound annual growth rate (CAGR) of 3.4% from 2021 to 2028. Increasing plastic consumption in the construction, automotive, and electrical & electronics industries is projected to support market growth over the forecast period. Regulations on decreasing the gross vehicle weight to improve fuel efficiency and eventually reduce carbon emissions are driving plastic consumption as a substitute for metals, including aluminum and steel, for the manufacturing of automotive components. The growth of the construction industry in emerging markets, such as Brazil, China, India, and Mexico, has been instrumental in fueling the demand for plastics. The growth of the market can be attributed to increased foreign investment in these domestic construction markets as a result of easing FDI norms and requirements for better public and industrial infrastructure.

For further details please see the chapter titled “Our Industry” beginning on page 97 of this DRHP.

SECTION III - RISK FACTORS

An investment in our Equity Shares involves a certain degree of risk. You should carefully consider all the information in the Draft Red Herring DRHP, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risks described below are not the only ones relevant to us or our Equity Shares or the industry in which we operate. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our businesses, results of operations, financial condition and cash flows. If any of the following risks or other risks that are not currently known or are currently deemed immaterial actually occur, our businesses, results of operations, financial condition and cash flows could suffer, the trading price of our Equity Shares could decline, and you may lose all or part of your investment. Prospective investors should read this section in conjunction with “Our Business”, “Our Industry” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 116, 97 and 167 respectively, as well as the financial and other information contained in, the Draft Red Herring DRHP.

Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment which may differ in certain respects from that of other countries. The Draft Red Herring DRHP also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in the Draft Red Herring DRHP. For further details, see “Forward Looking Statement” on page 19

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue including the merits and risks involved. You should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

Unless otherwise indicated or context requires otherwise, the financial information included herein is derived from our Restated Financial Information for Fiscals 2019, 2020 and 2021 and the three months period ended June 30, 2021 included in the Draft Red Herring DRHP.

Internal Risk Factors

Risks Relating to our Business

- 1. Our Company, Group Companies and promoter are involved in certain litigations viz criminal, civil and tax proceedings which are currently pending at various stages. Any adverse decision in these proceedings may render us liable to various penalties and/or monetary compensation and may adversely affect our business and results of operations.**

There are outstanding legal proceedings involving our Company, Promoter and group company which are pending at different levels of adjudication before various courts, tribunals and other authorities. Such proceedings could divert management time and attention, and consume financial resources in their defence or prosecution. The amounts claimed in these proceedings have been disclosed to the extent ascertainable and quantifiable and include amounts claimed jointly and severally from our Company and Promoter. Any unfavourable decision in connection with such proceedings, individually or in the aggregate, could adversely affect our reputation, business, financial condition and results of operations. Certain details of such outstanding legal proceedings as of date of this Draft Red Herring DRHP are set out below:

A classification of legal proceedings is mentioned below:

Name of Entity	Criminal Proceedings	Actions by Regulatory Authorities	Tax Proceedings	Other Material Proceedings	Aggregate amount involved (Rs. in lakhs)
By the Company	3	N.A.	1	1	175.61
Against the Company	N.A.	N.A.	N.A.	N.A.	N.A.
By the Promoter	N.A.	N.A.	1	N.A.	6.80

Against the Promoter	N.A.	N.A.	3	N.A.	2.22
By the Directors	N.A.	N.A.	N.A.	N.A.	N.A.
Against the Directors	N.A.	N.A.	N.A.	N.A.	N.A.
By Group Companies	N.A.	N.A.	1	N.A.	1.23
Against Group Companies	N.A.	N.A.	1	N.A.	0.27

*N.A. = Not Applicable.

We have filed three cases under section 138 of negotiable instruments act, 1881 for an aggregate amount of ₹ 109.85 lakhs. Further, we have one litigation filed against Polypak Ghana Ltd. & Ors for an aggregate amount due of ₹ 63.52 lakhs and additionally court awarded costs of ₹ 0.61 lakhs in our favour, also there are outstanding dues from a customer, Souleymane Ouedraogo aggregating to ₹ 85.98 Lakhs.

Further, there is no assurance that in future, we, our promoters, our directors or promoter group companies may not face legal proceedings and any adverse decision in such legal proceedings may impact our business. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities. If a significant portion of these liabilities materialize, it could have an adverse effect on our business, financial condition and results of operations. For further details in relation to legal proceedings involving our Company, Promoters, Directors, Group Company and Subsidiaries, kindly refer the chapter titled "Outstanding Litigation and Material Developments" on page 185 of this Draft Red Herring DRHP.

2. Our Company has not complied with certain regulatory provisions under Companies Act and rules thereof. Also there have been some instances of non-filing/ delays /incorrect filings in the past with certain statutory authorities. Such non-compliances/lapses may attract monetary penalties or certain punitive actions against our Company may adversely affect our business, financial condition and results of operations.

Our Company has not complied with certain statutory provisions such as the following:

- Our company in the past did all the efforts to recruit a Company Secretary as required under section 383A of Companies Act, 1956 read with Companies (Appointment and Qualifications of Secretary) Rules, 1988 as amended and Companies (Appointment and Qualifications of Secretary) Amendment Rules, 2009, but due to non-availability of a Company secretary our company failed to appoint whole time Company Secretary since the year 1998. Thereafter the company appointed the Whole Time Company Secretary on June 20, 2012 and is in compliance with the requirements under companies act and rules in this regards. As on date our Company is in compliance with the said provisions.
- In absence of appointment of the Whole Time Company Secretary company failed to obtain the Compliance certificate for the financial year 2011-12 as required under Companies (Compliance Certificate) Rules, 2001 read with Companies (Appointment and Qualifications of Secretary) Amendment Rules, 2009.
- The Company has inadvertently and erroneously mentioned section 62(1)(c) of Companies act 2013 in place of section 62(3) at the time of Issue of such equity shares pursuant to conversion of unsecured loan obtained from its holding company. However as on date, our company accorded the correct resolution in its minutes and have also taken compliance certificate for the same from a practicing company secretary. .

Further, Our Company is required to make filings under various rules and regulations as applicable under the Companies Act, 2013 and under the applicable provisions of the Companies Act, 1956 some of which have not been done within the stipulated time period. Except as mentioned in this DRHP, till date, there has been no amount of penalty levied on the Company for such delays/defaults apart from the additional fees that the company paid on late filings. Further no show cause notice in respect of the above has been received by the Company till date, any penalty imposed for such non-compliance in future by any regulatory authority could

affect our financial conditions to that extent. Such delay/noncompliance may in the future render us liable to statutory penalties and disallowing the resolutions, which may have consequence of violation of statutory provisions concerned. While this could be attributed to technical lapses and human errors, our Company is in the process of setting up a system to ensure that requisite filings are done appropriately with the requisite timeline.

3. *We deal in different kind of products and our product mix may vary across fiscal depending upon demand from customers.*

As on the date of the DRHP, we manufacture Polypropylene (PP)/ High Density Polyethylene (HDPE) Woven Bags, BOPP Laminated Bags and Flexible Intermediate Bulk Containers (FIBCs), HDPE/PP woven fabrics/sacks of different weight and sizes printed in multi colours as per the requirements of the customers meant for packing of the cement, Fertilizers, textiles, Food Grains, chemicals, salt etc. For details of revenue from different products, please refer “Note F-21 - Revenue from Operations” in the financial statement beginning on page 164 of the DRHP. Though, domestically our major sales has been from selling in Rajasthan across different products like Fabric and Bag, our revenue from other products has varied over periods, depending upon demand from customers. Since our products are majorly produced from HDPE, PP and pigments, we cannot guarantee a similar product mix over different periods. We manufacture and deal in accordance with demand and margins such product offers, and hence prospect investors may not be able to analyse our future product mix depending upon past trends.

4. *Our top ten customers contributed 87.36% and 66.57% of our total revenue from operations for the three months period ended June 30, 2021 and for the year ended March 31, 2021. If one or more of our top customers were to suffer a deterioration of their business, cease doing business with us or substantially reduce its dealings with us, our revenues could decline, which may have an adverse effect on our business, results of operations, cash flows and financial condition.*

Our top ten customers contributed 87.36% and 66.56% of our total revenue from operations for the three months period ended June 30, 2021 and for the year ended March 31, 2021. However, the composition and revenue generated from these clients might change as we continue to add new customers in normal course of business. Any decline in our quality standards, growing competition and any change in the demand for our products by these customers may adversely affect our ability to retain them. We believe we have maintained good and long term relationships with our customers, however, there can be no assurance that we will continue to have such long term relationship with them. Also any delay or default in payment by these customers may adversely affect our business, financial condition and results of operations. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

5. *Our clients operate in various industry segments/verticals and fluctuations in the performance of the industries in which our clients operate may result in a loss of clients, a decrease in the volume of work we undertake or the price at which we offer our products.*

Our business operations are is exposed to fluctuations in the performance of the industries in which our significant clients operate. Our clients may also decide to reduce spending on services due to a changing economic environment and other factors relating to the industry in which they operate. For instance, in this period of pandemic wherein all the industries are facing a slowdown and cash crunch due to the lockdown and other restrictions imposed by several State Governments has resultant in a widespread impact on the industry. A loss of any of our significant clientele, a decrease in the volume of work our clients outsource to us or a decline in our prices may materially and adversely affect our business, operations, financial condition, results of operations.

6. *Volatility in the supply and pricing of our raw materials may have an adverse effect on our business, financial condition and results of operations. As on the date of the Draft Red Herring DRHP, we are dependent on a limited number of suppliers for our raw material requirements. Any kind of refusal from them can hinder our production resulting into loss of our clients.*

The principal raw materials used in our manufacturing process are Polypropylene, Low Density Polyethylene, High Density Polyethylene, colour master batch, PP Resin, Anti fab /Calcium carbonate, UV stabilizers, Colour Master batch and pigments. The costs of raw materials consumed for the three months period ended June 30, 2021 and for the fiscal 2021, 2020 and 2019 was 77.51 %, 56.66%, 64.23% and 65.54% respectively our total revenue from operations. We source our raw materials requirement locally. We do not have long term agreements or MOU with any of our raw material or inputs suppliers and we purchase such raw materials and inputs on spot order basis. In the event the prices of such raw materials were to rise substantially or if

imports were to be restricted in any manner, we may find it difficult to make alternative arrangements for supplies of our raw materials, on the terms acceptable to us, which could materially affect our business, results of operations and financial condition. Our Company generally have good understanding between suppliers and customers based on which our business runs and any discontinuance in the said understanding with the suppliers for receiving raw materials and any customers for their orders may have impact on the operations of our Company. While we generally pass on the cost increases to our customers, we may not be able to pass on every instance of increase in input cost and may have to pursue internal cost control measures. If we are not able to compensate for or pass on our increased costs to customers, such price increases could have a material adverse impact on our result of operations, financial condition and cash flows.

We source our raw materials requirement indigenously. We do not have long term agreements with any of our raw material supplier and we purchase such raw materials and inputs on spot order basis. Purchases made from our top 10 suppliers represented 56.24% and 88.05% of our raw material purchase during the three months ended June 30, 2021 and Fiscal 2021 respectively, of our total purchases. While we are not significantly dependent on any single raw material supplier, raw material supply and pricing can be volatile due to a number of factors beyond our control, including global demand and supply, general economic and political conditions, transportation and labour costs, farmers' unrest, natural disasters, competition, import duties, tariffs and currency exchange rates, and there are inherent uncertainties in estimating such variables, regardless of the methodologies and assumptions that we may use. Therefore, we cannot assure you that we will be able to procure adequate supplies of raw materials in the future, as and when we need them on commercially acceptable terms.

7. ***We have limited records of documents relating to corporate actions undertaken by our Company and we do not have statutory filings in relation to certain disclosures made in this DRHP. Some of our corporate records including Transfer forms, share certificates are not traceable due to loss of these documents. We cannot assure you that regulatory proceedings or actions will not be initiated against us in the future and we will not be subject to any penalty imposed by the competent regulatory authority in this regard.***

We have been unable to trace complete set of documents pertaining to corporate, and other statutory records, including bank statements, share transfer forms, share certificates etc . Our Company filed a report with the local police on September 30, 2021 and also accorded the same in Board minutes on October, 5, 2021. Due to change in methods of record keeping on account of technological advancement and computerization over the years and loss of these documents, certain documents like bank statements, share transfer forms, share certificates, etc., could not be traced by our Company.

Certain disclosures in this Draft Red Herring DRHP in relation to such untraceable records have been made in reliance on other supporting documents available in our records, including the resolutions passed/noting made by the Board or Shareholders in their meetings, or documents annexed to the filings/ clarifications sent to the relevant regulatory authorities highlighting the true and accurate position, Management explanations/Representations. We cannot assure you that the relevant corporate records will become available in the future, that the discrepancies in filings will be rectified, that regulatory proceedings or actions will not be initiated against us in the future, or that we will not be subject to any penalty imposed by the competent regulatory authority in this respect. As such under the circumstances elaborated above, our Company cannot assure you that the filings were made in a timely manner or the information gathered through other available documents of the Company are correct. Also our Company may not be in a position to attend to and / or respond appropriately to any legal matter due to lack of lost / destroyed records and to that extent the same could adversely affect our business operations.

8. ***We intend to set up new manufacturing facility to manufacture Flexible Intermediate Bulk Containers (FIBC) through Net Proceeds, internal accruals, term loan and loan from corporate promoter, for our capital expenditure requirements. Our funding requirements and proposed deployment are based on management estimates have not been appraised by any independent agency and may be subject to change based on various factors, some of which are beyond our control.***

We intend fund our capital expenditure requirements to set up new manufacturing facility to manufacture Flexible Intermediate Bulk Containers (FIBC) with an annual installed capacity of 3960 MT through net proceeds, Internal accruals, term loan and Loan from Holding/promoter company. The proposed manufacturing facility is envisaged to be set up at Village : Modi, Tehsil : Vallabh Nagar, District- Udaipur, Rajasthan. The Company has acquired land parcel admeasuring to 16,000 sq.mt. in financial year 20-21 at Udaipur, Rajasthan from a third party. The application for land use of the same has been submitted for conversion from agricultural to industrial. Further as per MSME Act Rajasthan, the same can be taken within 3 years from starting of operations. Our Company has paid a consideration of ₹ 105.51 lakhs for purchasing

the said land for the proposed manufacturing unit. For details, see “Our Business - Our Business Strategy - Expansion of our production capacity” on page 116. In this regards our *Company has made application to UCO bank for Availment of Term Loan vide a letter dated 08th September, 2021 for part-funding the Project by way of a term loan of upto ₹ 1000.00 Lakhs. In the event of any unanticipated delay in receipt of such approval, the proposed schedule implementation and deployment of the Net Proceed may be extended or may vary accordingly. Hence our Corporate promoter and holding company viz. SAT Industries Limited, undertakes vide letter dated 17th September, 2021 for funding the gap of financing in case Term loan is not sanctioned or sanction with smaller limit by the Bank . As alternate source of funding the promoter has undertaken to lend the lein free Fixed Deposit as security with Kotak Bank Limited by encashing the Fixed deposits in case of absence of aforementioned sanction approval from UCO Bank. Kotak Bank in letter dated September 16, 2021 has confirmed FD’s with details mentioned below.*

Any failure to obtain the term loan sanction, or any failure to use the said alternate fund on account of any suspension or revocation from either of the banks could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects

9. The outbreak of COVID-19, or outbreak of any other similar severe communicable disease could have a potential impact on our business, financial condition and results of operations.

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could adversely affect the overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The spread of any severe communicable disease may also adversely affect the operations of our customers and suppliers, which could adversely affect our business, financial condition and results of operations. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines and lockdowns. These measures have impacted and may further impact our workforce and operations, the operations of our customers, and those of our respective vendors and suppliers. There is currently substantial medical uncertainty regarding COVID-19 and distribution of vaccine is in initial stages in our country. In case there is a rapid increase in severe cases of infections leading to deaths, where the measures taken by governments are not successful or are any bans imposed by the government in this regard are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe. Our ability to meet our ongoing disclosure obligations might be adversely affected, despite our best efforts.

The impact of the pandemic on our business, operations and financial performance have included and may continue to include the following:

- Disruptions of the services we receive from third-parties including vendors, due to limited and sporadic availability of raw materials, fluctuating and unpredictable demands, and disruptions in supply chain.
- Compliance with evolving government regulations, including with respect to social distancing measures and sanitization practices. Although we are currently in compliance with such guidelines, any failure in the future to fully comply or adhere to the measures and guidelines or any other similar regulations could lead to the imposition of penalties, fines or other sanctions, which could have an adverse impact on our business.

Temporary closure of our office and decline in availability of workforce due to employees contracting the virus, rationalization of workforce, and restrictions on travel and movement due to lockdowns imposed by various state governments, affecting commute of employees to their places of work. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general. The outbreak has significantly increased economic uncertainty.

It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown. The extent to which the COVID-19 further impacts our results will depend on future developments, which are highly uncertain and cannot be predicted. Existing insurance coverage may not provide protection for all costs that may arise from all such possible events. We are still assessing our business operations and system supports and the impact COVID-19 may have on our results and financial condition, but we cannot assure that this analysis will enable us to avoid part or all of any impact from the spread of COVID-19 or its

consequences. The above risks can threaten the safe operation of our facilities and cause disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our people. Further if the any new lockdown is imposed, it could result in muted economic growth or give rise to a recessionary economic scenario, in India and globally, which could adversely affect the business, prospects, results of operations and financial condition of our Company.

10. We have entered into Del Credere Associate Operated Polymers Warehouse Agreement with Indian Oil Corporation Ltd. (“IOCL”). Termination or non-renewal of the Agreement or any material modification to the existing terms under such agreement adverse to our interest will materially and adversely affect our ability to continue our business and operations and our future financial performance

We have entered into agreement with IOCL dated December 17, 2020 whereby we have been appointed as del credere associates for prompt payments to IOCL against sale of products by IOCL to its customers. Pursuant to the said arrangements, we have also been granted the right to market and sell to customers on behalf of IOCL with the objective inter alia, of receiving, storing, the products on behalf of IOCL. Pursuant to the agreement, we are entitled to receive commission on any such sales made through us, however in case of default on payment by such parties, IOCL has the right to recover the amount from us. Defaults on such payment by such parties may materially and adversely affect our ability to carry on our business operations and our future financial performance. Further, Any suspension, restriction or termination could adversely affect our operating results and financial condition. In the event IOCL exercises their right to terminate the agreement whether on the occurrence of any such events or otherwise, or, on expiry of the term of such agreement, or in the event t they are unwilling to renew such agreement or imposes terms less favourable to us than existing terms, it may materially and adversely affect our ability to carry on our business operations and our future financial performance.

11. We generate our major portion of sales of our product in certain geographical regions especially Rajasthan and Haryana. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.

For the three months period ended June 30, 2021 revenue from fabric and bag in Rajasthan contributed 91.73% and 53.69% respectively and for the year ended March 31, 2021 revenue from fabric and bag in Rajasthan contributed 79.80% and 62.45% respectively. For the three months period ended June 30, 2021 revenue from bag in Haryana contributed 38.83% and for the year ended March 31, 2021 revenue from fabric in Haryana contributed 35.62% as per our Restated Financial Statements. Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other parts of India and overseas markets, should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in such regions, and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management believes that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

Management Perception: As on the date of the DRHP, the Company has already made a presence in 8 other states and aims to strengthen its presence and expand operations in such regions.

12. Introduction of alternative packaging materials caused by changes in technology or consumer preferences may affect demand for our existing products which may adversely affect our financial results and business prospects.

Our products are used mainly by companies who require packaging materials for construction, agriculture, chemical, infrastructure industry etc. Our business is affected by change in technology, consumer preferences, market perception of brand, attractiveness, convenience, safety and environmental norms. Our ability to anticipate such changes and to continuously develop and introduce new and enhanced products successfully

on a timely basis will be a key factor in our growth and business prospects. There can be no assurance that we will be able to keep pace with the technological advances that may be necessary for us to remain competitive. Further, any substantial change in preference of consumers who are end users of our products will affect our customers' businesses and, in turn, will affect the demand for our products. Any failure to forecast and/or meet the changing demands of packaging businesses and consumer preferences may have an adverse effect on our business, profitability and growth prospects.

13. All our manufacturing facility is concentrated in Rajasthan, which exposes us to risks of concentration.

All our manufacturing facilities and operations are concentrated in Rajasthan, which exposes us to risks of concentration. All our facilities like registered office, manufacturing unit and processing unit and operations are concentrated in Rajasthan. In the event of a regional slowdown in the business, economic activity in Rajasthan and especially in and around Udaipur, or any developments or natural disaster that make projects in Rajasthan less economically beneficial, our business, financial condition and results of operations could be adversely affected.

14. There is an increased awareness towards controlling pollution and many economies including India have joined in the efforts to ban plastic product. In case any plastic packaging products manufactured by us are banned in India or in any of the markets where we export our products, it could have a material and adverse effect on our business and results of operations.

Plastic takes many years to decompose and is very dangerous for other living beings. Many countries around the world are finding alternatives to the use of plastic products. While none of the measures taken so far have directly impacted our business, our Company cannot assure that future measures will not have a negative impact on our business. If the Government of India legislates against the use of plastic products or if regulations for the manufacture and use of our packaging products are made more stringent, it could have a material and adverse effect on our business and results of operations.

15. The industry in which we operate is labour intensive and our manufacturing operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

FIBC/bulk container and packaging industry being labour intensive is dependent on labour force for carrying out its manufacturing operations. Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. Though we have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Although our employees are not currently unionized, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

16. Our manufacturing facility is critical to our business operations and any shutdown of our manufacturing facilities may have an adverse effect on our business, results of operations and financial condition.

Our manufacturing facility is located at Udaipur, Rajasthan. Our success depends on our ability to successfully manufacture and deliver our products to meet our customer demand. Our manufacturing facility is susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. It is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties.

If our Company experiences delays in production or shutdowns at our facility due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company's operations will be

significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations.

Further, continuous addition of industries in and around our manufacturing facility without commensurate growth of its infrastructural facilities may put pressure on the existing infrastructure therein, which may adversely affect our business. Further, the spiraling cost of living around our manufacturing facility may push our manpower costs higher, which may reduce our margin and cost competitiveness.

17. *The shortage or non-availability of power and fuel facilities may adversely affect our manufacturing process and have an adverse impact on our results of operations and financial condition.*

Our manufacturing process requires substantial amount of power and fuel facilities. Power and fuel cost accounts for a significant percentage of our cost of operations. For the three months ended June 30, 2021 and for the Fiscals 2021, 2020 & 2019 our power and fuel expenses were 5.11%, 5.30%, 6.56% and 6.32% respectively of our total revenue from operations. We source the power requirements for our manufacturing facility mainly from state electricity boards. The quantum and nature of power and fuel requirements of our industry and Company is such that it cannot be supplemented/ augmented by alternative/ independent sources of power supply since it involves significant capital expenditure and per unit cost of electricity produced is very high. To battle electricity failures, we also have DG sets of 320 and 750 KVA to meet exigencies at our main facility, however, we cannot assure you that our facilities will be operational during power failures. Any disruption / non availability of power or fuel or any failure on our part to arrange alternate sources of electricity and fuel supply, in a timely manner and at an acceptable cost shall directly affect our production which in turn shall have an impact on operations and results of our Company.

18. *We have substantial capital expenditure and working capital requirements and may require additional financing to meet those requirements, which could have a material adverse effect on our results of operations, cash flows and financial condition.*

For the three month period ended June 30, 2021 and for the fiscal 2021, 2020 and 2019 our capital expenditures, reflected in our financial statements as additions/adjustments to property, plant and equipment were, Rs.0.61 lakhs, Rs.101.11 lakhs, Rs. 75.66 lakhs and Rs.35.58 lakhs respectively. The actual amount and timing of our future capital requirements may differ from estimates due to, among other factors, unforeseen delays or cost overruns, unanticipated expenses, regulatory changes, economic conditions, engineering design changes, weather related delays, technological changes, additional market developments and new opportunities in the packaging industry. Our sources of additional financing, where required to meet our capital expenditure plans, may include the incurrence of debt, the issue of equity or debt securities or a combination of both. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, and could have a significant effect on our profitability and cash flows. Any issuance of equity to raise additional funds, on the other hand, would result in a dilution of the shareholding of existing shareholders.

Further we require a significant amount of working capital for our operations. A significant amount of our working capital is required to finance the purchase of materials before payment is received from our customers. Further we also maintain inventory levels as per industry standards. Our trade receivables are generally non-interest bearing and are generally on credit terms up to 30-45 days. Our working capital requirements may increase if the payment terms in our agreements with our customers or purchase orders include reduced advance payments or longer payment schedules, or if our there is delayed realisation from our customers. These factors may result, and have in the past resulted, in increases in the amount of our receivables and short-term borrowings. Continued increase in our working capital requirements may have a material adverse effect on our financial condition, results of operations and cash flows.

19. *The industry segments in which we operate being fragmented, we face competition from other players, which may affect our business operations and financial conditions*

We compete in FIBC, packaging, bulk container industry on the basis of the quality of our products, price, and customer satisfaction. The industry in which we operate is highly competitive. Factors affecting our competitive success include, amongst other things, price, demand for our products, availability of raw materials and reliability. Our competitors vary in size, and may have greater financial, production, marketing, personnel and other resources than us and certain of our competitors have a longer history of established businesses and reputations in the Indian packaging industry as compared with us. Competitive conditions in some of our segments have caused us to incur lower net selling prices and reduced gross margins and net earnings. These conditions may continue indefinitely. Changes in the identity, ownership structure, and strategic goals of our competitors and the emergence of new competitors in our target markets may impact our financial performance. New competitors may include foreign-based companies and domestic producers who could enter our markets. Our failure to compete effectively, including any delay in responding to changes

in the industry and market, may affect the competitiveness of our products, which may result in a decline in our revenues and profitability

20. *Our Company's failure to maintain the quality standards of the products or keep pace with the technological developments could adversely impact our business, results of operations and financial condition.*

Our products depend on customer's expectations and choice or demand of the customer as we also produce the products as per particular customer's needs. Any failure to maintain the quality standards may affect our business. Although we have put in place quality control procedures, we cannot assure that our products will always be able to satisfy our customers' quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products from our vendors, or any other unforeseen events could adversely affect our reputation, our operations and our results from operations. Also, rapid change in our customers' expectation on account of changes in technology or introduction of new products or for any other reason and failure on our part to meet their expectation could adversely affect our business, result of operations and financial condition. While, we believe that we have always expanded our capacities and/or introduced new products based on latest technology to cater to the growing demand of our customers and also endeavor regularly update our existing technology and acquire or develop new technologies on a continuous basis, our failure to anticipate or to respond adequately to changing technical, market demands and/or client requirements could adversely affect our business and financial results.

21. *We are subject to foreign currency exchange rate fluctuations which could have a material and adverse effect on our results of operations and financial conditions.*

We incur expenses in foreign currencies during the normal course of business for purchasing products from our global suppliers at mutually agreed prices. Further, on the export of our products we receive sale proceeds in foreign currency. Changes in value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Fluctuations in the exchange rates may affect our Company to the extent of cost of goods and sales in foreign currency terms. Although we generally hedge our foreign exposure, any adverse or unforeseen fluctuations with respect to the unhedged exchange rate of any foreign currency for Indian Rupees may affect our Company's results of operations.

22. *We are liable to face adverse effect on the business operations and delay in manufacturing and supply of goods to the consumers due to port strike.*

Our products mainly get transported through water route as we primarily rely on sea-freight and carry such operations from Mundhra Port and Nhava Sheva Port (Jawaharlal Nehru Port). Our customers base is spread across 14 countries. The export sales consists of 36.34%, 43.94 % , 50.75% and 53.31% for the total sales during the three months period ended June 30, 2021 and for the financial year ended March 31, 2021 , 2020 and 2019 respectively. We may face adverse effect on the business operations and delays in manufacturing and supply of products to the consumers due to port strike. Any such disruptions in the future could have material and adverse effect on our business, financial condition and results of operations.

23. *A portion of our revenues are dependent on our exports to our international customers. We generate our predominant portion of sales from our operations in certain region especially Africa and Middle east. Any failure to fulfil the requirements of our international customers may adversely affect our revenues, result of operations and cash flows.*

We generate major portion of our sales from our customers situated overseas, Africa (Ghana, Sudan, Algeria, Togo) Middle East (UAE, Palestine). Such geographical concentration of our business in these countries heightens our exposure to adverse developments related majorly to competition, as well as economic and demographic changes in these countries which may adversely affect our business prospects, financial conditions and results of operations. Our inability to expand into other countries may adversely affect our business prospects, financial conditions and results of operations. However, our Company has started strengthening its customer base in other countries such as Europe (Greece, France, Portugal, Italy, Poland), USA, Australia, Caribbean (Dominican Republic), etc but we are yet to scale our operations in such countries. While our management believes that the Company has requisite expertise to mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance. Our operations are also impacted by various risks inherent in international sales and operations, including:

- currency exchange rate fluctuations;

- regional economic or political uncertainty;
- currency exchange controls;
- differing accounting standards and interpretations;
- differing domestic and foreign customs, tariffs and taxes;
- current and changing regulatory environments;
- coordinating and interacting with local representatives and counterparties to fully understand local business and regulatory requirements; and

To the extent that we are unable to effectively manage our global operations and risks such as the above (in particular, as we implement our strategy to enter into new markets where we do not have local knowledge and resources), we may be unable to grow or maintain our sales and profitability, or we may be subject to additional unanticipated costs or legal or regulatory action. As a consequence, our business, financial condition, results of operations and cash flows may be adversely affected.

24. *Our Company exports our products to countries including viz. Africa (Ghana, Sudan, Algeria, Togo) Middle East (UAE, Palestine), Europe (Greece, France, Portugal, Italy, Poland), USA, Australia, Caribbean (Dominican Republic). Any adverse events affecting these countries could have a significant adverse impact on our results from operations.*

We also derive our revenue from operations from export sales. The export sales consists of 36.34%, 43.94% , 50.75% and 53.31% for the total sales during the three months period ended June 30, 2021 and for the financial year ended March 31, 2021 , 2020 and 2019 respectively. Our Company exports to many countries namely viz. Africa (Ghana, Sudan, Algeria, Togo) Middle East (UAE, Palestine), Europe (Greece, France, Portugal, Italy, Poland), USA, Australia, Caribbean (Dominican Republic) etc. Consequently, any adverse changes in these economies such as slowdown in the economy, appreciation of the Indian Rupee vis-à-vis the currencies of these economies, acts of terrorism or hostility targeting these countries, etc. would directly impact our revenues and results from operations. In the event of change in policies or laws in these regions with respect to Environment, Health and Safety (EHS) norms, quality standards, branding or restrictions on usage of certain products/raw materials, our financial condition and business operations may be adversely affected. In case of any contingencies in future due to which we are unable to operate effectively in these markets, our results from operations, revenues and profitability may be adversely affected.

25. *Delay in schedule of implementation may subject our Company to risks related to time and cost overrun which may have a material adverse effect on our business, results of operations and financial condition.*

Our Company is currently proposing to set up a new manufacturing facility for manufacturing of Flexible Intermediate Bulk Containers (FIBC): with an annual installed capacity of 3960 MT at a place different from the existing facilities at Village : Modi, Tehsil : Vallabh Nagar, District- Udaipur, Rajasthan and expand installed capacities. For further details regarding to our proposed manufacturing facility, please refer the chapter titled our "*Objects of the Issue*" on page 81 of this DRHP. We may face risks relating to the commissioning of our new manufacturing facility for production including delays to construction timetables, failure to complete the projects within our estimated budget, failure of our contractors and suppliers to adhere to our specifications and timelines, and changes in the general economic and financial conditions in India and other jurisdictions in which we operate. We have limited control over the timing and quality of services, equipment, machineries or other supplies from third party contractors and/or consultants appointed by us, and we may be required to incur additional unanticipated costs to remedy any defect or default in their services or products to ensure that the planned timelines are adhered to. Further as and when we commission our planned manufacturing facility, our raw material requirements and costs as well as our staffing requirements and employee expenses may increase and we may face other challenges in extending our financial and other controls to our new unit as well as in realigning our management and other resources and managing our consequent growth. In the event that the risks and uncertainties discussed above or any other unanticipated risks, contingencies or other events or circumstances limit or delay our efforts to use the Net Proceeds to achieve the planned growth in our business, the use of the Net Proceeds for purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of your investment in our Equity Shares.

The proposed setting up of a new manufacturing unit will require us to obtain various approvals, which are routine in nature. We are yet to file applications for seeking consent to establish with the Rajasthan Pollution Control Board. Factories License under Factories Act- Registration & License to work a factory ,Consent to establish the unit under Rajasthan Pollution Control Board, Consent to operate under Rajasthan Pollution

Control Board- Under both Air (Prevention & Control of Pollution) Act, 1981 and Water (Prevention & Control of Pollution) Act, 1974, ISO Certification. In addition to such pending approvals, we will also need to apply for certain additional approvals for the proposed facility, as required in due course. There can be no assurance that we will be able to obtain these registrations and approvals in a timely manner or at all. Further, in the event of any unanticipated delay in receipt of such approvals, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly.

26. *We require a number of approvals, NOCs, licences, registrations and permits in the ordinary course of our business.*

We need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course of our business. Any failure to renew the approvals that may expire, or to apply for the required approvals, licences, registrations or permits, or any suspension or revocation of any of the approvals, licences, registrations and permits that have been or may be issued to us, could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects.

We have purchased an agricultural land to expand our line of business and we have taken registration under the Rajasthan Micro, Small & Medium Enterprise (Facilitation of Establishment and Operation) Act, 2019 under which our Company is exempted from applying for conversion of land for a period of three years until the validity of the certificate i.e. until September 02, 2024, to continue our business activities. The certificate is valid for a period of three years from the date of issuance of the certificate, after the expiry of the same we need to apply for the land conversion approvals. Any failure to apply for the required approvals, licenses, etc could result in delaying the operations of our business. We also need to apply for other environmental approvals, licenses, etc. which are subject to the Central laws.

Currently, with respect to the material approvals/ licenses with regards to our object of the issue, our Company has the following pendency:

1. Factories License under Factories Act, 1948
2. Consent to establish under Rajasthan Pollution Control Board
3. Consent to operate under Rajasthan Pollution Control Board- Air (Prevention and Control of Pollution) Act, 1981 and Water (Prevention and Control of Pollution) Act, 1974

Furthermore, our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business, financial condition, results of operations and prospects. Kindly see “Government and other Statutory Approvals” on page 191 of this Draft Red Herring Prospectus for further details on the required material approvals for the operation of our business. We need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course of our business. Any failure to renew the approvals that will expire, or to failure/delay to apply for and obtain the required approvals, licences, registrations or permits, or any suspension or revocation of any of the approvals, licences, registrations and permits that have been or may be issued to us, could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects.

We cannot assure you that the approvals, licences, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action.

Our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business, financial condition, results of operations and prospects.

For more information, see chapter “Government and Other Statutory Approvals” on page 191 of this Draft Red herring DRHP.

27. *Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flow and liquidity.*

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirements and manufacture and trade inventory accordingly. If our management has misjudged expected customer demand it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory. Further, if we fail to sell the inventory we manufacture, we may be required to write-down our inventory or pay our suppliers without new purchases, or create additional vendor financing, which could have an adverse impact on our income and cash flows. We estimate our sales based

on the forecast, demand and requirements and also on the customer specifications. Natural disasters such as earthquakes, extreme climatic or weather conditions such as floods or droughts may adversely impact the supply of raw material and local transportation. Should our supply of raw materials be disrupted, we may not be able to procure an alternate source of supply in time to meet the demands of our customers. Such disruption to supply would materially and adversely affect our business, profitability and reputation. In addition, disruptions to the delivery of product to our customer may occur for reasons such as poor handling, transportation bottlenecks, or labour strikes, which could lead to delayed or lost deliveries or damaged products and disrupt supply of these products. To improve our line capability, we try to stock our inventory at our manufacturing facility. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively. If we over-stock inventory, our capital requirements will increase and we will incur additional financing costs. If we under-stock inventory, our ability to meet customer demand and our operating results may be adversely affected. Any mismatch between our planning and actual consumer consumption could lead to potential excess inventory or out-of-stock situations, either of which could have an adverse effect on our business, financial condition and results of operation.

28. *Orders placed by customers may be delayed, modified or cancelled, which may have an adverse effect on our business, financial condition and results of operations. Further any defaults or delays in payment by a significant portion of our customers, may have an adverse effect on cash flows, results of operations and financial condition.*

We may encounter problems in executing the orders in relation to our products, or executing it on a timely basis. Moreover, factors beyond our control or the control of our customers may postpone the delivery of such products or cause its cancellation. Due to the possibility of cancellations or changes in scope and schedule of delivery of such products, resulting from our customers discretion or delay in procurement of raw material or problems we encounter in the delivery of such products or reasons outside our control or the control of our customers, we cannot predict with certainty when, if or to what extent we may be able to deliver the orders placed. Additionally, delays in the delivery of such products can lead to customers delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such products. In addition, even where a delivery proceeds as scheduled, it is possible that the customers may default or otherwise fail to pay amounts owed.

In the ordinary course of business, we extend credit to our customers. Consequently, we are exposed to the risk of the uncertainty regarding the receipt of the outstanding amounts. As at June 30,2021 and for financial year march 31,2021 our trade receivables (net of provision for doubtful debts) was Rs. 884.22 lakhs and 969.23 respectively. Our results of operations and profitability depend on the credit worthiness of our customers. Certain of these customers may have weak credit histories and we cannot assure that these counterparties will always be able to pay us in a timely fashion, or at all. Any adverse change in the financial condition of our customers may adversely affect their ability to make payments to us. As on date of Draft red herring DRHP, We have filed three cases under section 138 of negotiable instruments act, 1881 for an aggregate amount of ₹ 109.85 lakhs. Further, we have one litigation filed against Polypak Ghana Ltd. & Ors for an aggregate amount due of ₹ 63.52 lakhs and additionally court awarded costs of ₹ 0.61 lakhs in our favour, also there are outstanding dues from a customer, Souleymane Ouedraogo aggregating to ₹ 85.98 Lakhs . Default or delays in payments by a significant portion of our customers may have an adverse effect on cash flows, results of operations and financial condition.

29. *Our Company is dependent on third party transportation providers, with whom we have no formal arrangements, for the delivery of our raw materials and finished goods and any disruption in their operations or a decrease in the quality of their services or an increase in the transportation costs could adversely affect our Company's reputation and results of operations.*

We rely on third parties logistic service providers, with whom we have no formal arrangement, to provide rail, trucking and other transportation facilities for the transfer of raw materials to our manufacturing facilities and the supply of finished products to our customers. Such logistics providers are arranged on spot basis and in certain cases may not be insured for the full value of the load that they are carrying. These transportation facilities may not be adequate to support our existing and future operations and there may be disruptions of transportation and logistics services due to weather-related problems, strikes, lock-outs, inadequacies in the road infrastructure and seaport facilities. Also we do not own any trucks or commercial transport vehicles and primarily use third-party logistic providers for all of our product distribution and input materials procurement. In addition, any increase in the charges imposed by the operators of transportation and logistics facilities would significantly impact our costs and results of our operations. Any disruption of any of our transportation routes or facilities may adversely affect our business, financial condition, results of operations and cash flows.

30. Any increase in interest rates would have an adverse effect on our results of operations and will expose our Company to interest rate risks.

We are dependent upon the availability of equity, cash balances and debt financing to fund our operations and growth. Our secured debt has been availed at floating rates of interest. Any fluctuations in interest rates may directly impact the interest costs of such loans and, in particular, any increase in interest rates could adversely affect our results of operations. Furthermore, our indebtedness means that a material portion of our expected cash flow may be required to be dedicated to the payment of interest on our indebtedness, thereby reducing the funds available to us for use in our general business operations. If interest rates increase, our interest payments will increase and our ability to obtain additional debt and non-fund based facilities could be adversely affected with a concurrent adverse effect on our business, financial condition and results of operations. For further details, please refer chapter titled “*Financial Indebtedness*” beginning on page 182 of this DRHP.

31. The Company is yet to place orders for 100% of the plant & machineries and miscellaneous fixed assets for our proposed object of setting up a new manufacturing facility, as specified in the Objects of the Issue. Any delay in placing orders, procurement of plant & machineries and miscellaneous fixed assets may delay our implementation schedule and may also lead to increase in price of these plant & machineries, further affecting our revenue and profitability.

As on the date of this DRHP, we have placed order for plant and machineries amounting to Rs. 851.62 lakhs and we are yet to place orders worth Rs. 259.54 lakhs which constitutes 76.64% of the total estimated cost in relation to the purchase of plant machinery. However we are yet to place any order or enter into any definitive agreements for the purchase of certain plant and machineries and miscellaneous fixed assets required to set up as part of the expansion of our manufacturing facility at Arajai no. 1164-1166, Village Modi, Tehsil Vallabh Nagar, Udaipur (Raj.)– 313602. While we have obtained the quotations from various vendors in relation to such capital expenditure, most of these quotations are valid for a limited period of time and may be subject to revisions, and other commercial and technical factors. The cost of such machinery and equipment may escalate due to changes in import duties, foreign exchange fluctuations, shortage of such machines, or increase in the cost of raw material. We cannot assure you that we will be able to undertake such capital expenditure within the cost indicated by such quotations or that there will not be cost escalations. For details, see “Objects of the Issue - Details of the Objects of the Issue” on page 81. These are based on our estimates and on third-party quotations, which are subject to a number of variables, including possible cost overruns, changes in management’s views of the desirability of current plans, change in supplier of plant & machineries, equipment among others, which may have an adverse effect on our business and results of operations. Further, we cannot assure that we would be able to procure these plant and machineries, or procure the same within budgeted costs and timelines. Delays in acquisition of the same could result in the cost and time overrun in the implementation of the Project, which would have a material adverse effect on our business, results of operations and financial condition. For further details, please refer to the chapter titled “*Objects of the Issue*” beginning on page 81 of this DRHP

32. We have not entered into any long term or definitive agreements with our customers. If our customers choose not to source their requirements from us, our business, financial condition and results of operations may be adversely affected.

We have not entered into any long term or definitive agreements with our customers, and instead rely on purchase orders to govern the volume, pricing and other terms of sales of our products in case of our direct sales. However, such orders may be amended or cancelled prior to finalisation, and should such an amendment or cancellation take place, we may be unable to seek compensation for any surplus unpurchased products that we manufacture. Consequently, there is no commitment on the part of the customer to continue to source their requirements from us, and as a result, our sales from period to period may fluctuate significantly as a result of changes in our customers’ vendor preferences.

Additionally, our customers have high and exacting standards for product quantity and quality as well as delivery schedules. Any failure to meet our customers’ expectations could result in cancellation of orders. There are also a number of factors other than our performance that are beyond our control and that could cause the loss of a customer. Customers may demand price reductions, set-off any payment obligations, require indemnification for themselves or their affiliates, change their outsourcing strategy by moving more work in-house, or replace their existing products with alternative products, any of which may have an adverse effect on our business, results of operations and financial condition.

33. Activities involving our manufacturing process can be dangerous and can cause injury to people or property in certain circumstances. A significant disruption at any of our manufacturing facilities may adversely affect our production schedules, costs, sales and ability to meet customer demand.

Our business operations are subject to hazards such as risk of equipment failure, work accidents, fire or explosion and require individuals to work under potentially dangerous circumstances or with flammable materials. Although we employ safety procedures in the operation of our facilities and maintain what we believe to be adequate insurance, there is a risk that an accident or death may occur in one of our facilities. An accident may result in destruction of property or equipment, environmental damage, manufacturing or delivery delays, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects.

In particular, if operations at our manufacturing facilities were to be disrupted as a result of any significant workplace accident, equipment failure, natural disaster, power outage, fire, explosion, terrorism, adverse weather conditions, labour dispute, obsolescence or other reasons, our financial performance may be adversely affected as a result of our inability to meet customer demand or committed delivery schedules for our products.

Interruptions in production may also increase our costs and reduce our sales, and may require us to make substantial capital expenditures to remedy the situation or to defend litigation that we may become involved in as a result, which may negatively affect our profitability, business, financial condition, results of operations, cash flows and prospects.

34. Our Registered Office and manufacturing facility, corporate office and processing unit are located on leased premises. If we are unable to renew these leases or relocate on commercially suitable terms, it may have a material adverse effect on our business, results of operation and financial condition

Our manufacturing facility and registered situated at Udaipur, rajasthan are located on premises leased from Rajasthan State Industrial Development & Investment Corporation Limited . Further the Corporate office and processing unit are taken on lease by us from third parties for a certain period. For details, please refer chapter titled “Our Business” beginning on page 116 of the DRHP. Though we have entered into long-term lease agreements with respect to these lands, such lease agreements may be terminated early in the event of a default or upon the expiry of their tenure and may not be renewed.. If we do not comply with certain conditions of the lease, the lessor may terminate the lease, which could have an adverse effect on our operations and there can be no assurance that renewal of lease agreement with the owner will be entered into. In the event of non-renewal of lease, we may be required to shift our existing facilities, to a new location and there can be no assurance that the arrangement we enter into in respect of new premises would be on such terms and conditions as the present one. However we have taken NOC from our Corporate promoter/holding company i.e. Sat Industries Limited to use their registered office as rent free space for our corporate office. However we have no assurance that the premises will be shared with any terms and conditions impacting our operations in future.

35. We have certain contingent liabilities that have not been provided for in our Company’s financials which if materialised, could adversely affect our financial condition.

Our contingent liabilities as on June 30,2021 are as under: (Rs. in lakhs)

Particulars	As at June 30, 2021	For the Financial Year ended as on March 31, 2021
Tax Matters	3.93	3.93
Bank Guarantee issued not acknowledged as debts	407.65	407.65
Total	411.58	411.58

In the event any such contingencies mentioned above were to materialize or if our contingent liabilities were to increase in the future, our financial condition could be adversely affected. For further details, see the section entitled “Financial Statements” on page 164 of this DRHP.

36. Our Company has negative cash flows from its operating activities, investing activities as well as financing activities in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.

Our Company had negative cash flows from our operating activities in the previous year(s) as per the Restated Financial Statements and the same are summarized as under:

(Rs. in lakhs)

Particulars	For the period ended, June 30, 2021	For the year ended March 31, 2021	For the year ended March 31, 2020	For the year ended March 31, 2019
Cash Flow from / (used in) Operating Activities	(72.19)	142.23	263.33	332.07
Cash Flow from / (used in) Investing Activities	(21.92)	(236.37)	(87.30)	(97.26)
Cash Flow from / (used in) Financing Activities	(15.62)	85.71	(166.32)	(161.43)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows in future, it may adversely affect our business and financial operations.

37. *Failure or disruption of our IT and/or business resource planning systems may adversely affect our business, financial condition, results of operations, cash flows and prospects.*

We have implemented various information technology (“IT”) and/or business resource planning systems to cover key areas of our operations. We are dependent on technology in relation to customer order management and dispatches, financial accounting and scheduling raw material purchase and shipments. We rely on our IT infrastructure to provide us with connectivity and data backup across our locations and functions. While the business resource planning systems that we have implemented have enabled us to improve our working capital cycles, despite an increase in our sales over the period, we can provide no assurance that we will be able to do so in the future.

We believe that we have deployed adequate IT disaster management systems including data backup and retrieval mechanisms, at our manufacturing facilities and registered office. However, any failure or disruption in the operation of these systems or the loss of data due to such failure or disruption (including due to human error or sabotage) may affect our ability to plan, track, record and analyze work in progress and sales, process financial information, manage our creditors, debtors and hedging positions, or otherwise conduct our normal business operations, which may increase our costs and otherwise adversely affect our business, financial condition, results of operations and cash flows.

38. *Our inability to effectively manage our growth or to successfully implement our business plan and growth strategies could have an adverse effect on our business, results of operations and financial condition. The success of our business will depend greatly on our ability to effectively implement our business and growth strategies.*

Our growth strategies requires us to develop and strengthen relationships with existing customers for our business who may drive high volume orders on an ongoing basis. To remain competitive, we seek to increase our business from existing customers and by adding new customers, as well as expanding into new geographical markets.

- Our success in implementing our growth strategies may be affected by:
- our ability to maintain the quality of our products;
- our ability to increase our manufacturing capacities;
- our ability to increase our geographic presence and explore international presence;
- the general condition of the global economy (particularly of India and the other markets that we currently or may operate in);
- our ability to compete effectively with existing and future competitors,

- changes in the Indian or international regulatory environment applicable to us.

.Many of these factors are beyond our control and there is no assurance that we will succeed in implementing our strategies. While we have successfully executed our business strategies in the past, there can be no assurance that we will be able to execute our strategies on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could adversely impact our results of operations. We expect our growth strategies to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and growth strategies could have a material adverse effect on our business, financial condition and profitability.

39. *An inability to address changing industry standards and consumer trends may adversely affect our business, results of operations and financial condition.*

The future success of our business will depend in part on our ability to respond to technological advances, consumer preferences and emerging industry standards and practices in a cost-effective and timely manner. The development and implementation of such new technology entails technical and business risks. We may have to incur substantial capital investment to upgrade our equipment and manufacturing facilities. While we continue to invest in various product development initiatives, adopt enhanced technologies and processes for the development of new products, we are subject to general risks associated with introduction and implementation of new products including the lack of market acceptance and delays in product development. There can be no assurance that we will be able to successfully develop new products or that such new products will receive market acceptance or adapt our manufacturing processes to incorporate new technologies or address changing consumer trends or emerging industry standards. Any rapid change in the expectations of our customers, in our business on account of changes in technology or introduction of new alternate products could adversely affect our business, results of operations and financial condition.

40. *If we are unable to source business opportunities effectively, we may not achieve our financial objectives.*

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

41. *Compliance with, and changes in, safety, health and environmental laws and regulations may adversely affect our business, prospects, financial condition and results of operations.*

Due to the nature of our business, we expect to be or continue to be subject to extensive and increasingly stringent environmental, health and safety laws and regulations and various labour, workplace and related laws and regulations. We are also subject to environmental laws and regulations, including but not limited to:

- Environment (Protection) Act, 1986
- Air (Prevention and Control of Pollution) Act, 1981
- Water (Prevention and Control of Pollution) Act, 1974
- Hazardous Waste Management & Handling Rules, 2008
- Other regulations promulgated by the Ministry of Environment and Forests and the Pollution Control Boards of the state of Rajasthan

which govern the discharge, emission, storage, handling and disposal of a variety of substances that may be used in or result from the operations of our business.

The scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted and hence the costs and management time required to comply with these requirements could be significant. Amendments to such statutes may impose additional provisions to be followed by our Company and accordingly the Company needs to incur clean-up and remediation costs, as well as damages, payment of fines or other penalties, closure of production facilities for non-compliance, other liabilities and related litigation, could adversely affect our business, prospects, financial condition and results of operations.

Further our expansion plans remain subject to the potential problems and uncertainties that manufacturing projects face. Problems that could adversely affect our expansion plans include the possibility of unanticipated future regulatory restrictions, delays in receiving governmental, statutory and other regulatory approvals, environment and ecology costs and other external factors which may not be within the control of our management. Any inordinate delay or refusal in obtaining the necessary licenses/approvals from any government authorities may even lead to closure of our business.

42. *Our lenders have charge over our movable and immovable properties in respect of finance availed by us.*

We have provided security in respect of loans / facilities availed by us from banks and financial institutions by creating a charge over our movable and immovable properties. The total amounts outstanding and payable by us as secured loans were Rs. 626.45 lakhs as on June 30, 2021. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further information, please refer chapter titled “*Financial Indebtedness*” on page 182 of this DRHP.

43. *Our loan agreements with various lenders have several restrictive covenants and certain unconditional rights in favour of the lenders, which could influence our ability to expand, in turn affecting our business and results of operations.*

We have entered into agreements for short term and long term borrowings with certain lenders. As on June 30, 2021 an aggregate of Rs. 1240.87 lakhs as short term loans and Rs. 89.67 lakhs as long term loans was outstanding towards loans availed from banks and financial institutions. The credit facilities availed by our Company are secured by way of mortgage of fixed assets, hypothecation of current assets (both present and future), and personal guarantees given by our promoter, Director and promoter group company. In case we are not able to pay our dues in time, the same may amount to a default under the loan documentation and all the penal and termination provisions therein would get triggered and the loans granted to the Company may be recalled with penal interest. This could severely affect our operations and financial condition. In addition to the above, our loan documentation includes certain conditions and covenants that require us to obtain consents from the aforesaid banks prior to carrying out certain activities like entering into any amalgamation, demerger, merger and corporate reconstruction, changing our management and operating structure, making any fresh borrowings or creating fresh charges on assets, etc. Any failure to comply with any condition or covenant under our financing agreements that is not waived by the lending banks or is not otherwise cured by us, may lead to a termination of our credit facilities, acceleration of all amounts due under the said credit facility, which may adversely affect our ability to conduct our business and operations or implement our business plans. Further, the said credit facilities can be renewed/enhanced/cancelled/suspended/reduced and the terms and conditions of the same can be altered by the lending banks, at their discretion. In the event, the lending banks refuse to renew / enhance the credit facilities and/or cancels / suspends / reduces the said credit facilities and/or alters the terms and conditions to the derogation of our Company, our existing operations as well as our future business prospects and financial condition may be severely affected.

44. *Unsecured loans taken by our Company can be recalled by the lenders at any time.*

As on June 30, 2021 our Company has unsecured loans amounting to Rs.555.08 lakhs from banks and NBFCS that are repayable on demand to the relevant lender. These loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. In such cases, our Company may be required to repay the entirety of the unsecured loans together with accrued interest. Our Company may not be able to generate sufficient funds at short notice to be able to repay such loans and may resort to refinancing such loans at a higher rate of interest and on terms not favourable to it. Failure to repay unsecured loans in a timely manner may have a material adverse effect on our business, cash flows and financial condition. For further details of unsecured loans of our Company, please refer the chapter titled “*Financial Statements as Restated*” beginning on page 164 of this DRHP.

45. *We could become liable to customers, suffer adverse publicity and incur substantial costs as a result of defects in our products, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.*

Any failure or defect in our products could result in a claim against us for damages, regardless of our responsibility for such a failure or defect. We currently carry no products liability insurance with respect to our products. Although we attempt to maintain quality standards, we cannot assure that all our products would be of uniform quality, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity. Further, our business is dependent on the trust our customers have in the quality of our products. Any negative publicity regarding our company, brand, or

products, including those arising from a drop in quality of merchandise from our vendors, mishaps resulting from the use of our products, or any other unforeseen events could affect our reputation and our results from operations.

46. *Reliance has been placed on declarations and affidavits furnished by certain of our Directors for details of their profiles included in this DRHP*

Our Whole-time Director Mr. Hakim Tiddiwala is unable to trace copies of certain documents pertaining to their educational qualifications and experience certificate. While the aforementioned Director has taken the requisite steps to obtain the relevant supporting documentation, including by making written requests and applications to their respective educational institutions, they have been unsuccessful in procuring the relevant supporting documentation.

Accordingly, the Book Running Lead Manager have placed reliance on declarations, undertakings and affidavits furnished by these Directors to disclose details of their educational qualifications in this DRHP and we have not been able to independently verify these details in the absence of primary documentary evidence. Further, there can be no assurances that such Directors will be able to trace the relevant documents pertaining to their educational qualifications in the future, or at all. Therefore, we cannot assure you that all or any of the information relating to the educational qualifications of certain of our Directors included in “Our Management” on page 143 are complete, true and accurate.

47. *Information relating to the installed manufacturing capacity of our manufacturing facilities included in this DRHP are based on various assumptions and estimates and future production and capacity may vary.*

Information relating to the installed manufacturing capacity of our facility included in this Draft Red Herring Prospectus are based on various assumptions and estimates of our management that have been taken into account by our statutory auditor in the calculation of the installed manufacturing capacity of our manufacturing facilities. These assumptions and estimates include the standard capacity calculation practice of FIBC and packaging industry after examining the equipment installed at the facilities, the period during which the manufacturing facilities operated in a year/ period, expected operations, availability of raw materials, expected utilization levels, downtime resulting from scheduled maintenance activities, unscheduled breakdowns, as well as expected operational efficiencies. For further information, see “Our Business - Capacity and Capacity Utilization” on page 122. Further, the installed capacity, capacity utilisation and other related information may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to capacity information that may be computed and presented by other FIBC, Jumbo bangs, bulk container/ packaging companies. Undue reliance should therefore not be placed on our historical installed capacity information for our existing facilities included in this Draft Red Herring Prospectus.

48. *Our Promoter, director and member of the Promoter Group have provided personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.*

Our Promoter, director and member of the Promoter Group have provided personal guarantees in relation to certain loan facilities availed of by us. In the event that any of these guarantees are revoked, the lenders for such facilities may require alternate guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facilities. We may not be successful in procuring alternative guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial condition.

49. *Our Promoter, Directors and KMP has interests in our Company other than the reimbursement of expenses and normal remuneration or benefits. Any such interests may result in a conflict of interest, which may have an adverse effect on our business.*

Our Corporate Promoter, directors, and KMP may be deemed to be interested in our Company, in addition to regular remuneration or benefits and reimbursements of expenses, to the extent of Equity Shares held by them, their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company, and to the extent of sitting fee payable to them for attending each of our Board and Committee meetings. Further, our Promoter is also holding company and our directors are also directors of our Group Company and they may be deemed to be interested to the extent of the payments made by our Company, if any, to/from these Group Company. Therefore, some of the above interests may conflict with the duties of these persons as Promoters / Directors of the Company. For further details, please see the chapters titled “Our Management” and “Our Promoters and Promoter Group” beginning on pages 143 and 156, respectively of

this DRHP.

- 50. *Our success depends largely upon the services of our Directors, Promoter and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.***

Our success is substantially dependent on the expertise and services of our Directors, Promoters and our Key Managerial Personnel. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our future performance will depend upon the continued services of these persons. Demand for Key Managerial Personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations.

- 51. *Our insurance policies do not cover all risks, specifically risks like product defect/liability risk, loss of profits and terrorism. In the event of the occurrence of such events, our insurance coverage may not adequately protect us against possible risk of loss.***

Our Company has obtained insurance coverage in respect of certain risks. Our significant insurance policies consist of, among others: (i) Standard fire & special perils policy (ii) Marine cargo open policy, and (iii) Money insurance policy (iv) Burglary Policy (v) Marine open Inland policy, (vi) Marine open Export Policy. These insurance policies are renewed periodically to ensure that the coverage is adequate. Our insurance covers our manufacturing facility and processing Unit.. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks like product defect/liability risk, loss of profits, losses due to terrorism, etc. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance has been availed. If we suffer a significant uninsured loss or if insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected.

- 52. *Italica Furniture Private limited, our Group Company is permitted to carry on business activities similar to our business. This may be a potential source of conflict of interest for us and which may have an adverse effect on our business, financial condition and results of operations.***

One of our Group Company, Italica Furniture Private Limited pursuant to the provisions of its memorandum of association is authorized to do some of the objects similar to that of our Company's business and also of our Promoter/holding Company, and could offer products that are related to the business of our Company. However currently it is not engaged in similar line of activities as that of our company but we cannot guarantee that in future conflicts of interests may arise in allocating business opportunities amongst our Company, our Promoter/holding Company, our Group Company and member of promoter group in circumstances where our respective interests diverge. In cases of conflict, our Promoter may favour other companies or ventures in which our Promoter has interest. There can be no assurance that our Promoters or our Group Company or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Further our directors could also be directors of other companies which has similar object to that of our Company's business and also of our Promoter/holding Company, and could offer products that are related to the business of our Company. There can be no assurance that our directors will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition.

- 53. *We have in the past entered into related party transactions and may continue to do so in the future.***

Our Company has entered into various transactions with our Promoter, Promoter Group, Directors and their relatives. While we believe that all such transactions are conducted on arm's length basis, there can be no assurance that we could not have achieved more favorable terms had such transactions were not entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operation. For details on the transactions entered by us, please refer to chapter "Related Party Transactions" beginning on page 162 of the DRHP.

- 54. *Our success depends largely upon the services of our Directors, Promoters and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.***

Our success is substantially dependent on the expertise and services of our Directors, Promoters and our Key Managerial Personnel. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our future performance will depend upon the continued services of these persons. Demand for Key Managerial Personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations.

- 55. *Industry information included in this DRHP has been derived from industry reports and annual reports of various listed players of our industry. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.***

We have relied on the reports of certain independent third party and annual reports of various listed players of our industry for purposes of inclusion of such information in this DRHP. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this DRHP.

- 56. *We have not made alternate arrangements for meeting our capital requirements for the Objects of the Issue. Further we have not identified any alternate source of financing the ‘Objects of the Issue’. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.***

As on date, we have not made any alternate arrangements for meeting our capital requirements for the objects of the Issue. We meet our capital requirements through our bank finance, unsecured loans, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the Issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details please refer to the chapter titled “*Objects of the Issue*” beginning on page 81 of this DRHP.

- 57. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.***

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “*Dividend Policy*” on page 163 of this DRHP

58. Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders' approval.

Our Company intends to use Net Proceeds raised pursuant to the Fresh Issue in the manner set out in the section titled “*Objects of the Issue*” on page 81. In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds as disclosed in this DRHP without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

59. Within the parameters as mentioned in the chapter titled ‘Objects of the Issue’ beginning on page 81 of this DRHP, our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.

We intend to use the Net Proceeds for the purposes described in “*Objects of the Issue*” beginning on page 81. Our funding requirements are based on management estimates and our current business plans and has not been appraised by any bank or financial institution. We may have to reconsider our estimates or business plans due to changes in underlying factors, some of which are beyond our control, such as the continuing impact of the COVID-19 pandemic, interest or exchange rate fluctuations, increase in input costs, labour costs, logistics and transport costs, taxes and duties, regulatory costs, environmental factors and other external factors. Accordingly, prospective investors in the Issue will need to rely upon our management's judgment with respect to the use of the Net Proceeds. If we are unable to deploy the Net Proceeds in a timely or an efficient manner, it may affect our business and results of operations.

Further the deployment of the Net Proceeds will be at the discretion of our Board. Accordingly, within the parameters as mentioned in the chapter titled ‘*Objects of the Issue*’ beginning on page 81 of this DRHP, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue. However, Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. Further in accordance with section 27 of the Companies Act, 2013, a company shall not vary the objects of the Issue without our Company being authorised to do so by our shareholders by way of special resolution and other compliances in this regard. Our Promoters and controlling shareholder shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

60. The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.

Since the Issue size is less than Rs.10,000 lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

61. Our Promoter will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.

After completion of the Issue, our Promoter which is also our holding company will collectively significant percentage of the Equity Shares. As a result, our Promoter will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

62. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

63. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange could lead to imposition of huge penalties, if any including suspension of trading, imposed by Stock Exchange.

Issue Specific Risks

64. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The Issue Price of our Equity Shares has been determined by book building method. The price is based on numerous factors (For further information, please refer chapter titled "*Basis for Issue Price*" beginning on page 91 of this DRHP) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- changes in revenue or earnings estimates or publication of research reports by analysts;
- results of operations that vary from those of our competitors;
- speculation in the press or investment community;
- new laws and governmental regulations applicable to our industry;
- future sales of the Equity Shares by our shareholders;
- general market conditions; and
- domestic and international economic, legal and regulatory factors unrelated to our performance.

65. *The average cost of acquisition of Equity Shares by our Promoters could be lower than the floor price.*

Our Promoters' average cost of acquisition of Equity Shares in our Company may be lower than the Floor Price of the Price Band as may be decided by the Company in consultation with the BRLM. For further details regarding average cost of acquisition of Equity Shares by our Promoters' in our Company and built-up of Equity Shares by our Promoters in our Company, please refer to the chapter titled "*Capital Structure*" on page 64 of this DRHP.

66. *Our Equity Shares have never been publicly traded, and may experience price and volume fluctuations following the completion of the Issue. Further, our Equity Shares may not result in an active or liquid market and the price of our Equity Shares may be volatile and you may be unable to resell your Equity Shares at or above the Issue Price or at all.*

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for our Equity Shares will develop or, if developed, does not guarantee the liquidity of such market for the Equity Shares. Investors might not be able to rapidly sell the Equity Shares at the quoted price if there is no active trading in the Equity Shares. The Issue Price of the Equity Shares has been determined by our Company in consultation with the BRLM through the Book Building Process. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

67. *Fluctuations in the exchange rate of the Rupee and other currencies could have a material adverse effect on the value of the Equity Shares, independent of our operating results.*

The Equity Shares would be quoted in Rupees on the Emerge Platform of NSE Limited. Any dividends in respect of the Equity Shares will be paid in Rupees and subsequently converted into appropriate foreign currency for repatriation. Any adverse movement in exchange rates during the time it takes to undertake such conversion may reduce the net dividend to investors. In addition, any adverse movement in exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the net proceeds received by shareholders.

The exchange rate of the Rupee has changed substantially in the last two decades and could fluctuate substantially in the future, which may have a material adverse effect on the value of the Equity Shares and returns from the Equity Shares, independent of our operating results.

68. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Any gain realized in excess of ₹ 1,00,000/- on the sale of listed equity shares on a stock exchange held for more than 12 months will be subject to long term capital gains tax in India at the specified rates in case STT was paid on the sale transaction. Accordingly, you may be subject to payment of long term capital gains tax in India, in addition to payment of Securities Transaction Tax ("STT"), on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

69. *Our future funds requirements, in the form of fresh issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any fresh issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

70. *Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.*

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to

maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution. However, if the laws of the jurisdiction the investors are located in do not permit them to exercise their pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor's benefit. The value the custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emptive rights granted in respect of the Equity Shares held by them, their proportional interest in us would be reduced.

71. *Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.*

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as shareholder in an Indian company than as a shareholder of an entity in another jurisdiction.

72. *QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/Issue Period and withdraw their Bids until Bid/Issue Closing Date. While our Company is required to complete Allotment pursuant to the Issue within six Working Days from the Bid/Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, cash flows, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

73. *There is no guarantee that our Equity Shares will be listed on the Emerge Platform of National Stock Exchange of India Limited in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue.

In accordance with current regulations and circulars issued of SEBI, our Equity Shares are required to be listed on the Emerge Platform of NSE Limited within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

74. *The requirements of being a listed company may strain our resources.*

We are not a listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations which will require us to file audited annual and limited reviewed half yearly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies.

Further, as a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire

additional legal and accounting staff with appropriate experience and technical accounting knowledge, but we cannot assure you that we will be able to do so in a timely and efficient manner.

External Risk Factors

75. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located elsewhere, including India. Adverse economic developments, such as rising fiscal or trade deficit, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the countries in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations and financial condition. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

76. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

77. Foreign investors are subject to foreign investment restrictions under Indian laws that may limit our ability to attract foreign investors, which may have a material adverse impact on the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. For further details, see "Restrictions on Foreign Ownership of Indian Securities" on page 229. If the transfer of shares is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, Government of India, investments where the beneficial owner of the Equity Shares is situated in or is a citizen of a country which shares land border with India, can only be made through the Government approval route, as prescribed in FDI Policy. These investment restrictions shall also apply to subscribers of offshore derivative instruments. We cannot assure you that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all.

78. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of

India. India's sovereign ratings have recently been downgraded. For instance, our credit rating was downgraded by Moody's from Baa2 with a "negative" outlook to Baa3 with a "negative" outlook and by Fitch from BBB- with a "stable" outlook to BBB- with a "negative" outlook. Any further adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favorable terms and consequently adversely affect our business and financial performance and the price of the Equity Shares.

79. *The occurrence of natural or man-made disasters could adversely affect our results of operations and financial condition. Hostilities, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business.*

Natural disasters (such as typhoons, flooding and earthquakes), epidemics, pandemics such as COVID-19, acts of war, terrorist attacks and other events, many of which are beyond our control, may lead to economic instability, including in India or globally, which may in turn materially and adversely affect our business, financial condition and results of operations. Our operations may be adversely affected by fires, natural or man-made disasters and/or severe weather, which can result in damage to our property or inventory and generally reduce our productivity and may require us to evacuate personnel and suspend operations. Any terrorist attacks or civil unrest as well as other adverse social, economic and political events in India or countries to who we export our products could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the price of the Equity Shares.

80. *Significant differences exist between Indian GAAP and other accounting principles, such as Ind AS, U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with SEBI ICDR Regulations contained in this DRHP.*

As stated in the reports of the Auditor included in this DRHP under chapter "Financial Statements" beginning on page 164 the financial statements included in this DRHP are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this DRHP to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and Ind AS, U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this DRHP. Accordingly, the degree to which the financial information included in this DRHP will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in this DRHP should accordingly be limited.

81. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business, financial condition and results of operations.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy.. For instance, The Finance Act, 2020 ("Finance Act"), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax ("DDT"), will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident and likely be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

Further, the Finance Act, 2019 stipulates any sale, transfer and issue of securities through exchanges, depositories or otherwise to be charged with stamp duty. The Finance Act, 2019 has also clarified that the

liability to pay stamp duty in case of sale of securities through stock exchange will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures, on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. As such, there is no certainty on the impact that the Finance Act, 2019 may have on our Company's business and operations.

Further, the Government of India has announced the union budget for Fiscal 2022, which is yet to be notified. As such, there is no certainty on the impact that the proposed Finance Act, 2021 may have on our business and operations or on the industry in which we operate.

In addition, unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs relating to compliance with such new requirements, which may also require management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

82. *Investors may not be able to enforce a judgment of a foreign court against us.*

Our Company is a company incorporated under the laws of India. All our Company's Directors and officers are residents of India and all of our assets are located in India. As a result, it may not be possible for investors to effect service of process upon our Company or such persons in jurisdictions outside India, or to enforce judgments obtained against such parties outside India. Furthermore, it is unlikely that an Indian court would enforce foreign judgments if that court was of the view that the amount of damages awarded was excessive or inconsistent with public policy, or if judgments are in breach or contrary to Indian law. In addition, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI to execute such a judgment or to repatriate outside India any amounts recovered.

83. *If inflation were to rise in India, we might not be able to increase the prices of our products at a proportional rate in order to pass costs on to our clients thereby reducing our margins.*

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of transportation, wages, raw materials and other expenses relevant to our business. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our clients, whether entirely or in part, and may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or entirely offset any increases in costs with increases in prices for our products. In such case, our business, results of operations, cash flows and financial condition may be adversely affected. Further, the Government has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

84. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur again and could impact our business, our future financial performance and the prices of the Equity Shares.

BOOK BUILDING PROCESS

Book building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band has been determined by our Company in consultation with the BRLM in accordance with the Book Building Process, and advertised in all editions of a widely circulated English Newspaper, [●], all editions of a widely circulated Hindi Newspaper, [●] and a [●] edition of widely circulated [●] regional Newspaper, [●] being the regional language of Rajasthan, Udaipur, where our registered office is situated at least two working days prior to the Bid/ Issue Opening date. The Issue Price has been determined by our Company in consultation with the BRLM in accordance with the Book Building Process after the Bid/Issue Closing Date. Principal parties involved in the Book Building Process are:-

- Our Company;
- The Book Running Lead Manager in this case being Pantomath Capital Advisors Private Limited,

- The Syndicate Member(s) who are intermediaries registered with SEBI/ registered as brokers with [●] Limited and eligible to act as Underwriters. The Syndicate Member(s) was appointed by the BRLM;
- The Registrar to the Issue
- The Escrow Collection Banks/ Bankers to the Issue;
- The Sponsor Bank(s);
- The Designated Intermediaries

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Offer by providing details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by SCSBs. In addition to this, the RIBs may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs; or (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

For further details on the method and procedure for Bidding, see “Issue Structure” and “Issue Procedure” on pages 209 and 211, respectively.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in this Issue.

Illustration of Book Building and Price Discovery Process (Investors should note that this example is solely for illustrative purposes and is not specific to the issue) Bidders can bid at any price within the price band. For instance, assume a price band of ₹ 20.00 to ₹ 24.00 per equity share, issue size of 3,000 equity shares and receipt of five bids from bidders, details of which are shown in the table below. A graphical representation of the consolidated demand and price would be made available at the bidding centers during the bidding period. The illustrative book below shows the demand for the equity shares of the issuer company at various prices and is collated from bids received from various investors.

Bid Quantity	Bid Price (₹)	Cumulative Bid Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the issuer is able to issue the desired number of shares is the price at which the book cuts off, i.e., Rs. 22/- in the above example. The Issuer in consultation with the Book Running Lead Manager will finalize the issue price at or below such cut-off price, i.e., at or below Rs. 22/-. All bids at or above this issue price and cut-off bids are valid bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

1. Check eligibility for making a Bid (see section titled “Issue Procedure” on page 211 of this Draft Red Herring Prospectus);
2. Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
3. Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
4. Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.

5. Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form.

DETAILS OF THE MARKET MAKING ARRANGEMENT

Our Company and the Book Running Lead Manager have entered into an agreement dated [•], with the following Market Maker, duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making.

Asnani Stock Broker Private Limited

103, Sindhi Colony, Pratap Nagar, Chittorgarh-312001, Rajasthan

Tel: +91 9351412345, 01472-244973, 246343

Fax: NA

Email: asnani@asnanionline.com, vinod@asnanionline.com

Contact Person: Vinod Asnani

SEBI Registration Number: INZ000190431

Asnani Stock Broker Private Limited, registered with EMERGE platform of National Stock Exchange of India Limited will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, as amended from time to time and the circulars issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and the buy quote) shall not be more than 10% or as specified by the stock exchange from time to time and the same shall be updated in Prospectus. Further, the Market Maker(s) shall inform the Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of National Stock Exchange of India Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of [•]/- the minimum lot size is [•] Equity Shares thus minimum depth of the quote shall be Rs. [•]/- until the same, would be revised by National Stock Exchange of India Limited.

4. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our Company reaches to 25% of Issue Size (including the [●] Equity Shares out to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduce to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.
5. There shall be no exemption / threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, National Stock Exchange of India Limited may intimate the same to SEBI after due verification.
6. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
7. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, [●] is acting as the sole Market Maker.
8. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity share on the Stock Exchange.
9. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on EMERGE Platform of National Stock Exchange of India Limited and market maker will remain present as per the guidelines mentioned under National Stock Exchange of India Limited and SEBI circulars.
10. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to Rs. 250 crores, the applicable price bands for the first day shall be:
 - i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The following spread will be applicable on the SME Exchange Platform.

No.	Market Price Slab (In Rs.)	Proposed spread (in % to sale price)
1	Up to 50	9
2	50 to 75	8
3	75 to 100	6
4	Above 100	5

11. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
12. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Book Running Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations

applicable at that particular point of time. The Market Making Agreement is available for inspection at our Registered Office from 11.00 a.m. to 5.00 p.m. on working days.

13. National Stock Exchange of India Limited will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. National Stock Exchange of India Limited can impose any other margins as deemed necessary from time-to-time.
14. National Stock Exchange of India Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.

15. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Makers during market making process has been made applicable, based on the issue size and as follows:

Issue size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crore	25%	24%
Rs. 20 crore to Rs. 50 crore	20%	19%
Rs. 50 to Rs. 80 crore	15%	14%
Above Rs. 80 crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / National Stock Exchange of India Limited from time to time.

16. All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

**1 Equity share each held by the Nominees on behalf of our Promoter of our Company

- All the Equity Shares held by our Promoter were fully paid-up on the respective dates of allotment or acquisition, as applicable, of such Equity Shares.
- None of the Equity Shares held by our Promoter are pledged.

ii. Details of Promoter's Contribution locked in for three years :

Pursuant to Regulation 236 and 238 of SEBI ICDR Regulations, an aggregate of 20% of the post-Issue Equity Share capital of our Company held by our Promoter, Sat Industries Limited shall be considered as Promoter's Contribution ("Promoters Contribution") and shall be locked-in for a period of three years from the date of Allotment of Equity Shares issued pursuant to this Issue. The lock-in of the Promoter's Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

Our Promoter have given written consent to include such number of Equity Shares held by them and subscribed by them as a part of Promoter's Contribution constituting 20% of the post Issue Equity Shares of our Company

and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters Contribution, for a period of three years from the date of allotment in the Issue. The Equity Shares which are being locked in for 3 (three) years from the date of Allotment are as follows:

No. of Equity Shares Locked in*	Face Value (in ₹)	Issue/ Acquisition Price	Date of Allotment/Acquisition and when made fully paid-up	Nature of Allotment/ Transfer	% of post-Issue paid-up capital**	Lock in period
Sat Industries Limited						
[•]	[•]	[•]	[•]	[•]	[•]	[•]
Total	[•]	[•]	[•]	[•]	[•]	[•]

* All the Equity Shares were fully paid-up on the respective dates of allotment or acquisition, as the case may be, of such Equity Shares.

** Subject to finalisation of Basis of Allotment.

The Minimum Promoter's Contribution has been brought in to the extent of not less than the specified minimum lot and from the persons defined as 'promoter' under the SEBI ICDR Regulations. The Equity Shares that are being locked in are not ineligible for computation of Promoter's Contribution in terms of Regulation 237 of the SEBI ICDR Regulations. In this connection, we confirm the following:

- i The Equity Shares Issued for minimum 20% Promoter's Contribution have not been acquired in the three years preceding the date of this Prospectus for consideration other than cash and revaluation of assets or capitalization of intangible assets nor resulted from a bonus issue out of the revaluation reserves or unrealized profits of the Company or against Equity Shares which are otherwise ineligible for computation of Promoters' contribution;
- ii The minimum Promoter's Contribution does not include Equity Shares acquired during the one year preceding the date of this Prospectus at a price lower than the Issue Price;
- iii No Equity shares have been issued to our promoter upon by the conversion of a partnership firm or a limited liability partnership firm into a company in the preceding one year and hence, no Equity Shares have been issued in the one year immediately preceding the date of this Draft Red Herring Prospectus pursuant to conversion from a partnership firm or a limited liability partnership firm;
- iv The Equity Shares held by the Promoter and offered for minimum Promoter's contribution are not subject to any pledge
- v All the equity shares of our Company held by the Promoter are dematerialized except for 2 Equity shares held by the nominees on behalf of Promoter
- iii. Equity Shares for which specific written consent has not been obtained from the respective shareholders for inclusion of their subscription in the Promoter's Contribution subject to lock-in.
- iv. **Details of share capital locked in for one year**

Other than the above Equity Shares that would be locked in for 3 (three) years, the entire pre-Issue capital of our Company would be locked-in for a period of 1 (one) year from the date of Allotment in the Issue pursuant to Regulation 238(b) and 239 of the SEBI ICDR Regulations.

v. Other requirements in respect of lock-in

Pursuant to Regulation 242 of the SEBI ICDR Regulations, the locked-in Equity Shares held by the Promoter, as specified above, can be pledged only with scheduled commercial banks or public financial institutions as collateral security for loans granted by such scheduled commercial banks or public financial institution, provided that the pledge of the Equity Shares is one of the terms of the sanction of the loan.

Provided that securities locked in as Promoter's Contribution for 3 years under Regulation 242(a) of the SEBI ICDR Regulations may be pledged only if, in addition to fulfilling the above requirement, the loan has been granted by such scheduled commercial bank or public financial institution for the purpose of financing one or more of the objects of the Issue.

The Equity Shares held by the Promoter may be transferred to the Promoter Group or to new promoters or persons

in control of our Company subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the SEBI Takeover Regulations.

Further, pursuant to Regulation 243 of the SEBI ICDR Regulations, the Equity Shares held by persons other than the Promoter prior to the Issue may be transferred to any other person holding the Equity Shares which are locked-in as per Regulation 239 of the SEBI ICDR Regulations, provided that lock-in on such Equity Shares will continue for the remaining period with the transferee and such transferee shall not be eligible to transfer such Equity Shares till the lock-in period stipulated under the SEBI ICDR Regulations has ended, subject to compliance with the SEBI Takeover Regulations, as applicable.

A Review of Global Economy

The outlook for the global economy has darkened. Global financing conditions have tightened, industrial production has moderated, trade tensions remain elevated and some large emerging market and developing economies have experienced significant financial market stress. Faced with these headwinds, the recovery in emerging market and developing economies has lost momentum. Downside risks have become more acute and include the possibility of disorderly financial market movements. More frequent severe weather events would raise possibility of large swings in international food prices, which could deepen poverty. In this difficult environment, it is of paramount importance for emerging market and developing economies to rebuild policy buffers while laying a stronger foundation for future growth by boosting human capital, promoting trade integration and addressing challenges associated with informality.

The COVID-19 pandemic has spread with alarming speed, infecting millions and bringing economic activity to a near-standstill as countries imposed tight restrictions on movement to halt the spread of the virus. As the health and human toll grows, the economic damage is already evident and represents the largest economic shock the world has experienced in decades.

The June 2020 Global Economic Prospects describes both the immediate and near-term outlook for the impact of the pandemic and the long-term damage it has dealt to prospects for growth. The baseline forecast envisions a 5.2 percent contraction in global GDP in 2020, using market exchange rate weights—the deepest global recession in decades, despite the extraordinary efforts of governments to counter the downturn with fiscal and monetary policy support. Over the longer horizon, the deep recessions triggered by the pandemic are expected to leave lasting scars through lower investment, an erosion of human capital through lost work and schooling, and fragmentation of global trade and supply linkages.

The crisis highlights the need for urgent action to cushion the pandemic’s health and economic consequences, protect vulnerable populations, and set the stage for a lasting recovery. For emerging market and developing countries, many of which face daunting vulnerabilities, it is critical to strengthen public health systems, address the challenges posed by informality, and implement reforms that will support strong and sustainable growth once the health crisis abates.

Global economic growth exhibited signs of sluggishness in FY 20 driven by weakness in a few emerging economies resulting in slower global manufacturing and trade. The concerns around Brexit and the continuing trade war between United States and China provided additional stimulus to already dampening global Macroeconomic conditions. The International Monetary Fund (IMF), in its World Economic Outlook, April 2020, calculated a global economic growth of 2.9% in CY2019, a significant fall from 3.6% in CY2018. Following the outbreak of COVID-19, global economy charted an unprecedented curve, multiplexed by uncertainties. Most of the economies across the world have been severely impacted due to restriction of movement, crippling trade, and businesses. While it is difficult to predict the course of the pandemic and its economic consequences, a recovery in medium term is likely to depend on emergency macro policy interventions by various countries and emergence

of a vaccine for COVID-19. Potential disruptions in developed economies with imposition of tariffs, embargoes, and other trade restrictions or controls and high volatility of commodity prices including oil and metals can further hamper the near-term outlook. IMF projects the global growth rate to shrink by 3% in CY2020. However, if the pandemic is contained by the second half of CY2020, it suggests the global economy will likely grow by 5.8% in CY2021, supported by fiscal and monetary measures

Historic contraction of per capita income

The pandemic is expected to plunge most countries into recession in 2020, with per capita income contracting in the largest fraction of countries globally since 1870. Advanced economies are projected to shrink 7 percent. That weakness will spill over to the outlook for emerging market and developing economies, who are forecast to contract by 2.5 percent as they cope with their own domestic outbreaks of the virus. This would represent the weakest showing by this group of economies in at least sixty years.

Every region is subject to substantial growth downgrades. East Asia and the Pacific will grow by a scant 0.5%. South Asia will contract by 2.7%, Sub-Saharan Africa by 2.8%, Middle East and North Africa by 4.2%, Europe and Central Asia by 4.7%, and Latin America by 7.2%. These downturns are expected to reverse years of progress toward development goals and tip tens of millions of people back into extreme poverty.

Emerging market and developing economies will be buffeted by economic headwinds from multiple quarters: pressure on weak health care systems, loss of trade and tourism, dwindling remittances, subdued capital flows, and tight financial conditions amid mounting debt. Exporters of energy or industrial commodities will be particularly hard hit. The pandemic and efforts to contain it have triggered an unprecedented collapse in oil demand and a crash in oil prices. Demand for metals and transport-related commodities such as rubber and platinum used for vehicle parts has also tumbled. While agriculture markets are well supplied globally, trade restrictions and supply chain disruptions could yet raise food security issues in some places.

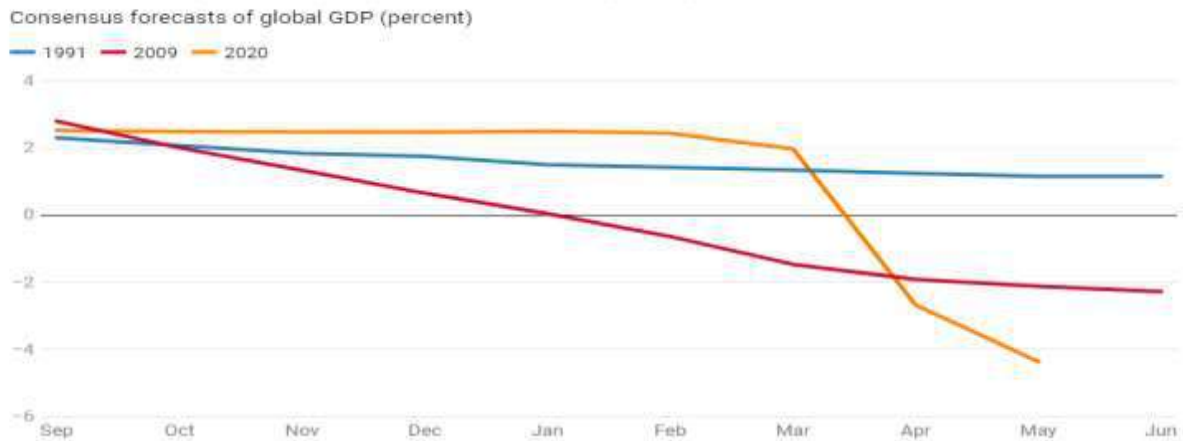

Even this bleak outlook is subject to great uncertainty and significant downside risks. The forecast assumes that the pandemic recedes in such a way that domestic mitigation measures can be lifted by mid-year in advanced economies and later in developing countries, that adverse global spillovers ease during the second half of 2020, and that widespread financial crises are avoided. This scenario would envision global growth reviving, albeit modestly, to 4.2% in 2021.

However, this view may be optimistic. Should COVID-19 outbreaks persist, should restrictions on movement be extended or reintroduced, or should disruptions to economic activity be prolonged, the recession could be deeper. Businesses might find it hard to service debt, heightened risk aversion could lead to climbing borrowing costs, and bankruptcies and defaults could result in financial crises in many countries. Under this downside scenario, global growth could shrink by almost 8% in 2020.

Looking at the speed with which the crisis has overtaken the global economy may provide a clue to how deep the recession will be. The sharp pace of global growth forecast downgrades points to the possibility of yet further

downward revisions and the need for additional action by policymakers in coming months to support economic activity.

The COVID-19 recession has seen the fastest, steepest downgrades in consensus growth projections among all global recessions since 1990

September to December shows forecasts made in the previous year, while January to June shows data for the current year. Data for 1991 are for advanced economies only due to data availability.

Gross Domestic Product (GDP) Growth

With the growth in the COVID-19 pandemic, the economic damage is already evident and represents the largest economic shock the world has experienced in decades.

The baseline forecast envisions a ~4.4% contraction in global GDP in 2020. Using market exchange rate weights this has been the deepest global recession in decades, despite the extraordinary efforts of governments to counter the downturn with fiscal and monetary policy support. The deep recession triggered by this pandemic is expected to have short-term repercussions like low investments with the erosion of human capital and fragmentation of the global trade linkages. However, the medium-long term health of the economy will be healthy, with the demand expected to soar back to its pre-COVID levels. This is expected to be driven by the increased government investments and incentive schemes

In order to address these issues, most of the large global economies have announced several stimulus packages to revive demand.

P = Projections

The year 2019 witnessed a moderate growth of 2.9% as compared to 3.6%, in 2018. It is further estimated to be revised down to -3% in 2020. This can be primarily attributed to factors such as global slowdown, rising trade barriers, oil price volatility and novel Covid-19 pandemic. Worldwide lockdown has been implemented to contain the spread along with adequate policy support. However, with supply chain disruption, the health crisis has created a severe impact on the economic activity. As a result, the advanced economies are estimated to register negative growth rate of -6.1% in 2020 as compared to 1.7% in 2019. The, Emerging Markets and Developing Economies (EMDEs) are projected to contract to -1.0% in 2020 owing to the health shock, tight global financial conditions and low commodity prices.

United States: The country’s Gross Domestic Product grew by 2.3% in 2019 compared to 2.9% in 2018-19 as a result of decline in business investments and the ongoing trade war with China.

China: The country’s Gross Domestic Product grew by 6.1% in 2019 compared to 6.7% in 2018 as a result of the trade war with the United States, overcapacity in some industries, corporate sector indebtedness and a shrinking room for monetary and fiscal policies.

United Kingdom: The country’s Gross Domestic Product grew by 1.4% in 2019 compared to 1.3% in 2018.

Japan: The country’s Gross Domestic Product grew by 2.0% in 2019 compared to 2.4% in 2018.

The Great Lockdown, as a result of the pandemic Covid-19, is projected to shrink the global growth significantly starting from the calendar year 2020.

A Review of the Indian Economy

Macroeconomic Overview of India Gross Domestic Product (GDP) Growth and Outlook

An already-slipping Indian economy has been derailed from its growth track after a stringent shutdown was imposed in March to halt the spread of Covid-19. India's GDP is expected to contract by 10.3% in FY21 – for the first time in four decades. Due to Covid-19, the GDP of Q1 of FY21 declined by 23.9% at INR 26,895 Cr as compared to INR 35,353 Cr for the same period last year (Q1 FY20). The Private Final Consumption declined by 24% in Q1 FY21 as compared to Q1 FY20 and the Gross Final Capital Formation reduced by 48% for the same tenure.

Real GDP Value, at constant price (INR 000'Bn) and Growth %, India, 2008 to 2025F

Strong Growth Path

The government has taken several measures to revive the economy and to return to a normal to high growth trajectory. As the monetary and fiscal stimuli work their way through, India can expect an economic turnaround soon. In addressing the current slowdown, India has several advantages and comforting factors including the following:

- **Aatmanirbhar Bharat Abhiyan:** Prime Minister Narendra Modi on May 12, 2020 announced the Aatmanirbhar Bharat Abhiyan which combined relief, policy reforms and fiscal and monetary measures to help businesses and individuals to cope with the situation created by the pandemic and helps transform India into a self-reliant economy.
- **Preferred Destination for Foreign Investment:** Lately, India has become an attractive destination for foreign investment owing to its large and rapid growing consumer market in addition to a developed commercial banking network, availability of skilled manpower and a package of fiscal incentives for foreign investors.
- **Strong and Diversified Industrial and Infrastructural Base:** India has established a strong and diversified manufacturing base for the production of a wide variety of basic and capital goods to meet the requirements of various sectors; and systematically rolled out a public-private partnership (PPP) programme for the delivery of high-priority public utilities and infrastructure.
- **Burgeoning Foreign Exchange (Forex) Reserves:** India's foreign exchange reserves (currently USD 500 Bn, the highest ever) provide confidence in the country's ability to manage the balance of payments.
- **Demographic Dividend:** Presently, India is one of the youngest nations in the world with more than 62% of its population in the working age group (15-59 years), and more than 54% of its total population below 25 years of age. Its population pyramid is expected to bulge around the 15-59 age groups over the next decade. This poses a formidable challenge as well as a huge opportunity.

The way forward is too uncertain and it is not possible to have a precise road map for the foreseeable future. However, given India's strong fundamentals and a clear roadmap to maintain the growth trajectory, the country will remain at the forefront of global economic growth.

INDIAN ECONOMY GROWTH RATE & STATISTICS

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Indian Economy

The Indian economy has further been slowed down from its growth track on account of a stringent lockdown imposed in March to prevent the spread of the COVID-19 pandemic. India's GDP is expected to reduce by -4.5% in Fiscal 2020, for the first time in four decades. However, the medium term growth outlook is expected to improve and record a growth rate of approximately 7.3% by 2025 on account of strong macroeconomic fundamentals, including moderate inflation, the implementation of key structural reforms and the improved fiscal and monetary policies. Due to the COVID-19 pandemic, the GDP of the first quarter of Fiscal 2021 declined by 23.9% to ₹ 26,895 crores from ₹ 35,353 crores during the first quarter of Fiscal 2020. The private final consumption declined by 24% and gross final capital formation reduced by 48% from the first quarter of Fiscal 2020 to the first quarter of Fiscal 2021.

India's GDP registered the highest growth of 8% in FY 2015-16 when both the global growth and country specific growth parameters were in sync. Despite the consolidation, the economy was growing healthy in the following three fiscals with a growth of 6% to 7%, and was considered one of the fastest growing economies with China. However, FY 2019-20 manifested severe liquidity crunch, lower GST collections and a strain on fiscal deficit, followed by a continuous drop in consumption, investment and trade. Growth in all key sectors decelerated considerably. The Government tried to push growth through significant easing of monetary policy with repo rate cuts and extensive credit support to the Non-Banking Financial Companies (NBFCs) sector. The growth roadmap for next fiscals was also augmented by the amendment of Insolvency and Bankruptcy Code (IBC), the launch of the National Infrastructure Pipeline (NIP) with a budget of ₹ 102 Lakh Crores and the Union Budget 2020-21 with targeted allocations. However, the outbreak of COVID-19, the escalated healthcare costs and the loss incurred by the economy due to the nationwide lockdown hampered the chances of an economic recovery. GDP growth forecast has been lowered due to the uncertainty brought about by the sudden halt to all economic activities. A CRISIL report forecasted India's GDP growth to contract by 5% in FY 2020-21. The organization estimated a permanent loss of 10% of GDP in real terms and the impact is estimated to spread over next three years. IMF revised its forecast for India in its June WEO, and projected a negative growth of 4.5% for FY 2020-21. It, however, projects the Indian economy to grow by 6% in FY 2021-22 backed by Government's policy support.

Q420estimates2020GDP.pdf, <https://www.bbc.com/news/world-asia-india-52559324>

India emerged as the fifth-largest world economy in 2019 with a gross domestic product (GDP) of \$2.94 trillion. India jumped 14 places to 63 in the 2020 World Bank's Ease of Doing Business ranking. There was a decline in consumer spending that affected India's GDP growth during the year under review. India's growth for FY2019-20 was estimated at 4.2% compared with 6.1% in the previous year. Manufacturing growth was seen at 2%, a 15-year low as against 6.9% growth in FY19.

According to the IMF, India's GDP growth moderated to 4.2% for the financial year 2019-20 from 6.1% in 2018-19. Although, a sharp pickup in India's business activity in January 2020 indicated impetus returning to Asia's

third-largest economy. The forecast is tilted to the downside owing to global slowdown, stress in the financial sector, weak consumption, subdued manufacturing growth and nation-wide lockdown to tame Covid-19 outbreak.

On a positive note, the central bank has eased policy, while the Government has widened budget deficit goals to spur economic growth. In addition, the Government took various initiatives to encourage consumption. Likewise, the policy measures such as augmenting FDIs and competitiveness, promoting access to finance for small enterprises and improving infrastructure can result in productivity gains and boost growth.

A Comprehensive Outlook

According to IMF, GDP growth will slip to 1.9% in 2020-21 before rebounding to 7.4% in 2021-22. The growth is projected to increase gradually as the pandemic fades reflecting a modest rebound in the domestic demand. Also, monetary and fiscal policy measures taken by the Government will begin to pay off gradually.

GLOBAL PLASTIC INDUSTRY

The global plastic market size was valued at USD 579.7 billion in 2020 and is expected to expand at a compound annual growth rate (CAGR) of 3.4% from 2021 to 2028. Increasing plastic consumption in the construction, automotive, and electrical & electronics industries is projected to support market growth over the forecast period. Regulations on decreasing the gross vehicle weight to improve fuel efficiency and eventually reduce carbon emissions are driving plastic consumption as a substitute for metals, including aluminum and steel, for the manufacturing of automotive components. The growth of the construction industry in emerging markets, such as Brazil, China, India, and Mexico, has been instrumental in fueling the demand for plastics. The growth of the market can be attributed to increased foreign investment in these domestic construction markets as a result of easing FDI norms and requirements for better public and industrial infrastructure.

The growing population, coupled with the rapid urbanization and industrialization in emerging economies, has been impelling federal governments to increase their construction spending to cater to increasing infrastructure needs. Rising construction spending by governments, particularly in China and India, will drive the demand for plastic in infrastructure and construction applications.

Stringent regulations regarding depletion and recyclability of conventional materials, such as metal and wood, are anticipated to drive greater demand for plastic from the construction industries in insulation, pipes, cables, floorings, windows, storage tanks, and others. Polymer fittings are also generally quite simple and easy to install, compared to metals or wood, with a wide range of color combinations adding to their aesthetic appeal.

Plastics have 85% less specific gravity compared to metals. When used in the automotive and construction industries, they enable approximately 80% weight savings and 30% to 50% cost savings in individual components.

However, slowdown or halt in manufacturing activities to contain the spread of the coronavirus pandemic is negatively impacting the demand for plastic in various end-use industries, such as automotive, packaging, utility, and consumer goods. Moreover, the increasing positive cases of COVID-19 across the globe are positively influencing the demand for plastic in medical devices, such as testing equipment, ventilators, gloves, syringes, surgical trays, and medical bags.

Product Insights

In terms of revenue, polyethylene held the largest share of more than 25.0% in 2020. It is primarily used in the packaging sector, which includes containers and bottles, plastic bags, plastic films, and geomembranes. It finds use in various applications. Based on its molecular weight, there are different types of polymers of PE such as HDPE, LDPE, and LLDPE. For instance, low molecular weight polymers of PE find use in lubricants, medium molecular weight polymers are used as wax miscible with paraffin, and high molecular weight polymers are commonly used in the plastic industry.

Rising demand for packaged food, trays, bottles for milk and fruit juices, crates, caps for food packaging, drums, and other liquid food packaging owing to restrictions on the movement of people to reduce the spread of COVID-19 across the world is expected to drive the demand for polyethylene in the coming years. Acrylonitrile butadiene styrene (ABS) is one of the promising product segments in the market. ABS is widely used in consumer goods and electrical and electronics applications and is gaining popularity owing to its excellent rigidity, high strength, and dimensional stability.

It is a tough material and is resistant to corrosive chemicals, physical impact, and heat. Thermoplastics such as ABS liquefy allow them to be easily injection molded and recycled. However, ABS is not used in high-heat situations because of its low melting point. LEGO toys and computer keyboards are also significant applications for ABS compounds. ABS is also used in manufacturing drain-waste-vent pipe systems, plastic clarinets, golf club heads, musical instruments, enclosures for electrical and electronic assemblies, automotive trim components, and protective headgears among various others.

Application Insights

In terms of revenue, the injection molding application segment held the largest share of over 43.0% in 2020. Injection molding is a commonly used method for producing custom plastic parts. It is a discontinuous process as the plastic parts are produced in molds and required to be cooled before being removed. This process requires an injection molding machine, molds, and plastic materials. The molten plastic is injected into a mold cavity and then cooled to create the final product. It is generally used in the production of automobile parts, containers, and medical devices among others.

Calendering is one of the potential application segments in the market. It is used to process thermoplastic materials into films and sheeting. It is mainly used for PVC as well as certain other modified thermoplastics. The process consists of five steps, pre-blending, fluxing, calendering, cooling, and winding-up. It allows specialty surface treatments of films or sheets such as enhancing or embossing the physical properties or in-line lamination. The growing packaging industry is driving the demand for films and sheets, which, in turn, is further creating the demand for Calendering.

End-use Insights

The packaging end-use segment held the largest revenue share of more than 36.0% in 2020. Packaging is a high-potential end-use segment with moderate penetration. Plastics have been an integral part of the packaging industry. Furthermore, the advent of bio-based plastic has also played a significant role in food, pharmaceutical, and beverage packaging applications. Plastics such as Polyethylene Terephthalate (PET) and Polycarbonates (PC) are increasingly being used in the packaging of beverages, consumer goods, appliances, toys, and apparel. The packaging of appliances is expected to offer lucrative growth opportunities for the segment.

The impact of the COVID-19 pandemic on the packaging industry is expected to remain moderate over the forecast period. The demand for packaging for healthcare products, groceries, and e-commerce transportation has increased sharply, while the demand for luxury, industrial, and some B2B transport packaging declined due to the suspension or slowdown of industrial production.

Moreover, the demand for plastic in consumer packaging is expected to shift severely toward food packaging owing to the shutdown of restaurants and food service outlets during the pandemic. The stockpile and panic purchases of food, groceries, and other homecare necessities are further expected to boost the aforementioned trend.

Regional Insights

Asia Pacific (including China) dominated the market and accounted for over 44.0% share of the global revenue in 2020. The growing manufacturing sector is expected to propel the demand for plastic in the automotive, construction, packaging, and electrical and electronics industries. In the recent past, India and China have witnessed a spike in automotive production owing to technology transfer to the sector from the Western markets.

In addition, a well-established manufacturing base for electrical and electronics in Taiwan, China, and South Korea is anticipated to provide further impetus to the market. India has a strong chemical manufacturing industry base, which strengthens its plastic production. Rapid urbanization, improving economic conditions, and increasing infrastructural activities are the factors supporting the growth of the market in Asia Pacific.

China is the largest supplier and producer of plastic components in this region. The growth of the automotive and electronic market and subsequent demand for lightweight components to improve the efficiency of the vehicle and reduce the weight of electronics components are the major factors contributing to the demand for plastic in the country.

Key Companies & Market Share Insights

The competitive rivalry among producers is high owing to the presence of several players in the market. The global market is highly fragmented in nature with the presence of various key players as well as a few medium and small regional players operating in different parts of the world. Strategic partnerships, capacity expansions, and new product developments are popular strategies adopted by a majority of the players operating in the market for plastics. Some prominent players in the global plastic market include:

- BASF SE
- SABIC
- Dow Inc.
- DuPont de Nemours, Inc.
- Evonik Industries
- Sumitomo Chemical Co., Ltd.
- Arkema
- Celanese Corporation
- Eastman Chemical Company
- Chevron Phillips Chemical Co., LLC
- Lotte Chemical Corporation
- Exxon Mobil Corporation
- Formosa Plastic Corporation
- Covestro AG
- Toray Industries, Inc.
- Mitsui & Co. Plastic Ltd.

INTRODUCTION TO PLASTIC INDUSTRY

The word plastic has originally been derived from the Greek word 'Plastikos' which means 'fit for moulding'. Now - a - days the use of plastic is so common that the current age can be called as Plastic age. Plastic have replaced a number of traditionally used materials like metals, ceramic etc. Recently, plastic has attained a great importance in every walk of our life, due to their certain unique properties.

Therefore, plastics are widely used in manufacturing a large variety of articles like bowls, polythene bags, buckets, pipes, wrappers, insulators and electronics etc. are basically dependent on plastics. Plastics are basically, synthetic organic materials of high molecular weight, which can be moulded into any desired shape by the application of heat and pressure in the presence of a catalyst.

The petrochemicals and plastics industry is composed of petroleum refineries and petrochemical plants which produce gasoline, chemical feedstock for finished products, and a variety of chemicals, products, and services for virtually every manufacturing industry in the world. In addition, the industry includes plastic resin manufacturers, which are closely tied to petrochemicals manufacturers, and plastics product manufacturers who utilize plastics to create common consumer products. Much of the plastics business lies in producing commodity plastics and chemical products which are shipped in pellet or liquid forms.

This industry group comprises establishments primarily engaged in manufacturing intermediate or final products from plastics resins, using such processes as compression moulding, extrusion moulding, injection moulding, blow moulding and casting. The production process in most of these industries is such that a wide variety of products can be produced. The plastics resins used by these establishments may be new or recycled.

Indian Plastics Industry And Exports

Introduction

The Indian plastics industry made a promising beginning in 1957 with the production of polystyrene. Thereafter, significant progress has been made, and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90% of which are small and medium-sized enterprises.

In FY20, plastic and linoleum export from India stood at US\$ 7.55 billion.

During April 2019 to January 2020, plastic export stood at US\$ 7.045 billion with the highest contribution from plastic raw material at US\$ 2.91 billion, plastic sheets, films, and plates at US\$ 1.22 billion and packaging materials at US\$ 722.47 million.

India exported plastics raw materials worth US\$ 813 million in October 2020, and the export during April 2020 to October 2020 was US\$ 5.58 billion.

India exported plastics worth US\$ 237.16 million in January 2021, and the export during April 2020 to January 2021 was US\$ 2.76 billion.

The total plastic and linoleum export during April 2020 to February 2021 was US\$ 6.73 billion and for the month of February 2021, it was US\$ 630.94 million.

The Indian plastics industry produces and export a wide range of raw materials, plastic-moulded extruded goods, polyester films, moulded/ soft luggage items, writing instruments, plastic woven sacks and bags, polyvinyl chloride (PVC), leather cloth and sheeting, packaging, consumer goods, sanitary fittings, electrical accessories, laboratory/ medical surgical ware, tarpaulins, laminates, fishnets, travel ware, and others.

The Indian plastics industry offer excellent potential in terms of capacity, infrastructure, and skilled manpower. It is supported by many polymer producers, plastic process machinery and mould manufacturers in the country.

Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on import. These raw materials, including polypropylene, high-density polyethylene, low-density polyethylene, and PVC, are manufactured domestically.

Recent Developments

The Department of Chemicals and Petrochemicals has approved 10 Plastic Parks in the country, out of which 6 parks have been given final approval in the below states:

Assam (1 nos.)

Madhya Pradesh (2 nos.)

Odisha (1 nos.)

Tamil Nadu (1 nos.)

Jharkhand (1 nos.)

The Detailed Project Reports are under evaluation for two Plastic Park in Uttarakhand and Chhattisgarh respectively and proposal for setting up of two new Plastic Parks are under process. These Plastic Parks will help to achieve environmentally sustainable growth and increase employment.

Plastics Export Promotion Council

The Plastics Export Promotion Council (PLEXCONCIL) is the apex Government body responsible for the promotion of plastic export. PLEXCONCIL members comprise large-/medium-/small-scale manufacturers and exporters. The council supports exporters by participating in international trade fairs, exploring new markets, organising buyer- seller meets both in India and overseas, and engaging in various other promotion and need-based activities.

Indian Polymer Industry

Polymer composite is material of research in modern days. Thermoplastic polymers are of great interest due to their technical and commercial importance. In general two or more polymers are melt blended to form a product as polyblends [2-5]. The component percentages are the primary factor influencing their physical properties [6]. The manufacturing technique and operating conditions are second governing factor. Among the thermoplastic polymers; PP possess good mechanical strength. In addition it has high chemical resistance, low cost and easy to manufacture. PP has wide application in automobile spare parts and as well as container [7]. HDPE is known for its large strength to density ratio due to its little branching .HDPE unlike PP cannot withstand normally required autoclaving conditions [8-13].

Jia-Horny Lin et al. has reinforced HDPE to PP matrix and verified the non-compatibility of both polymers, but improves the impact strength of PP [14]. Souza et al. found the effect of processing temperature and content of HDPE on interfacial tension of the PP/HDPE polyblend [15]. Past studies show the compatibility of PP/HDPE polyblends depends on factors like processing temperature, polymer structure and blending ratios [15-17]. Polymers with similar physical properties form polyblends with greater mechanical strength [18-20]. The mechanical properties of the PP/HDPE polyblend decreases with increase in dissimilarity of melt flow index (MFI) [21]. During last decades polymeric containing materials attracted the attention of scientists for wide spread applications such as solar energy conversion, coatings, adhesives, lithography, light emitting diodes, sensors, laser development and many applications [22,23]. Thermoplastics are used in various electrical applications like wire and cable as insulation and jacketing materials due to their unique combination of properties such as low temperature flexibility, excellent insulating characteristics and resistance to moisture absorption [24]. Electrical properties of various polymer blends have been investigated by different researcher [25-31]. In general polymer blends are prepared by physical mixing of two or more polymers to obtain a new material with improved properties compared to the parent one. This is the most convenient method of obtaining a material rather than synthesizing a new polymer [32,33]. The electrical conductivity studies are aimed at understanding the origin of the charge carrying species and the way in which they move through the bulk of the material. Polymers with controlled conductivity and thermal sensitivity are much desirable in various applications [34-36]. Knowledge of electrical properties of polymer blends is helpful in material study and characterization for device fabrication. To develop a new electrical insulating material with good performance, it is important to do researches focusing on the effect of morphology on electrical properties. Polypropylene possesses good insulation performance because of its high crystallinity. However, since spherulite boundaries become weak points, the dielectric strength of polypropylene is not so much higher than high density polyethylene [37,38]. It is reported that by blending polyethylene with polypropylene, the dielectric strength can be increased because the spherulite boundaries are reinforced [39-41]. The mechanism of increase in dielectric strength by polymer blending is still not so clear. History reveals, the composites are mainly used for savings in secondary structures. The fibereinforced polymer (FRP) materials find increasing applications as load bearing structures. But in the other hand, development of polymer materials for high technology engineering applications is in demand [42-44]. It is always a matter of concern, to evaluate the mechanical properties of polymer composites at high rates of strain. Premature failure at high loading rates alarms to design structures with high strength. The progress in research to find the mechanical strength of thermoplastic polymer blends are still lacks. With respect to above argument, a polymer blend of HDPE-PP has been developed to understand the strain rate effects on particularly to tensile properties. A detailed review of the strain rate dependence of mechanical properties of polymer composites has been outlined by Jacob et al. [45]. The study of different properties of polymer blends is a new approach [46]. These polymeric materials must perform at the imposed conditions. Blend of HDPE-PP has been prepared [47-49] and its mechanical, thermal, crystallization and electrical properties has been studied. An experimental approach using universal testing machine (UTM) was employed to study the effect of low strain rate loading on HDPE/saw dust composites [50]. In fibre reinforced polymer composites, the increment of filler may increase its tensile strength [51]. In general, the filler is incapable to endure the stress transmission efficiently and resulting low compression strength [52,53]. In a similar manner, Bia et al. [54] studied the tensile properties of rigid glass bead/HDPE composites at a strain rate of 3×10^{-5} - 8×10^{-3} s⁻¹ and observed tensile modulus and strength increases with loading rate. Over the last two decades, the global production of synthetic polymers increasing. Polymers have low weight, durability and cheap relative to other materials [55-57]. So in the present work an attempt has been made to find out an alternative use of HDPE-PP polyblend by accessing the different physical and chemical properties. Additionally the design of experiments (DOE) is carried out to discover the influencing factor on tensile strength at break point.

APPROACH TO INDUSTRY ANALYSIS

Analysis of Flexible Intermediate Bulk Container (FIBC) Manufacturing Industry needs to be approached at both macro and micro levels, whether for domestic or global markets. FIBC manufacturing Industry forms part of Manufacturing Sector at a macro level. Hence, broad picture of Manufacturing Sector should be at preface while analysing the FIBC manufacturing industry.

Manufacturing sector comprises various industries, which in turn, have numerous sub-classes or products. One such major industry in the overall Manufacturing sector is ‘Plastic and Plastic Products Industry’, which in turn encompasses various components one of them being ‘FIBC Manufacturing Industry’.

Thus, FIBC manufacturing Industry should be analysed in the light of ‘Plastic and Plastic Products Industry’ at large. An appropriate view on FIBC manufacturing Industry, then, calls for the overall economy outlook, performance and expectations of Manufacturing Sector, position and outlook of Plastic and Plastic Products Industry and FIBC segment micro analysis.

INDIAN PACKAGING INDUSTRY

Indian packaging industry is witnessing steep growth and is one of the strongest growing segments. According to the Indian Institute of Packaging (IIP), packaging consumption in India increased 200% in the past decade, from 4.3 kgs per person per annum (pppa) to 8.6 kgs pppa.

The industry is expected to reach US\$ 204.81 billion by 2025 from US\$ 50.5 billion in 2019 at 26.7% annually. The e-commerce segment of the packaging market was estimated at US\$ 451.4 million in 2019 and is forecast to reach US\$ 975.4 million by 2025 at 13.8% annually.

The packaging sector is categorised into two major segments (by type)—rigid and flexible packaging, with rigid packaging accounting for 64% market share. In terms of packaging materials, 55% of the sector is dominated by plastics, followed by paper & cardboard (20%) and glass (10%).

Food processing is the largest consumer of packaging at 45%, followed by pharmaceuticals (25%) and personal care products (10%). Increasing demand from these end-user segments is creating a huge potential for expansion.

Amid the pandemic, the demand for packaging for groceries, healthcare products and e-commerce transportation has increased exponentially; but, at the same, the demand for industrial, luxury and sections of B2B-transport packaging has declined. Some of the key end-user segments will witness mixed impact of the pandemic owing to a sharp increase in demand for some sub-segments and dip in others

FLEXIBLE INTERMEDIATE BULK CONTAINER (FIBC) INDUSTRY

Market Analysis and Insights : Global Flexible Intermediate Bulk Container Market

The flexible intermediate bulk container market is expected to witness market growth at a rate of 5.97% in the forecast period of 2021 to 2028. Data Bridge Market Research report on flexible intermediate bulk container market provides analysis and insights regarding the various factors expected to be prevalent throughout the forecast period while providing their impacts on the market's growth. The expansion of food and pharmaceutical industries is escalating the growth of flexible intermediate bulk container market.

Flexible intermediate bulk containers refer to type of bulk transporting packaging method that are made up of flexible and foldable fabric materials woven together. These containers are highly utilized in transportation, storage and protection of dry products and contents. These containers are known to be light weight, recyclable and environment friendly. These products have the capability of being transported with the assistance of pallets fitted below them that makes them easier to lift and handle.

The rise in the need of reducing overall weight of bulk packaging, growing food and pharmaceutical industries across the globe and expansion of manufacturing and construction sectors especially in the developing regions are the major factors driving the flexible intermediate bulk container market. The use of flexible intermediate bulk containers (FIBCs) in several end-use industries such as food, chemical, pharmaceutical, building and construction, mining, manufacturing, agricultural and waste handling among others, expansion of pharmaceuticals industry leading to high demand for FIBC and inclination towards these containers as they can be stored in a small space by folding and pressing multiple FIBCs together accelerate the flexible intermediate bulk container market growth. The capacity of flexible woven typically polypropylene (PP) to hold 500 kg to 2,000 kg of weight, the utilization of these products to store dry and flowable products such as grains, seeds, salts, chemicals, sands, clays and cement among others and the usage of these products to manage finished granules and small-size materials, raw and semi-finished in industrial premises influence the flexible intermediate bulk container market. Additionally, several benefits such as low costs, low weights, and are easy to handle, wide use in food and beverages, pharmaceuticals, agricultural and chemical industries and the adoption rate in bulk packaging positively affect the flexible intermediate bulk container market. Furthermore, technological advancement in the packaging components, technologies and application extend profitable opportunities to the flexible intermediate bulk container market players in the forecast period of 2021 to 2028.

On the other hand, the installation of specified liners done in through sewing it inside the fabric of the containers is expected to obstruct the flexible intermediate bulk container market growth. The container only being capable of used for a single type of material is projected to challenge the flexible intermediate bulk container market in the forecast period of 2021 to 2028.

This flexible intermediate bulk container market report provides details of new recent developments, trade regulations, import export analysis, production analysis, value chain optimization, market share, impact of domestic and localized market players, analyses opportunities in terms of emerging revenue pockets, changes in market regulations, strategic market growth analysis, market size, category market growths, application niches and dominance, product approvals, product launches, geographical expansions, technological innovations in the market. To gain more info on flexible intermediate bulk container market contact Data Bridge Market Research for an Analyst Brief, our team will help you take an informed market decision to achieve market growth.

Flexible Intermediate Bulk Container Market Scope and Size

The flexible intermediate bulk container market is segmented on the basis of grade and end-user. The growth amongst the different segments helps you in attaining the knowledge related to the different growth factors expected to be prevalent throughout the market and formulate different strategies to help identify core application areas and the difference in your target markets.

On the basis of grade, the flexible intermediate bulk container market is segmented into type A, type B, type C, type D and food grade.

On the basis of end-user, the flexible intermediate bulk container market is segmented into pharmaceuticals, food, chemicals, construction, textiles, oil and glass and others.

Global Flexible Intermediate Bulk Container Market Country Level Analysis

The flexible intermediate bulk container market is analyzed and market size, volume information is provided by country, grade and end-user as referenced above.

The countries covered in the global flexible intermediate bulk container market report are the U.S., Canada and Mexico in North America, Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan, India, South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in the Asia-Pacific (APAC), Saudi Arabia, U.A.E, Israel, Egypt, South Africa, Rest of Middle East and Africa (MEA) as a part of Middle East and Africa (MEA), Brazil, Argentina and Rest of South America as part of South America.

North America dominates the flexible intermediate bulk container market due to the growing pharmaceutical industry, high FIBC adoption by the large-scale chemical and manufacturing industries steady growth rates of food processing and agricultural markets in the region. Asia-Pacific is expected to witness significant CAGR during the forecast period of 2021 to 2028 because of the high agriculture production.

The country section of the report also provides individual market impacting factors and changes in regulation in the market domestically that impacts the current and future trends of the market. Data points such as consumption volumes, production sites and volumes, import export analysis, price trend analysis, cost of raw materials, downstream and upstream value chain analysis are some of the major pointers used to forecast the market scenario for individual countries. Also, presence and availability of global brands and their challenges faced due to large or scarce competition from local and domestic brands, impact of domestic tariffs and trade routes are considered while providing forecast analysis of the country data.

Competitive Landscape and Flexible Intermediate Bulk Container Market Share Analysis

The flexible intermediate bulk container market competitive landscape provides details by competitor. Details included are company overview, company financials, revenue generated, market potential, investment in research and development, new market initiatives, global presence, production sites and facilities, production capacities, company strengths and weaknesses, product launch, product width and breadth, application dominance. The

above data points provided are only related to the companies' focus related to flexible intermediate bulk container market.

The major players covered in the flexible intermediate bulk container market report are Berry Global Inc., Yixing Changfeng Container Bag Co., Ltd., BAG Corp., minibulk, Shenzhen Riversky Packing Materials Co.,Ltd., Greif, AmeriGlobe L.L.C, Conitex Sonoco, LC Packaging, Plastipak Holdings, Inc., Yantai Haiwan Plastic Products Co., Ltd., RDA Bulk Packaging Ltd., FlexiTuff Ventures International Ltd., Flexpack FIBC, Mondi, ALPINE FIBC PVT.LTD., Century FIBC, Ganpati Plastfab Limited, Rishi FIBC Solutions PVT. Ltd among other domestic and global players. Market share data is available for global, North America, Europe, Asia-Pacific (APAC), Middle East and Africa (MEA) and South America separately. DBMR analysts understand competitive strengths and provide competitive analysis for each competitor separately.

Overview

We are an ISO 9001:2015 certified company, primarily engaged in manufacturing, trading and exporting of Polypropylene (PP)/ High Density Polyethylene (HDPE) Woven Bags, BOPP Laminated Bags and Flexible Intermediate Bulk Containers (FIBCs), HDPE/PP woven fabrics/sacks of different weight and sizes printed in multi colours as per the requirements of the customers. We cater to cement, Fertilizers, textiles, Food Grains, chemical, industry. With an experience of more than three decades in the industry, our company supplies and exports bags to over 14 countries across the globe. We offer a diverse portfolio of customised bulk packaging solutions. We believe that our ability to meet standard quality, introduce designs to meet evolving customer preferences and have enabled us to establish in FIBC packaging industry.

Our company is also a Del Credere Associate cum Consignment Stockist (DCA/ CS) of Indian Oil Corporation Limited for polymer trading and is also operating as Dealer Operated Polymer Warehouse (DOPW) of Indian Oil Corporation Limited for their Polymer division. We are also engaged in providing job work services of manufacturing tape and fabric for other manufacturers and traders.

Domestically for sales of Fabric and Bags, we have presence in 8 states and internationally we supply products in over 14 countries viz. Africa (Ghana, Sudan, Algeria, Togo) Middle East (UAE, Palestine), Europe (Greece, France, Portugal, Italy, Poland), USA, Australia, Caribbean (Dominican Republic) based on sales made during FY 2021 and for three months ended June 30, 2021. For the three months ended June 30, 2021 and for Fiscals 2021, 2020 and 2019 our revenue from exports contributed 36.34%, 43.94%, 50.75% and 53.31%, respectively of our revenue from operations.

We have one manufacturing facility which is located at, Udaipur over 8000 sq. mt. area. Over the years, we have made investments in our manufacturing infrastructure to support our product portfolio requirements and reach. Our Company is promoted by SAT Industries Limited which is listed on BSE Ltd.

For the three months ended June 30, 2021 and for Fiscals 2021, 2020 and 2019, our revenue from operations was Rs. 1391.49 lakhs, ₹ 5506.99 lakhs, 4910.07 lakhs and ₹ 4518.44 lakh, respectively, growing at a CAGR of 10.4% between Fiscal 2019 and Fiscal 2021. Our EBITDA three months ended June 30, 2021 and for Fiscals 2021, 2020 and 2019 was ₹ 169.09 Lakhs, ₹ 302.28 Lakhs, ₹ 180.42 Lakhs and ₹ 207.64 Lakhs respectively, growing at a CAGR of 20.66% between Fiscal 2019 and Fiscal 2021, while our profit after tax for three months ended June 30, 2021 and for Fiscals 2021, 2020 and 2019 was ₹ 111.2 Lakhs, ₹ 127.23 Lakhs, ₹ 29.68 Lakhs and ₹ 37.14 Lakhs respectively, growing at a CAGR of 85.09% between Fiscal 2019 and Fiscal 2021.

Impact of COVID-19 on our business operations

The pandemic outbreak has caused an economic downturn on a global scale, including closures of many businesses and reduced consumer spending, as well as significant market disruption and volatility. The demand

for our products is dependent on and directly affected by factors affecting industries where our products are supplied. During Lockdown the government through its various orders categorised Packaging material industry as essential industry hence they were exempted from lockdown. However our manufacturing operations were shut down for 14 days and we were not majorly impacted. We were allowed to resume operations subject to certain adjustments in working patterns and limited workforce. Despite the impact of the COVID-19 pandemic, our revenue from operations for the three months ended June 30,2021 and for Fiscals 2021 was Rs. 1391.49 lakhs and Rs. 5506.99 lakhs respectively. Further India is in stage of distribution of vaccines, we cannot predict the timelines as to when the vaccines shall reach at mass level. We continue to closely monitor the impact that COVID-19 may have on our business and results of operations. It is difficult for us to predict the impact that COVID-19 will have on us, our customers or suppliers in the future. We continue to closely monitor the impact that COVID-19 may have on our business and results of operations.

Our Strengths

We consider our business strengths to be the following:

1. *Experienced Management Team and Dedicated employee base*

We have an experienced management team with expertise in the FIBC and packaging industry. Our team has entrepreneurial and managerial experience in our industry which we believe facilitates effective operational coordination and execution of our business strategies. Their industry experience enables us to anticipate and address market trends, manage and grow our operations, maintain and leverage customer relationships.

Our management team is led by Asad Daud, our Managing Director, and Hakim Sadiq Ali Tidiwala, Whole Time Director who has been associated with the company since more than a decade. Apart from our directors we have 96 employees as of June 30, 2021. We believe that the experience and relationships with various stakeholders that our management team has, have enabled us to extend our operating capabilities, continuously improve our processes and achieved our growth in our industry.

2. *Diverse product portfolio with focus on quality*

We have diversified product portfolio like FIBC (Flexible Intermediate Bulk Containers), Container bag, BOPP bags, PP woven Fabric & HDPE woven fabric, woven sacks, PP fabric, box bags, fabric rolls, bags for flexible packaging, etc. We engage in manufacturing of products based on the orders of our customers to meet our customer requirements. We believe that maintaining a variety in range of products in our business provides us with an opportunity to cater to diverse needs of different customer segment. Our Company believes in qualitative manufacturing and adheres to various qualitative standards. Our products undergo quality check at various levels of production to ensure that any quality defects or product errors are rectified on real time basis. We believe that focus on quality are the key strengths for our success over the years.

3. *Repeat orders*

We believe that meeting customer specific requirements and timely delivery of orders is one of the factor for growth. Our Company has made efforts to ensure customer satisfaction by taking steps for meeting customer specific requirements, timely delivery of orders to our customers as well as maintaining consistency in quality and this has yielded results in the form of repeat orders from our customers. The repeat orders reflect the confidence reposed in us by our customers. Steady repeat orders have led to steady growth in revenue to Rs. 5506.99 lakhs in FY 2021 from Rs. 4518.44 in fiscal 2019.

4. *Diversified customer base across geographies and industries*

Our Company has a diversified customer base across industries and geographies both at domestic and overseas. We follow to B2B customer segment catering the packaging requirements of Agro Pesticides Industries, Basic Drug Industries, Cement Industries, Chemical Industries, Fertilizer Industries, Food Products' Industries, Textile Industries, Further domestically we have our presence over 10 states and global presence in Africa, Latin America, Caribbean, Middle East, Europe, Australia, UK, USA in the last three financial years. Apart via direct sales we also sell our products through commission agents domestically and Overseas Representatives and Merchant Exporter globally. With such customer base across industries and at varied geographies reduces our dependence on any one industry or location and provides a natural hedge against market instability in a particular

industry or location. We believe that our qualitative products at competitive prices has allowed us to enhance our relationships with existing clients and to secure orders from new customer.

Our Strategies

Our business strategies include the following:

1. Expansion of our production capacity

We currently have one manufacturing facilities located at Udaipur, Rajasthan. We are in the preliminary stages of setting up new manufacturing facility for manufacturing of Flexible Intermediate Bulk Containers (FIBC) with an annual installed capacity of 3960 MT from the Net Proceeds, internal accruals, bank loan and unsecured loan. We have already procured a land at Udaipur, Rajasthan over 16,000 sq. mtr. located at Arajaji no. 1164-1166, Village Modi, Tehsil Vallabhnagar, Udaipur (Raj.)– 313602 for the proposed expansion. We believe our investment in infrastructure will enable us to cater to the growing demand from our customers, enhance our space optics product portfolio. This shall help us cater to expand our customer base and increase our revenue from operations. We believe with our knowledge and experience in our industry segment, we are well poised to leverage the opportunity this industry offers. We shall continue to strive to offer qualitative and diverse products to meet evolving preferences of customers.

2. Increase our customer base by exploring new markets

At present, we are making sales in 8 states in domestic markets and 14 countries in export market. We aim to focus on increasing our customer base by exploring domestic and international markets. There is tremendous demand of FIBC in the international market. Indian products are more cost competitive in the international market owing to its low cost of production and other advantages. The Company foresee a substantial market for its FIBC products in the international market. Packtech Industry (PI) comprising of High Density Polyethylene (HDPE), Low Density Polyethylene (LDPE) and polypropylene (pp) have highest usage in India due to rising demand from various segment of industry. The study analyses the issues pertaining to the growth of these three recyclable materials and their application across the different sectors of Indian manufacturing industry. We intend to capitalise on huge demand for Indian Packtech Industry (PI) and increase our presence. In this direction, we shall appoint dealers at strategic locations, create local presence and explore geographies where we can begin our international operations.

3. Continue to improve operating efficiencies through technology enhancements

We continue to further develop our technology systems to increase asset productivity, operating efficiencies and strengthen our competitive position. We believe that our in-house technology capabilities will continue to play a key role in effectively managing and expanding our operations, maintain strict operational and fiscal controls and continue to enhance customer service levels. We intend to continue to invest in our in-house technology capabilities to develop customized systems and processes to ensure effective management control. We continue to focus on further strengthening our operational and fiscal controls.

4. Customer Satisfaction

We believe in providing customer satisfaction to our consumers and strives to maintain good relationship with the customers. Our Company's marketing team approaches existing customers for their feedback and based on their feedback any changes in the products if required are carried out. Our Company provides quality products and effective follow-ups with customers which ensure that the customers are satisfied with the product and do not have any complain. Our Company in return is rewarded by the customers with repeat orders.

5. Brand Image

We would continue to associate ourselves with quality customers and supply products to their utmost satisfaction. We are highly conscious about our brand image and intend to have our brand building exercise by providing quality products and services to the satisfaction of the customers.

Note- Domestically, in Rajasthan we also sell wastage (which is generated at each manufacturing stage) and Tape amounting to RS. 74.41 lakhs in the FY 2021 and Rs. 12.08 lakhs for the 3 Months Ended June 30, 2021

Our manufacturing process

The manufacturing operations described through above diagram are explain as follows-

Step 1:- Tape Extrusion process

The first step involves extrusion, where a mix of virgin ingredients are melted and shaped into tapes of specific measurements. The ingredients used in this process include polypropylene (PP) granules, small amount of calcium carbonate, ultraviolet inhibitors and possibly color pigmentation. At this stage, the tensile durability of the tapes is determined. The tapes are loaded onto industrial bobbins in preparation for the weaving stage. The process of manufacturing PP woven bags involves mixing raw materials starting with PP or HDPE pellets and other additives, extruding the raw materials into a yarn PP resin is heated with feeler of CaCo3 and pigment, melted and extruded as a flat film. It is then slit into tape yarn by the slitting unit and stretched and annealed. Next, a take-up winder winds the heat oriented tape yarn onto a bobbin.

Step 2:- Weaving or Circular loom process

In this process, the tapes are pulled from bobbins with the help of weaving machine. The circular loom runs on a very high speed. The requirement of bobbins differ according to different shuttles and use of these shuttles depends on the type of fabric desired. These fabrics are in circular form and if required the fabric can be cut directly into sheet form by adding a blade at the end of machine from where the material is rolled on to the roller. The fabric is then rolled on a big roller and such rolled fabric can either be directly put on to the cutting machine or be laminated as per requirement of customer.

Step 3:- Lamination process

The main raw material required in this process is coating / lamination grade LDPE / LLPDE or PP. The fabric so produced can be laminated depending upon the requirement of customers. Our Company provides both, one side or two side lamination depending upon requirements of customers.

Step 4:- Cutting process

The fabric is cut according to the dimensions required by the customer. Cutting of fabric can be done at the time of rolling it on the roller or after lamination process. In this process the fabric in the rolled form is passed through cutting machine and measurements for cutting the roll or the sheets are inserted in the machine and the output is fabric sheets which can be used either in the printing process or directly in stitching process.

Step 5:- Printing process

Printing of graphics and its finishing makes the bag more attractive and demanding. Our Company has modern technology to print the graphics on the bags.

If the bag is in rolled form then printing can be done in the following manner:-

- a. Fabric roll is first placed on one side and sent into machine
- b. Requisite color and graphics are entered in to the machine
- c. Printing is done on the roll and again on the other side it is wrapped in roll form.
- d. Rolls are sent to next step i.e. stitching process after cutting them into desired lengths.

Step 6:- Webbing

Heavier polypropylene tapes along with multifilament thread are woven into webbing which forms the lift loops of the bulk bag. The handle pieces of bulk bags are made during this stage. Here, heavier tapes of polypropylene fabric are spun into webbing material. Strips of this material are then cut to precise measurements, which are determined by the size of the bags in production. These strips form the handles, or lifting loops, of each bag. On most bulk bags, the webbing strip lines the seams along each of the four sides, with handle loops above each end.

Step 7:- Stitching process

Under this process the bags which are in the form of sheet or rolled form are stitched from bottom, side ways and also if required loops are also attached which are normally referred as belts. These belts are made from special tapes. The belt is made with the help of needle loom, the fabric so processed is then used in the needle machine

and rolls of belts are formed. These belt roll is used in the process of stitching. Further filler cords or liner are also attached to FIBC, based on customer requirements.

Step 8:- Testing

Our Company focuses on quality and customer satisfaction to maintain long term relationship and to procure repeat orders. We have a testing department wherein the products undergo a check before the final dispatch. Further products are also checked at intermediate levels. The bags are inspected by a technically qualified person to ensure that it is safe to use. Once a line of bulk bags has been sewn together, each bag is inspected by quality control personnel. The purpose is to ensure each bag meets the required standards of strength and durability for a product line of bulk bags. If any bags are found to be insufficiently sewn, they are removed. Our Company take into consideration the standards laid down under the ISO certification. After the testing process the finished goods are sent to baling department.

Step 9:- Baling process

The baling of goods is done as per the specification of the customers. For baling of goods, our Company has hydraulic bail press machine of different capacities for packing small bags, FIBC etc. the process of which goes as follows:-

- a. The finished products are loaded in the machine
- b. Machine press the bags and squeeze it and it gets compressed
- c. The pressed bags are then offloaded and sent for packing

Step 10:- Storage and Dispatch

After the quality of products is tested and the testing department gives a final go ahead, the products are then dispatched with the help of fork lifters to a clean storage room . These fork lifters lift the packed goods which are loaded in the container for final dispatch.

Our Manufacturing Facility and processing Unit

We currently have one Manufacturing Facility and one processing unit in Udaipur, Rajasthan which is located on over 8000 sq. mtr. and 5500 sq mtr. respectively. Our Manufacturing Facility is equipped with latest machineries and upgraded technologies relevant for the products manufactured by us. Our manufacturing Unit is ISO 9001:2015 certified. The location details of our manufacturing facility and processing unit is as under:

Address	Area (Sq. Mtr)	Leasehold/ Owned	Purpose
E-260-261, Mewar, Industrial Area, Madri, Udaipur (Raj.)- 313003	8000	Leased from Rajasthan State Industrial Development & Investment Corporation Limited	Manufacturing facility and processing Unit
G-260, IID Center, Kaladwas, Udaipur ,Rajasthan 313003	5500	Leased from third party	

We further propose to set –up a new manufacturing facility at Udaipur, Rajasthan over 16,000 sq. mtr. located at Arajji no. 1164-1166, Village Modi, Tehsil Vallabh Nagar, Udaipur (Raj.)– 313602 for manufacturing Flexible Intermediate Bulk Containers (FIBC) with an annual installed capacity of 3960 MT. For further details, please refer the chapter titled “Objects of the Issue”, beginning on page 81 of Draft Red Herring Prospectus.

Capacity and Capacity Utilization

The details of the installed production capacity, actual production and capacity utilisation at our Unit for the period ended June 30, 2021 and for Fiscals 2021, 2020 and 2019 are set forth below:

Particulars	Units	As of Financial Year ending March 31			As of 3 Months ending
		2019	2020	2021	30.06.2021

A. Looms Production					
Installed Capacity	KGS	4123704	4123704	4429152	1107288
Actual Production	KGS	3362145.3	3815177.8	3304082.4	892964.2
Capacity Utilisation	%	81.53	92.52	74.60	80.64
B. Tape Plant					
Installed Capacity	KGS	4577760	4577760	4577760	1144440

Capacity Utilisation	%	76.16	85.68	71.22	82.81

Note:-

- Capacity utilization has been calculated on the basis of actual production during the relevant fiscal year/ period divided by the aggregate installed capacity of relevant manufacturing facilities as of at the end of the relevant fiscal year/ period. In the case of capacity utilization for the three months ended June 30,2021, the capacity utilization has been calculated by dividing the actual production for the period by 25% of the annualized installed capacity.
- The above information is furnished on the basis of data provided and internal estimates and assumptions.

The above information has been certified by Ajay Paliwal & Co.,Chartered Accountants, by certificate dated September 16, 2021.

Procurement and Raw Materials

The main raw material used for production are, Polypropylene, Low Density Polyethylene, High Density Polyethylene, colour master batch, PP Resin, Anti fab /Calcium carbonate, UV stabilizers, Colour Master batch and pigments. These raw materials are available in sufficient quantity in India. The raw material is purchased in the Spot market. The material is on the basis of the rates offered by supplier .We also procure a significant proportion of fabric from regional suppliers. We believe our domain expertise and continued engagement with suppliers has enabled us to develop a healthy relationship with them.

Pricing

We determine the prices for our products based on various parameters, including market demand, transportation costs, raw materials costs, inventory levels and credit terms.

Utilities

We consume a substantial amount of power and fuel for our business operations. Our power requirements are met through state electricity boards. To meet exigencies in case of power failure, we have also installed two D.G. sets of 320 and 750 KVA at our Unit. We utilise ground water and water supply from local authorities to meet water requirements for our manufacturing process.

Customers, Sales and Marketing

As the manufacturer of industrial based product we cater to B2B segment. Our business operations and products primarily cater to the various customers based out of Cement, fertilizer Mines & Minerals and Textile industry. Our major customers are situated in the state of Rajasthan. We have primarily categorise our marketing and sales domain into domestic and export sales.

In Domestic market our company mainly caters to end user industry and traders and in export markets we deal with Traders segments. For domestic sales our company follows direct sales model and Commission Agent. For Export sales company we follow direct sales model and Commission Agent and merchant exports.

Our Company intend to focus on following marketing strategies:

- Introducing new range of products.
- Customer satisfaction
- Continuous follow-up with customers
- Develop new market and customers

We have in-house team of 4 employees as on June 30, 2021 which looks after the sales and marketing of our products. Our in-house team work closely with our existing and prospective customers to understand their technical needs and specifications, evolving preferences and meet their requirements.

Inventory Management

Our finished products and raw materials are mainly stored on-site at our manufacturing facility and processing unit in Udaipur. We produce quantity of finished products that is determined based on a combination of confirmed and expected orders.

Logistics

We transport raw materials and finished products primarily by road in case of our domestic operations. Our suppliers directly deliver raw materials to our manufacturing facility. We outsource the delivery of our products to either third-party logistics companies or as mutually decided between the dealer and Company. For our export operations, we primarily rely on sea-freight and carry such operations from Mundhra Port and Nhava Sheva Port (Jawaharlal nehru port).

Competition

We mainly compete with large organised companies and smaller regionally based competitors. Some of our competitors may have greater resources than those available to us. While product quality, timely delivery, etc. are key factors in customer decisions among competitors, however, price and quality are the deciding factor in most cases. Among listed companies of similar size and product portfolio, we face competition from listed companies like Kanpur Plastipack Ltd., Rishi Techtex Ltd., Gopala Polyplast Ltd., Jumbo Bag Ltd., SMVD Polypack Ltd., EMMBI Industries Ltd., Commercial Syn Bags Ltd.

Information Technology

We believe that an appropriate information technology infrastructure is important in order to support the growth of our business. Our manufacturing facility and office is connected to our central IT network that facilitates monitoring of our operations and management of supply chain. Our IT infrastructure enables us to track procurement of raw materials, sale of finished goods, payments to vendors and receivables from customers.

Repair and maintenance

We conduct regular repair and maintenance programs for our manufacturing facility and processing unit. Our machinery and electrical repair teams carry out periodic maintenance and repair of the plants and machinery on an as-needed basis. In addition, our manufacturing facility is periodically inspected by our technicians.

Quality Control

We place significant emphasis on quality control. We inspect the raw materials we receive, work-in-progress and final products. We have implemented internal procedures to ensure quality control at various stages of production, from procurement of raw material, production to inventory storage. Our manufacturing facility has personnel responsible for monitoring the parameters of equipment, technical parameters of materials, reporting any irregularities in the manufacturing process and making adjustments accordingly.

Environment, Health & Safety

Our activities are subject to various environmental laws and regulations which govern, among other matters, air emissions, waste water discharges, the handling, storage and disposal of hazardous substances and wastes and employee health and employee safety. For further information, see “Key Industry Regulations and Policies” beginning on page 127. We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations.

We have complied, and will continue to comply, with all applicable environmental and associated laws, rules and regulations. We have obtained, or are in the process of obtaining or renewing, all material environmental consents and licenses from the relevant governmental agencies that are necessary for us to carry on our business. For further information, see “Government and Other Statutory Approvals” beginning on page 191.

Insurance

Our operations are subject to various risks inherent in the FIBC manufacturing industry. We have obtained insurance in order to manage the risk of losses from potentially harmful events, including: (i) Standard fire & special perils policy (ii) Marine cargo open policy, and (iii) Money insurance policy (iv) Burglary Policy (v) Marine open Inland policy, (vi) Marine open Export Policy. These insurance policies are renewed periodically to ensure that the coverage is adequate. Our insurance covers our manufacturing facility and processing Unit.

We believe that our insurance coverage is in accordance with industry custom, including the terms of and the coverage provided by such insurance. Our policies are subject to standard limitations. Therefore, insurance might not necessarily cover all losses incurred by us and we cannot provide any assurance that we will not incur losses or suffer claims beyond the limits of, or outside the relevant coverage of, our insurance policies. *See “Risk Factors– Our insurance policies do not cover all risks, specifically risks like product defect/liability risk, loss of profits and terrorism. In the event of the occurrence of such events, our insurance coverage may not adequately protect us against possible risk of loss.” on page 25*

Intellectual Property

We have applied for our brand logo  under class 16 of the Trademarks Act. As on the date of DRHP, our Company has 1 Trademark registered in its name.

We have also registered the domain name www.sahpolymers.com in India.

Employees

We have developed a pool of skilled and experienced personnel. As of June 30, 2021, we had an employee base of 98 employees including our Executive directors. The following table sets forth a breakdown of our employees by function as of June 30, 2021:

Function	Number of Employees
Sales & marketing	4
Production	60
Quality Control, Billing, purchase & store, Maintenance	14
Management & Finance	7
Security and Administration	4
IT	1
Other workers	8
Total	98

Collaboration

As on date of this Draft Red Herring Prospectus, our Company has not entered into any technical or financial collaboration agreements.

Properties

Our registered office and manufacturing Unit is on lease and is located at E-260-261, Mewar, Industrial Area, Madri, Udaipur (Raj.)-313003. As on the date of this Draft Red Herring Prospectus, we operate one registered office/manufacturing facility and one processing unit in G-260, IID Center, Kaladwas, Udaipur ,Rajasthan 313003 which are situated on land leased by us from third party.

Further we have purchased a land at Udaipur where we propose to set –up a new manufacturing facility at Udaipur, Rajasthan over 16,000 sq. mtr. located at Araji no. 1164-1166, Village Modi, Tehsil Vallabhnagar, Udaipur (Raj.)– 313602 for manufacturing Flexible Intermediate Bulk Containers (FIBC): with an annual installed capacity of 3960 MT. For further details, please refer the chapter titled “Objects of the Issue”, beginning on page 81 of Draft Red Herring Prospectus.

KEY INDUSTRY REGULATIONS AND POLICIES

Except as otherwise specified in this Draft Red Herring Prospectus, the Companies Act, 1956 / the Companies Act, 2013, we are subject to a number of central and state legislations which regulate substantive and procedural aspects of our business. Additionally, our operations require sanctions from the concerned authorities, under the relevant Central and State legislations and local bye-laws. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business as a player in business of integrated facilities management services industry. Taxation statutes such as the I.T. Act, and applicable Labour laws, environmental laws, contractual laws, intellectual property laws as the case may be, apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. The regulations set out below may not be exhaustive, and are only intended to provide general information to Applicants and is neither designed nor intended to be a substitute for professional legal advice.

APPROVALS

For the purpose of the business undertaken by our Company, our Company is required to comply with various laws, statutes, rules, regulations, executive orders, etc. that may be applicable from time to time. The details of such approvals have more particularly been described for your reference in the chapter titled “Government and Other Statutory Approvals” beginning on page number 191 of this Draft Red Herring Prospectus

The Rajasthan Industrial Development Policy, 2019 has been prepared with a view to promoting inclusive, balanced, sustainable and eco-friendly industrial development, creating infrastructure and employment opportunities, promoting balanced regional industrial development to emerge Rajasthan as the most preferred investment destination with a robust eco-system.

Its missions are to develop and maintain industrial infrastructure, to offer competitive fiscal incentives, maximize potential of human capital of the State, special focus on ‘Backward’ and ‘Most Backward’ areas, to foster entrepreneurship and innovation, to promote industrial symbiosis and environmentally sustainable industrial development, to support technological upgradation of industry, to rationalize regulations and inspections, etc.

An autonomous body of exporters, Rajasthan Export Promotion Council (REPC), shall be constituted to create mechanism of facilitation across all sectors for providing policy and regulatory inputs, issues and challenges in exports and probable solutions.

The Legal Metrology Act, 2009

The Legal Metrology Act, 2009 (“L.M. Act”) governs the standards/units/denominations used for weights and measures as well as for goods which are sold or distributed by weight, measure or number. It also states that any transaction/contract relating to goods/class of goods shall be as per the weight/measurement/numbers prescribed by the L.M. Act. Moreover, the L.M. Act prohibits any person from quoting any price, issuing a price list, cash memo or other document, in relation to goods or things, otherwise than in accordance with the provisions of the L.M. Act. The specifications with respect to the exact denomination of the weight of goods to be considered in transactions are contained in the Rules made by each State. The Act also provides Legal Metrology (General) Rules, 2011, which may be followed for due compliance, if the respective State does not provide for Rules in this regard.

The Rajasthan Weights and Measures (Enforcement) Act, 1958

The Rajasthan Weights and Measures (Enforcement) Act, 1958 was introduced to provide for the enforcement of standard weights and measures and for matters connected therewith. The Act applies to the whole of the State of Rajasthan. In exercise of the powers conferred by Section 42 of the The Rajasthan Weights and Measures (Enforcement) Act, 1958, the State Government introduced the Rajasthan Weights and Measures (Enforcement) Rules, 1959 which defines the secondary standards, working standards, inspection and verification of weights, etc.

The Micro, Small and Medium Enterprises Development Act, 2006

The Micro, Small and Medium Enterprises Development Act, 2006 was enacted to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (“MSME”). A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951. The Government, in the Ministry of Micro, Small and Medium Enterprises has issued a notification dated 01st June, 2020 revising definition and criterion and the same has come into effect from 01st July, 2020. The notification revised the definitions as “Micro enterprise”, where the investment in plant and machinery or equipment does not exceed one crore rupees and turnover does not exceed five crore rupees; “Small enterprise”, where the investment in plant and machinery or equipment does not exceed ten crore rupees and turnover does not exceed fifty crore rupees; “Medium enterprise”, where the investment in plant and machinery or equipment does not exceed five crore and turnover does not exceed two hundred and fifty crore rupees.

The Rajasthan Micro, Small & Medium Enterprise (Facilitation of Establishment and Operation) Act, 2019

The Rajasthan Micro, Small & Medium Enterprise (Facilitation of Establishment and Operation) Act, 2019 was enacted to provide exemption from certain approvals and inspections for establishment and operation of the micro, small and medium enterprises in Rajasthan and matters connected therewith or incidental thereto. The Act was enacted to promote inclusive economic growth and employment generation in the State and to address the specific needs of the MSME enterprises and promote entrepreneurship. The Act provides for exemptions to MSMEs to seek approvals under certain specific acts subject to the provisions of the Central Act. The Act applies to new MSME enterprises whose date of commencement of commercial operations is proposed on or after the date of promulgation of the Act i.e. March 04, 2019 and it also includes an enterprise set up or proposed to be set up by an existing enterprise for manufacturing products or providing services at a location which is separately identifiable and different from the location of the existing enterprise. On filing the Declaration of Intent and on being satisfied the Competent Authority issues the Acknowledgement certificate which is valid for a period of three years from the date of issuance of the certificate and after the expiry of the period the enterprise shall have to obtain required approvals within six months from the date of such expiry.

Bureau of Indian Standards Act, 2016 (the “BIS Act”)

BIS Act was notified on March 22, 2016 and came into effect from October 12, 2017. The BIS Act establishes the Bureau of Indian Standards (BIS) as the National Standards Body of India. The BIS Act has enabling provisions for the Government to bring under compulsory certification regime any goods or article of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. The BIS Act also allows multiple type of simplified conformity assessment schemes including self-declaration of conformity against a standard which will give simplified options to manufacturers to adhere to the standards and get certificate of conformity. The BIS Act enables the Central Government to appoint any authority/agency, in addition to the BIS, to verify the conformity of products and services to a standard and issue certificate of conformity. Further, there is also a provision for repair or recall, including product liability of the products bearing standard mark but not conforming to the relevant Indian Standard.

EMPLOYMENT AND LABOUR LAWS

The Code on Wages, 2019

The Code on Wages, 2019 (The “Code”) seeks to amend, consolidate and regulate the laws relating to wage and bonus payments in all employments and matters connected therewith or incidental thereto and aims at providing equal remuneration to employees performing work of a similar nature in every industry, trade, business or manufacture. The Code received the assent of the Lok Sabha on July 30, 2019 and of the Rajya Sabha on August 2, 2019. Subsequently, the Code received presidential assent on 8th August 2019, and was notified by the Ministry of Law and Justice, Government of India on the same date. The Code subsumes and repeals the provisions of four statutes -- the Payment of Wages Act, 1936 which ensures that payment of wages to employees are disbursed on time and no undue deductions are made, the Minimum Wages Act, 1948 which enables fixing of minimum rates of wages in certain employments, the Payment of Bonus Act, 1965 which provides for payment of bonus to persons employed in certain establishments on the basis of profit or productivity, and the Equal Remuneration Act, 1976 which aims to mandate equal remuneration to prevent gender discrimination in employment matters. Further, the Ministry of Labour and Employment has also notified the Draft Code on Wages (Central) Rules, 2020 under the Code.

The Code on Wages shall come into force on such date as may be prescribed by the Central Government by way of a notification of the Official Gazette. The Code in its entirety is yet to be notified ; however, certain provisions pertaining to the composition and duties of the Central Advisory Board as encompassed in Section 42, Section

67 and Section 69 of the Code have been brought into force by the Ministry of Labour and Employment vide Notification dated December 18, 2020.

Contract Labour (Regulation and Abolition) Act, 1970

The Contract Labour (Regulation and Abolition) Act, 1970 (“CLRA”) has been enacted to regulate the employment of contract labour in certain establishments, the regulation of their conditions and terms of service and to provide for its abolition in certain circumstances. The CLRA applies to every establishment in which 20 or more workmen are employed or were employed on any day of the preceding 12 months as contract labour. The CLRA vests the responsibility on the principal employer of an establishment to which the CLRA applies to make an application to the registered officer in the prescribed manner for registration of the establishment. In the absence of registration, a contract labour cannot be employed in the establishment. Likewise, every contractor to whom the CLRA applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. To ensure the welfare and health of the contract labour, the CLRA imposes certain obligations on the contractor in relation to establishment of canteens, rest rooms, drinking water, washing facilities, first aid, other facilities and payment of wages. However, in the event the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time period. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRA.

Under GST, goods and services are taxed at the following rates, 0%, 5%, 12% and 18%. There is a special rate of 0.25% on rough precious and semi-precious stones and 3% on gold. In addition, a cess of 15% or other rates on top of 28% GST applies on few items like aerated drinks, luxury cars and tobacco products.

Export and supplies to SEZ shall be treated as zero-rated supplies. Import of goods and services would be treated as inter-state supplies. Every person liable to take registration under these Acts shall do so within a period of 30 days from the date on which he becomes liable to registration. The Central/State authority shall issue the registration certificate upon receipt of application. The Certificate shall contain fifteen digit registration number known as Goods and Service Tax Identification Number (GSTIN). In case a person has multiple business verticals in multiple location in a state, a separate application will be made for registration of each and every location. The registered assessee are then required to pay GST as per the rules applicable thereon and file the appropriate returns as applicable thereon.

Customs Act, 1962 (the “Customs Act”)

The Customs Act governs among other things, the import and export of goods, determination of rate of duty, tariff valuation, the manner of payment to authorities, and loading and unloading of goods. The Customs Act also provides for levy of penalty and/or confiscation of prohibited or dutiable goods. The duties imposed on the import and export of goods are subject to rates specified under the Customs Tariff Act, 1975. Further, pursuant to the Customs Act, the Department of Customs appoints ports or airports as customs ports or customs airports and places as Inland Container Depots (ICDs).

OTHER LAWS

The Factories Act, 1948

The Factories Act defines a ‘factory’ to be any premises including the precincts thereof, on which on any day in the previous 12 months, 10 or more workers are or were working and in which a manufacturing process is being carried on or is ordinarily carried on with the aid of power; or where at least 20 workers are or were working on

any day in the preceding 12 months and on which a manufacturing process is being carried on or is ordinarily carried on without the aid of power. State governments prescribe rules with respect to the prior submission of plans, their approval for the establishment of factories and the registration and licensing of factories. The Factories Act provides that the 'occupier' of a factory (defined as the person who has ultimate control over the affairs of the factory and in the case of a company, any one of the directors) shall ensure the health, safety and welfare of all workers while they are at work in the factory, especially in respect of safety and proper maintenance of the factory such that it does not pose health risks, the safe use, handling, storage and transport of factory articles and substances, provision of adequate instruction, training and supervision to ensure workers' health and safety, cleanliness and safe working conditions.

Rajasthan Factories Rules, 1951

These Rules regulate the registration and grant or renewal of licenses to the factories set up in the State of Rajasthan (including Abu, Ajmer and Sunel Area). The rules state that an occupier shall not use any premises as a factory or carry on any manufacturing process in a factory unless a license has been issued in respect of such premises and is in force for the time being. The Rules also provide for health and safety measures, health of workers, working hours, compensation, leaves, establishment of a Safety Committee in every factory wherein more than 50 workers are ordinarily employed and which carry on operations declared to be dangerous under section 87 of the Factories Act, 1948.

Rajasthan Control of Industrial Major Accident Hazards Rules, 1991

The Rules regulate the major accidents involving loss of life inside or outside the site, or 10 or more injuries inside and/or one or more injuries outside or release of toxic chemicals or explosion or fire or spillage of hazardous chemicals resulting in on-site or off-site emergencies or damage to equipment leading to stoppage of process or adverse effects to the environment. These rules are supplementary to already notified Factories Act, 1948.

ENVIRONMENTAL LEGISLATIONS

The Environment Protection Act, 1986

The purpose of the Environment Protection Act ("Environment Protection Act") is to act as an "umbrella" legislation designed to provide a frame work for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to (a) prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

The Public Liability Insurance Act, 1991

This Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

National Environmental Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

Air (Prevention and Control of Pollution) Act, 1981

Air (Prevention and Control of Pollution) Act 1981 (-the Act) was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act, 1974 (-the Act) was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

The Water (Prevention And Control Of Pollution) Cess Act, 1977 (“Water Pollution Cess Act”)

The Water Pollution Cess Act has been enacted to provide for the levy and collection of a cess on water consumed by persons carrying on certain industries to augment the resources of the central pollution control board and state pollution control boards. The Water Pollution Cess Act also provides for a rebate to the extent of 25% of the cess payable, in favour of persons who, being liable to cess under the Water Pollution Cess Act, install any plant for the treatment of sewage or effluents. However, this rebate is not applicable to persons consuming water in excess of the maximum prescribed quantity or who fail to comply with the provisions of section 25 of the Water Act or who fail to adhere to standards laid down by the Central Government under the Environment Act.

INTELLECTUAL PROPERTY LEGISLATIONS

In general, the Intellectual Property Rights includes but is not limited to the following enactments:

- The Patents Act, 1970
- Indian Copyright Act, 1957
- The Trade Marks Act, 1999
- Design Act, 2000

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

Trade Marks Act, 1999

The Trade Marks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

Designs Act, 2000

The Design Act, 2000 came into force in May 2001 to consolidate and amend the law relating to protection of designs. A design refers to the features of shape, configuration, pattern, ornamentation or composition of lines or colours applied to any article, in two or three dimensional or both forms. In order to register a design, it must be new and original and must not be disclosed to the public anywhere in India or any other country by publication in tangible form or in any other way prior to the filing date. A design should be significantly distinguishable from known designs or combination of known designs in order for it to be registerable. A registered design is valid for a period of 10 years after which can be renewed for a second period of 5 years, before the expiration of the original period of 10 years. After such period the design is made available to the public by placing it in the public domain.

GENERAL LAWS

Apart from the above list of laws – which is inclusive in nature and not exhaustive - general laws like the Indian Contract Act 1872, Specific Relief Act 1963, Negotiable Instrument Act 1881, The Information Technology Act, 2000, Sale of Goods Act 1930 and Consumer Protection Act 1986 are also applicable to the company.

The Central Government may also appoint Director General of Foreign Trade (“DGFT”) for the purpose of Export-Import Policy formulation.

If any person makes any contravention to any law or commits economic offence or imports/exports in a manner prejudicial to the trade relations of India or to the interest of other person engaged in imports or exports then there shall be no Import Export Code number granted by Director-General to such person and if in case granted shall stand cancelled or suspended. Provision of search and seizure of Code of Criminal Procedure, 1973 shall apply to every search and seizure made under this Act. In case of appeals in a case the order made by the appellate authority shall be considered to be final. The powers of the civil court under Code of Civil Procedure, 1908 shall

vest in him.

The EXIM Policy is a set of guidelines and instructions established by the DGFT in matters related to the export and import of goods in India. This policy is regulated under the said act. DGFT is the main governing body in matters related to the EXIM Policy. The Act shall provide development and regulation of foreign trade by facilitating imports into, and augmenting exports from India. Trade Policy is prepared and announced by the Central Government (Ministry of Commerce).

Foreign Exchange Management Act, 1999 and regulations thereunder

Foreign investment in India is primarily governed by the provisions of the Foreign Exchange Management Act, 1999 ("FEMA") and the rules and regulations promulgated there under. FEMA aims at amending the law relating to foreign exchange with facilitation of external trade and payments for promoting orderly developments and maintenance of foreign exchange market in India. It applies to all branches, offices and agencies outside India owned or controlled by a person resident in India and also to any contravention there under committed outside India by any person to whom this Act applies. Every exporter of goods is required to a) furnish to the Reserve Bank or to such other authority a declaration in such form and in such manner as may be specified, containing true and correct material particulars, including the amount representing the full export value or, if the full export value of the goods is not ascertainable at the time of export, the value which the exporter, having regard to the prevailing market conditions, expects to receive on the sale of the goods in a market outside India; b) furnish to the Reserve Bank such other information as may be required by the Reserve Bank for the purpose of ensuring the realization of the export proceeds by such exporter. The Reserve Bank may, for the purpose of ensuring that the full export value of the goods or such reduced value of the goods as the Reserve Bank determines, having regard to the prevailing market conditions, is received without any delay, direct any exporter to comply with such requirements as it deems fit. Every exporter of services shall furnish to the Reserve Bank or to such other authorities a declaration in such form and in such manner as may be specified, containing the true and correct material particulars in relation to payment for such services.

As laid down by the FEM Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 ("FEM Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. The RBI, in exercise of its power under FEMA, has notified the Foreign Exchange Management (Export of Goods & Services) Regulations, 2015 which deals with exports, the declaration to be filed, the realization of export value, etc. The RBI amended these Regulations by introducing the Foreign Exchange Management (Export of Goods and Services) (Amendment) Regulations, 2021 (the "Amendment Regulations") through a notification dated January 08th, 2021 to introduce certain exemptions related to the aviation sector through the Amendment Regulations. In exercise of the powers conferred by section 47 of the Foreign Exchange Management Act, 1999 (42 of 1999) and consequent to the Foreign Exchange Management (Non-Debt Instrument) Rules, 2019, the Reserve Bank has notified the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instrument) Regulations, 2019 ("Principle Regulations") relating to mode of payment and reporting requirements for investment in India by a person resident outside India. The RBI has notified the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) (Amendment) Regulations, 2020 whereby amendment has been made to Regulation 3.1 of the Principle Regulations which deals with the Mode of Payment and Remittance of sale proceeds in which Schedule II and Schedule VII was substituted. The RBI, also notified the Foreign Exchange Management (Foreign currency accounts by a person resident in India) Regulations, 2015 to regulate opening and maintenance of foreign currency accounts in and outside India by a person resident in India. The RBI passed a notification dated February 27th, 2019 amending the regulations by passing the Foreign Exchange Management (Foreign Currency Accounts by a person resident in India) (Amendment) Regulations, 2019 amending regulation applicable to authorized dealers.

The Foreign Direct Investment

The Government of India has from time to time made policy pronouncements on Foreign Direct Investments (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade (“DPIIT”) issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “FDI Policy”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

DIVIDEND POLICY

Under the Companies Act, 2013, an Indian company pays dividends upon a recommendation by its Board of Directors and approval by a majority of the shareholders. Under the Companies Act, 2013 dividends may be paid out of profits of a company in the year in which the dividend is declared or out of the undistributed profits or reserves of the previous years or out of both.

Our Company does not have a formal dividend policy. Any dividends to be declared shall be recommended by the Board of Directors depending upon the financial condition, results of operations, capital requirements and surplus, contractual obligations and restrictions, the terms of the credit facilities and other financing arrangements of our Company at the time a dividend is considered, and other relevant factors and approved by the Equity Shareholders at their discretion. Our Company has not declared or paid any dividend during the last three financial years ending on March 2021, 2020 and 2019 and the stub period ending on June 30, 2021 till the date of this DRHP.

Dividends are payable within 30 days of approval by the Equity Shareholders at the annual general meeting of our Company. When dividends are declared, all the Equity Shareholders whose names appear in the register of members of our Company as on the “record date” are entitled to be paid the dividend declared by our Company.

Any Equity Shareholder who ceases to be an Equity Shareholder prior to the record date, or who becomes an Equity Shareholder after the record date, will not be entitled to the dividend declared by our Company. We may/may not retain all our future earnings, if any, for use in the operations and expansion of our business. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among other, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements.

SAH POLYMERS LIMITED

Notes to the Restated Financial Statements

1. Reporting Entity

Sah Polymers Limited (SPL) is a public limited Company domiciled in India and is incorporated under the provisions of the Companies Act, 1956. SPL is engaged in the manufacture of HDPE/PP woven fabrics and sacks with annual production capacity of 6062 MT. The manufacturing capacities are situated at Udaipur (Rajasthan). The fabrics and sacks find applications in the packing of cement, minerals, food grains etc.

The Restated Financial Information comprise of financial statements of Sah Polymers Limited ('the Company' or 'the Holding Company') and its subsidiary, Sat ECOM Limited ('the Subsidiary'). However the Amalgamation of Subsidiary Company was approved on 31/08/2020 w.e.f. 01.04.2019 hence the Revised and Restated Financial Statements includes Consolidated Financial Statements for the year ended 31.03.2019 and 31.03.2020 and Standalone Financial Statements for the period/year ended 30.06.2021 and 31.03.2021

2. Significant Accounting Policies

Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013. The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013.

Basis of Preparation

The financial statements are prepared in accordance with the historical cost convention, except for certain items that are measured at fair values, as explained in the accounting policies.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 – Share-based Payment, leasing transactions that are within the scope of Ind AS 17 – Leases, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 – Inventories or value in use in Ind AS 36 – Impairment of Assets.

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.

Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Property, Plant and Equipment – Tangible Assets

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All up gradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight line basis. Land is not depreciated.

The estimated useful lives of property, plant and equipment of the Company are as follows:

Buildings	30 Years
Plant and Equipment	25 Years
Furniture and Fixtures	10 Years
Vehicles	8 Years
Office Equipment	5 Years

No write off is made in respect of leasehold land.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant lease.

Property, plant and equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate.

Intangible Assets

Intangible Assets that the Company controls and from which it expects future economic benefits are capitalised upon acquisition and measured initially:

- a. for assets acquired in a business combination or by way of a government grant, at fair value on the date of acquisition/grant
- b. for separately acquired assets, at cost comprising the purchase price (including import duties and nonrefundable taxes) and directly attributable costs to prepare the asset for its intended use.

Internally generated assets for which the cost is clearly identifiable are capitalised at cost. Research expenditure is recognised as an expense when it is incurred. Development costs are capitalised only after the technical and commercial feasibility of the asset for sale or use has been established. Thereafter, all directly attributable expenditure incurred to prepare the asset for its intended use are recognised as the cost of such assets. Internally generated brands, websites and customer lists are not recognised as intangible assets.

The useful life of an intangible asset is considered finite where the rights to such assets are limited to a specified period of time by contract or law (e.g., patents, licenses, trademarks, franchise and servicing rights) or the likelihood of technical, technological obsolescence (e.g., computer software, design, prototypes) or commercial obsolescence (e.g., lesser known brands are those to which adequate marketing support may not be provided). If, there are no such limitations, the useful life is taken to be indefinite. Intangible assets that have finite lives are amortized over their estimated useful lives by the straight line method unless it is practical to reliably determine the pattern of benefits arising from the asset. An intangible asset with an indefinite useful life is not amortized.

All intangible assets are tested for impairment. Amortization expenses and impairment losses and reversal of impairment losses are taken to the Statement of Profit and Loss. Thus, after initial recognition, an intangible asset is carried at its cost less accumulated amortization and / or impairment losses.

The useful lives of intangible assets are reviewed annually to determine if a reset of such useful life is required for assets with finite lives and to confirm that business circumstances continue to support an indefinite useful life assessment for assets so classified. Based on such review, the useful life may change or the useful life assessment may change from indefinite to finite. The impact of such changes is accounted for as a change in accounting estimate.

Impairment loss, if any, is provided to the extent, the carrying amount of assets or cash generating units exceed their recoverable amount.

Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life.

Impairment losses recognised in prior years are reversed when there is an indication that the impairment losses recognised no longer exist or have decreased. Such reversals are recognised as an increase in carrying amounts of assets to the extent that it does not exceed the carrying amounts that would have been determined (net of amortization or depreciation) had no impairment loss been recognised in previous years.

Inventories

Inventories are stated at lower of cost and net realisable value. The cost is calculated on weighted average method. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition and includes, where applicable, appropriate overheads based on normal level of activity. Net realisable value is the estimated selling price less estimated costs for completion and sale.

Foreign Currency Transactions

The functional and presentation currency of the Company is Indian Rupee.

Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/ losses arising on settlement as also on translation of monetary items are recognised in the Statement of Profit and Loss.

Exchange differences arising on monetary items that, in substance, form part of the Company's net investment in a foreign operation (having a functional currency other than Indian Rupee) are accumulated in Foreign Currency Translation Reserve.

Investment in Subsidiary

Investment in subsidiary is carried at cost less accumulated impairment, if any.

Financial instruments, Financial assets, Financial liabilities and Equity instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

Financial Assets**Recognition:**

Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification:

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- (a) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/or interest.
- (b) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- (c) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment:

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Reclassification: When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition: Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. Concomitantly, if the asset is one that is measured at:

- (a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;
- (b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Income Recognition:

Interest income is recognised in the Statement of Profit and Loss using the effective interest method. Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Financial Liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption / settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet.

Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Equity Instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

Revenue

Revenue is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of returns and discounts to customers. Revenue from the sale of goods includes duties which the Company pays as a principal but excludes amounts collected on behalf of third parties, such as goods and service tax.

Revenue from the sale of goods is recognised when significant risks and rewards of ownership/control have been transferred to the customer, which is mainly upon delivery, the amount of revenue can be measured reliably and recovery of the consideration is probable. Revenue from services is recognised in the periods in which the services are rendered.

Government Grant

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria.

Government grants are recognised when there is reasonable assurance that the grant will be received, and the Company will comply with the conditions attached to the grant. Accordingly, government grants:

- (a) related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the useful life of the assets.
- (b) related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- (c) by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

Employee Benefits

i) Short-term Employee benefits Liabilities for wages and salaries including nonmonetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are classified as short term employee benefits and are recognized as an expense in the Statement of Profit and Loss as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

iii) Post-Employment Benefits Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund maintained with Regional Provident Fund Office and Superannuation Fund are charged as an expense in the Statement of Profit and Loss as they fall due.

Defined Benefit Plans

Gratuity Fund

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. Gratuity is payable to all eligible employees on death or on separation/ termination in terms of the provisions of the payment of the Gratuity (Amendment) Act, 1997 or as per the Company's scheme whichever is more beneficial to the employees.

Provident Fund

The contributions to the Provident Fund of employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contribution.

iv) Other Long Term Employee Benefits

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by the employees upto the end of the reporting period using the projected unit credit method

Re-measurements are recognised in profit or loss in the period in which they arise. Actuarial gains and losses in respect of such benefits are charged to Statement of Profit and Loss in the period in which they arise.

Leases

Leases are recognised as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Company as a Lessee

Assets used under finance leases are recognised as property, plant and equipment in the Balance Sheet for an amount that corresponds to the lower of fair value and the present value of minimum lease payments determined at the inception of the lease and a liability is recognised for an equivalent amount.

The minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in the Statement of Profit and Loss.

Rentals payable under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Company is a lessor under an operating lease, the asset is capitalised within property, plant and equipment and depreciated over its useful economic life. Payments received under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the term of the lease.

Taxes on Income

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

Claims

Claims against the Company not acknowledged as debts are disclosed after a careful evaluation of the facts and legal aspects of the matter involved.

Provisions

Provisions are recognised when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognised is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation.

Financial and Management Information Systems

The Company's Accounting System is designed to comply with the relevant provisions of the Companies Act, 2013, to provide financial information appropriate to the businesses and facilitate Internal Control.

Use of estimates and judgements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

A. Judgements in applying accounting policies

The judgements, apart from those involving estimations (see note below), that the Company has made in the process of applying its accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of intangible assets. The Company is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement. Certain trademarks have been considered of having an indefinite useful life taking into account that there are no technical, technological or commercial risks of obsolescence or limitations under contract or law. Other trademarks have been amortized over their useful economic life. Refer notes to the financial statements.

B. Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

1. Useful lives of property, plant and equipment and intangible assets:

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

2. Fair value measurements and valuation processes:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to the financial statements.

3. Actuarial Valuation:

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

4. Claims, Provisions and Contingent Liabilities:

In the case of litigations where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

3 : FINANCIAL RISK MANAGEMENT

The activities of the Company exposes it to a number of financial risks namely market risk, credit risk and liquidity risk. The Company seeks to minimize the potential impact of unpredictability of the financial markets on its financial performance. The Company does regularly monitor, analyze and manage the risks faced by the Company and to set and monitor appropriate risk limits and controls for mitigation of the risks.

A. MANAGEMENT OF MARKET RISK:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: interest rate risk, price risk and currency rate risk. Financial instruments affected by market risk includes borrowings and investments. The Company has international trade operations and is exposed to a variety of market risks, including currency and interest rate risks.

(i) Management of interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings and investments are all in fixed rate instruments.

(ii) Management of price risk:

The Company has no surplus for investment in debt mutual funds, deposits etc. The Company does make deposit with the banks to provide security/margin against guarantee given by the banks. Deposit is made in fixed rate instrument. In view of this it is not susceptible to market price risk, arising from changes in interest rates or market yields which may impact the return and value of the investments.

(iii) Management of currency risk:

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has foreign currency trade receivables and is therefore exposed to foreign exchange risk. The Company mitigates the foreign exchange risk by setting appropriate exposure limits, periodic monitoring of the exposures etc.. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Company may be impacted due to volatility of the rupee against foreign currencies.

Exposure to currency risk(The Company has exposure only in USD/EURO converted to functional currency i.e.INR)

The currency profile of financial assets and financial liabilities as at June 30, 2021, March 31, 2021, March 31, 2020 and March 31, 2019, are as below:

Rs. In Lakhs					
Financial assets	Exposure currency	As at 30.06.2021	As at 31.03.2021	As at 31.03.2020	As at 31.03.2019
Trade receivables	USD	424.54	427.23	519.12	521.33
	EURO	106.28	192.25	77.94	66.14
Trade payable	USD	13.16	12.25	11.34	10.45
	EURO	8.36	8.36	1.14	0
		509.3	598.87	584.58	577.02

Sensitivity analysis

A reasonably possible 5% strengthening (weakening) of the Indian Rupee against USD/EURO at March 31 would have affected the measurement of financial instruments denominated in USD/EURO and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Rs.in lakhs				
	As at		Strengthening	Weakening
Profit/(Loss)	31.03.2019		28.85	28.85
	31.03.2020		29.23	29.23
	31.03.2021		29.94	29.94
	30.06.2021		25.46	25.46

B. MANAGEMENT OF CREDIT RISK:

Credit risk refers to the risk of default on its obligations by a counterparty to the Company resulting in a financial loss to the Company. The Company is exposed to credit risk from its operating activities (trade receivables) and foreign exchange transactions and financial instruments.

Credit risk from trade receivables is managed through the Company's policies, procedures and controls relating to customer credit risk management by establishing credit limits, credit approvals and monitoring creditworthiness of the customers to which the Company extends credit in the normal course of business. Outstanding customer receivables are regularly monitored. The Company has no concentration of credit risk as the customer base is widely distributed.

The Company's historical experience of collecting receivables and the level of default indicate that credit risk is low and generally uniform across markets; consequently, trade receivables are considered to be a single class of financial assets. All overdue customer balances are evaluated taking into account the age of the dues, specific credit circumstances, the track record of the counterparty etc. Loss allowances and impairment is recognised, where considered appropriate by responsible management.

C. MANAGEMENT OF LIQUIDITY RISK:

Liquidity risk is the risk that the Company may not be able to meet its present and future cash obligations without incurring unacceptable losses. The Company's objective is to maintain at all times, optimum levels of liquidity to meet its obligations. The Company closely monitors its liquidity position and has a cash management system. The Company maintains adequate sources of financing including debt and overdraft from domestic and international banks and financial markets at optimized cost.

The Company's/group (consolidated) Current assets aggregate to Rs. 2709.89 lakhs, June,21 (2021- Rs. 2573.41 lakhs, 2020- Rs. 2257.26 lakhs,2019- Rs.2285.61 lakhs), including Cash and cash equivalents and Other bank balances of Rs. 25.48 lakhs- June, 21(2021-Rs. 244.93 lakhs, 2020 - Rs. 169.95 lakhs and 2019-Rs. 185.75 lakhs) against an aggregate Current liability of Rs. 1909.47 lakhs - June ,21(2021- Rs.1816.76 lakhs, 2020 - Rs. 1576.86 Lakhs and 2019- Rs. 1659.82); Non-current liabilities due between one year to three years amounting to Rs. 89.76 lakhs - June 21 (2021- Rs. 89.76 lakhs, 2020 - NIL and 2019- NIL) and Non-current liability due after three years amounting to NIL - June 21(2021- NIL, 2020- NILand 2019 - NIL) on the reporting date. Further, while the Company's/ Group's total equity stands at Rs. 2119.95 lakhs- June,2021(2021- Rs.2008.75 lakhs, 2020- Rs. 1927.01 lakhs and 2019- Rs.1897.33 lakhs), it has non-current borrowings of Rs. 89.76 lakhs -June,2021(2021- Rs. 89.76 lakhs, 2020 - Rs. NIL and 2019- Rs. NIL). In such circumstances, liquidity risk or the risk that the Company/Group may not be able to settle or meet its obligations as they become due does not exist.

D. Fair value measurement

Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models

based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

The fair value of trade receivables, trade payables and other Current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are Non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

The following table presents the fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Note 37

AMALGAMATION OF SUBSIDIARY :

The Board of Directors of the Company at their meeting held on 18/11/2019 and the shareholders and unsecured creditors of the Company at their respective meetings held on 14/01/2020 and 18/01/2020 unanimously approved the proposal for the amalgamation of its wholly owned subsidiary, Sat E-Com Limited (SEL) with the Company under section 233 of the Companies Act, 2013, subject to all the necessary statutory / regulatory approvals. The Scheme of Amalgamation ('The Scheme') for merger of SEL with the Company has been approved by the Regional Director, North Western (RD-NW), Ministry of Corporate Affairs, Ahmedabad under Section 233 of Chapter XV of the Companies Act, 2013 on 21/08/2020, the Scheme has become effective from appointed date i.e., 1 April 2019 and the effect thereof has been given in these accounts. Consequently,

a) In terms of the Scheme, the entire business and the whole of the undertaking of SEL, as a going concern stands transferred to and vested in the Company with effect from April 01, 2019, being the Merger Appointed Date.

b) As SEL was a wholly owned subsidiary of the Company, no consideration was payable pursuant to amalgamation of SEL with the Company.

c) Accounting for Amalgamation:

The amalgamation of SEL with the Company is accounted for on the basis of the Pooling Interest Method as envisaged in the Indian Accounting Standard (Ind AS) - 103 on Accounting for Business Combinations specified in the Companies (Indian Accounting Standard) Rules 2015 and in terms of the scheme, as below,

- All asset and liabilities of the SEL were recorded at their respective book values under the respective accounting heads of the Company

- (Rs. 50.00 lakhs) being the difference between the value of net assets of the SEL transferred to the Company (determined as stated above) and the carrying value of the Company's investment in SEL (cancelled as above) has been adjusted to Capital Reserve of the Company. This accounting treatment of the reserve has been prescribed in the Scheme .

d)SEL was a Company engaged in the business of software etc., which was 100% subsidiary of the Company.

e)The scheme inter alia provides that upon the Scheme become effective and with effect from the appointed date, the authorised share capital of SEL shall stand transferred to and be merged/amalgamated with the authorised share capital of the Company. Consequently, authorised share capital of the Company enhanced to Rs. 1650 lakhs (divided into 1,65,00,000 equity shares of Rs. 10 each)

f)Summary of relevant quantitative information of SEL as at the appointed date i.e. 1 April, 2019 has been provided below:

Particulars	Amount (Rs. in lakhs)
A. Assets	54.11
Liabilities	0.03
C.Net assets taken over (C = A - B)	54.08
D.Reserves of SEL vested in SPL

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

During the year/period, the Company has not accounted for tax credits in respect of Minimum Alternative Tax (MAT credit) of Rs. NIL as at June 30, 2021, Rs NIL as at March 31, 2021 Rs 1.33 lakhs as at March 31,2020 and Rs 14.49 lakhs as at March 31, 2019. The Company is reasonably not certain availing the said MAT Credit in future years against the normal tax expected to be paid in those years and accordingly has not recognised a deferred tax asset for the same.

1. The Board approved and passed resolution on August 21, 2021, to raise funds by making Initial Public Offering.
2. The shareholders approved and passed special resolution on September 13, to authorize the Board of Directors to raise funds by making Initial Public Offering.

FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled “*Risk Factors*” beginning on page 25 of this Draft Red Herring Prospectus. Our results of operations and financial conditions are affected by numerous factors including the following:

- Volatility in supply and pricing of raw material;
- Outbreak of Covid-19;
- Default or delay in payment from customers;
- Changes in laws, rules & regulations and legal uncertainties;
- Pricing pressures from the competitive business environment;
- Economic and Demographic condition.

SIGNIFICANT ACCOUNTING POLICIES

1. Use of Estimates

The preparation of Restated Financial Information in conformity with GAAP requires that the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of property, plant and equipment and intangible assets, provision for doubtful debts/ advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

2. Accounting Assumptions:-

(i) Going Concern:-

The enterprise is normally viewed as a going concern, that is, as continuing in operation for the foreseeable future. It is assumed that the enterprise has neither the intention nor the necessity of liquidation or of curtailing materially the scale of the operations.

(ii) Consistency:-

It is assumed that accounting policies are consistent from one period to another.

(iii) Accrual:-

Revenues and costs are accrued, that is, recognized as they are earned or incurred (and not as money is received or paid) and recorded in the financial statements of the periods to which they relate. (The considerations affecting the process of matching costs with revenues under the accrual assumption are not dealt with in this Statement.)

3. Valuation of Inventories

Stock of Finished goods are valued at lower of Cost of material consumed plus manufacturing expenses

incidental there to or market value. Scrap is valued lower at cost or market value.

4. Cash Flow Statements

Cash flows are reported using the indirect method as set out in Ind As-3 on cash flow statement issued by the Institute of Chartered accountants of India.

5. Depreciation and Amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the WDV method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

6. Revenue Recognition

- Revenue is recognized to the extent it is possible that economic benefits will flow to the company and the revenue can be reliably measured and there is a reasonable certainty regarding ultimate collection.
- Revenue from sale of materials/ products is recognized on transfer of all significant risks and rewards of ownership of the goods to the customers, which generally coincides with the dispatch of goods. Sales are stated exclusive of GST/ VAT, trade discounts and sales returns.
- Interest income is recognized on a time proportionate basis taking into account the amount outstanding and the rate applicable.
- Revenue in respect of other income is recognized when no significant uncertainty as to its determination or realization exists.

7. Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment (if any). The cost of a property, plant and equipment comprises its purchase price and any attributable to cost of bringing the asset to its working condition for its intended use. Expenditure on addition, improvements and renewals is capitalized and expenditure for maintenance and repair is charged to Profit and Loss account.

8. Earnings per Share

Basic Earnings per Share is calculated by dividing the net profit after tax for the year attributable to Equity Shareholders of the Company by the weighted average number of Equity Shares outstanding at the end of the year. Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders (after adjustment for diluted earnings) by average number of weighted equity share outstanding at the end of the year.

9. Taxes on Income

Tax expenses comprise of current and deferred tax

Current tax is measured at the amount expected to be paid on the basis of relief and deductions available in accordance with the provisions of Indian Income Tax Act, 1961 and includes Minimum Alternate Tax (“MAT”) paid by the company on book profits in accordance with the provisions of the Income Tax Act, 1961. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period and will be able to set off such MAT credit entitlement.

Deferred income tax reflects the impact of the current year reversible timing differences between the taxable income and accounting income for the Year and reversal of timing differences of the earlier Year. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted as at the balance sheet date. Deferred tax assets are recognised only to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

In FY 2019-20 and onwards, in pursuant to section 115BAA of the Income Tax Act,1961 announced by Government of India through Taxation Law (Amendment) Bill,2019, the company has as irrevocable option of shifting to lower tax rates along with consequent reduction in certain tax incentives including lapse of accumulated MAT Credit.

10. Impairment of Assets:

An Asset is considered as impaired in accordance with Ind AS -36 “Impairment of Assets” when at the balance sheet date there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the assets belongs, exceeds its recoverable amount (i.e. the higher of the assets net selling price and value in use). In assessing the value in use, the estimated future cash flows expected from the continuing use of asset and from its ultimate disposal are discounted to their present values using a predetermined discount rate. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the profit and loss account.

11. Provision of Contingent Liabilities

In the case of litigations where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management’s assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements. **Retirement benefits to employee Gratuity:-**

The Company provides for gratuity, a defined benefit retirement plan (‘the Gratuity Plan’) covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment with the Company. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Company has not contributes all ascertained liabilities to any fund. The Company recognizes the net obligation of the gratuity plan in the Balance Sheet as an asset or liability, ‘Employee Benefits’. The Company’s overall expected long- term rate-of-return on assets has been determined based on consideration of available market information, current provisions of Indian law specifying the instruments in which investments can be made, and historical returns. The discount rate is based on the Government securities yield. Actuarial gain and loss arising from

12. Government Grant

Government Grants are recognized when there is a reasonable assurance that the same will be received. Revenue grants are recognized in the Statement of Profit and Loss. Capital grants relating to specific fixed assets are reduced from the gross value of the respective Fixed Assets. Other capital grants are credited to Capital Reserve.

13. Current Assets, Loans and Advances

The balance under item of Sundry Debtors, Loans and Advances and Current liabilities are subject to confirmation and reconciliation and consequential adjustments, wherever applicable. However in the opinion of the Management, the realizable value of the current assets, loans and advances in the ordinary course of business will not be less than the value at which they are stated in the Balance Sheet.

FINANCIAL YEAR 2020-21 COMPARED WITH FINANCIAL YEAR 2019-20

Total Revenue

Our total revenue increased by 10 % to ₹ 5534.42 lakhs for the financial year 2020-21 from ₹ 4990.95 lakhs for the financial year 2019-20 due to the factors described below:

Revenue from operations: Our revenue from operations increased by 12.16 % to ₹ 5,506.99 lakhs for the financial year 2020-21 from ₹ 4,910.07 lakhs for the financial year 2019-20 mainly due to increase in sale of manufactured goods by ₹ 30.90 lakhs such increase was pursuant to increase in the business from existing customer and additions of new customers, increase in trade of goods in raw materials by ₹ 486.99 lakhs, increase in sale of services such as Jobwork by ₹ 107.68 lakhs, which was partially offset by decrease in sale of service in reference to Commission DCA by ₹ 4.54 lakhs, decrease in business interest income by 8.30 lakhs and decrease in export incentive by ₹ 19.25 lakhs such decrease was impacted by Covid 19-Pandemic and due to lockdown. .

Other income: Our other income decreased by 66.09% to ₹ 27.43 lakhs for the financial year 2020-21 from ₹80.89 lakhs for the financial year 2019-20 mainly because of decrease in Foreign Exchange Fluctuation of ₹ 49.36 lakhs.

Total Expenses

Our total expenses increased by 8.76% to ₹ 5372.21 lakhs for the financial year 2020-21 from ₹ 4939.51lakhs for the financial year 2019-20, due to the factors described below:

Cost of material consumed: The cost of material consumed for the financial year 2020-21 was ₹ 3120.5 lakhs which has decreased by 1.05% as compared to ₹ 3153.63 lakhs in financial year 2019-20. The decrease in cost of material consumed of HDPE and LDPE was in line with decrease in the prices of crude oil.

Purchases of Stock-in-Trade: the purchases of stock in trade increased to 674.56 lakhs in FY 2020- 2021 from 183.7 lakhs resulting to change by 267.21% due to sale of raw materials to other parties

Changes in Inventories of Finished goods: Our changes in inventory of finished goods increased by 1017.23% to ₹ 56.42 lakhs in financial year 2020-2021 from ₹ 5.05 lakhs in financial year 2019-2020. This was primarily due to higher level of closing stock at end of financial year 2020-2021 compared to financial year 2019-2020.

Employee benefits expenses: Our employee benefit expenses increased by 3.66 % to ₹ 223.75 lakhs for the financial year 2020-21 from ₹ 215.86 lakhs for the financial year 2019-20. The increase was mainly on account of increase in gratuity by ₹ 5.42 lakhs and increase in staff welfare expenses by ₹ 5.19 lakhs. However, this increase was partially offset by decrease in Salaries, wages and bonus and Contribution to provident and other funds by ₹ 2.53 lakhs and 0.19 lakhs respectively.

Finance costs: Our finance costs decreased by 34.80 % to ₹ 86.94 lakhs for the financial year 2020-21 from ₹ 133.36 lakhs for the financial year 2019-20. Decrease interest of borrowings and decrease in Foreign exchange fluctuation on credit facility by 0.95 lakhs and 19.10 lakhs respectively.

Qualitative Disclosure about Market Risk

Financial Market Risks

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations and our access to funds.

Liquidity risk

Liquidity risk is the risk that we will encounter difficulties in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure, to the extent possible, that we will have sufficient liquidity to meet our liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We manage liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Effect of Inflation

We are affected by inflation as it has an impact on the raw material cost, wages, etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our customers. If our customers do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

Reservations, Qualifications and Adverse Remarks

Except as disclosed in chapter titled “*Financial Statements*” beginning on page 164 of this Draft Red Herring Prospectus, there have been no reservations, qualifications and adverse remarks.

Details of Default, if any, including therein the Amount Involved, Duration of Default and Present Status, in Repayment of Statutory Dues or Repayment of Debentures or Repayment of Deposits or Repayment of Loans from any Bank or Financial Institution

Except as disclosed in chapter titled “*Financial Statements*” beginning on page 164 of this Draft Red Herring Prospectus, there have been no defaults in payment of statutory dues or repayment of debentures & interest thereon or repayment of deposits & interest thereon or repayment of loans from any bank or financial institution and interest thereon by the Company.

SECTION VI – LEGAL AND OTHER INFORMATION
OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding (I) criminal proceedings, (II) actions taken by statutory or regulatory authorities, (III) disciplinary action including penalty imposed by the SEBI or stock exchanges against our Promoters in the last five Fiscals, including outstanding action, (IV) claims related to direct and indirect taxes in a consolidated manner, (V) details of any other pending material litigation which are determined to be material as per a policy adopted by our Board (“**Materiality Policy**”), in each case involving our Company, Promoters, Directors, Group Company and Subsidiary, (the “**Relevant Parties**”).

For the purpose of (V) above, our Board in its meeting held on July 31, 2021, has considered and adopted a policy of materiality for identification of material litigation involving the Relevant Parties.

In terms of the Materiality Policy, all pending litigation involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and statutory authorities, disciplinary action including penalty imposed by SEBI or stock exchanges against the Promoters in the last five Fiscals including outstanding action, and tax matters, would be considered ‘material’ if:

- (a) the aggregate amount involved in such individual litigation exceeds 1% of profit after tax of the company as per the last audited financial statement, or
- (b) where the decision in one litigation is likely to affect the decision in similar litigations even though the amount involved in such single litigation individually may not exceed 1% of the profit after tax of the company as per the last audited financial statements, if similar litigations put together collectively exceed 1% of the profit after tax of the company, or
- (c) litigation whose outcome could have a material impact on the business, operations, prospects or reputation of the company and the board or any of its committees shall have the power and authority to determine the suitable materiality thresholds for the subsequent financial years on the aforesaid basis or any other basis as may be determined by the board or any of its committees.

Except as stated in this section, there are no Outstanding Material Dues (as defined below) to (i) creditors; or (ii) outstanding dues to small scale undertakings and other creditors.

Our Board, in its meeting held on July 31, 2021 determined that outstanding dues to creditors exceeding 5% of the Company’s trade payables i.e. in excess of Rs. 20.18 lakhs as per the restated financials for the period ended June 30, 2021 shall be considered as material dues (“**Material Dues**”).

Unless otherwise stated to the contrary, the information provided is as of the date of this Draft Red Herring Prospectus.

Since trading of the Equity Shares is in dematerialised form, the tradable lot is [●] Equity Share. Allotment in this Issue will be only in electronic form in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Offer:

Allocation and allotment of Equity Shares through this issue will be done in multiples of [●] Equity Share subject to a minimum allotment of [●] Equity Shares to the successful applicants.

MINIMUM NUMBER OF ALLOTTEES

In accordance with the Regulation 268 of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 working days of closure of issue.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts / authorities in Mumbai, Maharashtra, India.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable

U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

JOINT HOLDER

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as joint tenants with benefits of survivorship.

COMPLIANCE WITH SEBI ICDR REGULATIONS

Our Company shall comply with all requirements of the SEBI ICDR Regulations. Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act, 2013 the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Bid/Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two days of the Bid/Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager through, the Registrar to the Issue, shall notify the SCSBs or the Sponsor Bank to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company withdraws the Issue after the Bid/ Issue Closing Date

and thereafter determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with Stock Exchange.

BID/ ISSUE OPENING DATE

Bid / Issue Opening Date	[●]
Bid / Issue Closing Date ⁽¹⁾	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	[●]
Unblocking of funds from ASBA Accounts / Initiation of Refunds	On or before [●]
Credit of Equity Shares to demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

(1) UPI mandate end time and date shall be at 12.00pm on [●].

The above timetable is indicative and does not constitute any obligation on our Company, and the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bids and any revision to the same shall be accepted **only between 10.00 a.m. and 5.00 p.m. (IST)** during the Bid/Issue Period. On the Bid/Issue Closing Date, the Bids and any revision to the same shall be accepted between **10.00 a.m. and 5.00 p.m. (IST)** or such extended time as permitted by the Stock Exchanges, in case of Bids by Retail Individual Bidders after taking into account the total number of Bids received up to the closure of timings and reported by the Book Running Lead Manager to the Stock Exchanges. It is clarified that Bids not uploaded on the electronic system would be rejected. Bids will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, the Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date and, in any case, no later than 5.00 p.m. (IST) on the Bid/Issue Closing Date. All times mentioned in this Draft Red Herring Prospectus are Indian Standard Times.

Bidders are cautioned that in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public issue, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only on Business Days. Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bids due to faults in any software/hardware system or otherwise. Any time mentioned in this Draft Red Herring Prospectus is Indian Standard Time.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid/ Offer Opening Date till the Bid/Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSB's shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within six Working Days from the Bid/ Offer Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of revision of the Price Band, the Bid/Issue Period will be extended for at least three additional working days after revision of Price Band subject to the Bid/ Issue Period not exceeding 10 working days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated

by notification to the Stock Exchange, by issuing a press release and also by indicating the changes on the websites of the Book Running Lead Manager and at the terminals of the Syndicate Member.

In case of force majeure, banking strike or similar circumstances, the issuer may, for reasons to be recorded in writing, extend the bidding (issue) period disclosed in the red herring prospectus (in case of a book built issue) or the issue period disclosed in the prospectus (in case of a fixed price issue), for a minimum period of three working days, subject to the Bid/ Offer Period not exceeding 10 working days.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid / Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Managers shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Separately, the following compensation mechanism shall be applicable for investor grievances in relation to Bids made through the UPI Mechanism, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	Rs. 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and Rs. 100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and Rs. 100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	Rs. 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the post-issue BRLM shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Bids and any revision in Bids shall be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”)) during the Bid / Offer Period (except on the Bid / Offer Closing Date) at the Bidding Centres as mentioned on the Bid cum Application Form except that:

(i) on the Bid / Offer Closing Date:

(a) in case of Bids by Non-Institutional Bidders, the Bids and the revisions in Bids shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and uploaded until 4.00 p.m. (IST); and

(b) in case of Bids by Retail Individual Bidders, the Bids and the revisions in Bids shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and uploaded until 5.00 p.m. (IST), which may be extended up to such time as deemed fit by the Stock Exchanges after taking into account the total number of applications received up to the closure of timings and reported by the BRLMs to the Stock Exchanges.

For the avoidance of doubt, it is clarified that Bids not uploaded on the electronic bidding system or in respect of which full Bid Amount is not blocked by SCSBs will be rejected.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the Bid cum Application Form, for a particular Bidder, the Registrar to the Issue shall ask for rectified data

MINIMUM SUBSCRIPTION

This Issue is not restricted to any minimum subscription level and is 100% underwritten.

As per Section 39 of the Companies Act, 2013, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Red Herring Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Offer Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond fifteen days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260(1) of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Red Herring Prospectus and shall not be restricted to the minimum subscription level.

Further, in accordance with Regulation 268 of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 50 (Fifty)

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than Rs.1,00,000/- (Rupees One Lakh) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

MIGRATION TO MAIN BOARD

Our company may migrate to the Main board of National Stock Exchange of India Limited from SME Exchange on a later date subject to the following:

ISSUE PROCEDURE

All Bidders should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars on Streamlining of Public Issues (the “**General Information Document**”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act 2013, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the BRLM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of Confirmation of Allocation Note (“**CAN**”) and Allotment in the Issue; (vi) price discovery and allocation; (vii) general instructions (limited to instructions for completing the Bid cum Application Form); (viii) designated date; (ix) disposal of applications; (x) submission of Bid cum Application Form; (xi) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (xii) applicable provisions of Companies Act 2013 relating to punishment for fictitious applications; (xiii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018 as amended from time to time, including pursuant to circular (SEBI/HO/CFD/DIL2/CIR/P/2019/50) dated April 3, 2019 (“**UPI Circular**”) has proposed to introduce an alternate payment mechanism using Unified Payments Interface (“**UPI**”) and consequent reduction in timelines for listing in a phased manner. UPI has been introduced in a phased manner as a payment mechanism with the ASBA for applications by Retail Individual Investors through intermediaries from January 1, 2019. The UPI Mechanism for Retail Individual Investors applying through Designated Intermediaries, in phase I, was effective along with the prior process and existing timeline of T+6 days (“**UPI Phase I**”), until June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”) with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-2019 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular has come into force for initial public offers opening on or after May 1, 2021 and the provisions of this circular are deemed to form part of this Draft Red Herring Prospectus

Thereafter, the final reduced timeline may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“**UPI Phase III**”), as may be prescribed by SEBI. Accordingly, the Issue will be made under UPI Phase II, unless UPI Phase III becomes effective and applicable on or prior to the Bid / Issue Opening Date. If the Issue is made under UPI Phase III, the same will be advertised in [●] editions of the English national daily newspaper, [●] editions of the Hindi national daily newspaper, [●] and [●] editions of the regional Rajasthan newspaper, [●] (Hindi being the regional language of Udaipur, Rajasthan, where our Registered Office is located) on or prior to the Bid / Issue Opening Date and such advertisement shall also be made available to the Stock Exchange for the purpose of uploading on their websites. Further SEBI vide circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 have brought the implementation of the aforesaid circular dated march 16, 2021 in accordance with the revised timelines for certain of its provisions based on representations received from the stakeholders due to Covid-19 pandemic. The revisions of the circular dated June 02, 2021 are elaborated as under:-

- *SCSB's shall continue to send SMS alerts during the actual block/debit/unblock of UPI mandate in the prescribed format, the details of total number of shares applied/allotted/non-allotted etc shall be included in SMS for Public Issues opening on/after January 01, 2022.*
- *The automated web portal shall be live and operational after due testing and mock trials with the CUG entities for Public Issues opening on or after October 01, 2021. The requisite information on this automated portal shall be updated periodically in intervals not exceeding two hours.*
- *In the interim, for the Public Issues opening from the date of this circular and till the automated web portal is live and operational, the Sponsor Banks shall send the details to the e-mail address of CUG entities periodically in intervals not exceeding three hours. In case of exceptional events viz., technical issues with UPI handles/PSPs/TPAPS/SCSB's etc, the same shall be intimated immediately to the CUG entities so as to facilitate the flow of information in the Public Issue process.*
- *The Stock Exchanges and Book Running Lead Managers shall facilitate providing the requisite data of CUG entities to Sponsor Bank for the development of automated web portal. Such information shall be provided to the Sponsor Bank before opening of the Public Issue.*
- *The Registrar to the Issue shall provide the allotment/ revoke files to the Sponsor Bank by 8:00 PM on T+3 i.e, the day when the Basis of Allotment (BOA) has to be finalized.*
- *The Sponsor Bank shall execute the online mandate revoke file for Non-Allottees/ Partial Allottees and provide pending applications for unblock, if any, to the Registrar to the Issue, not later than 5:00 PM on BOA+1.*
- *Subsequent to the receipt of the pending applications for unblock from the Sponsor Bank, the Registrar to the Issue shall submit the bank-wise pending UPI applications for unblock to the SCSBs, not later than 6:30 PM on BOA+1 and ensure that the unblocking is completed on T+4.*

Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus.

Further, our Company and the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended (the "SCRR") read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue has been made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process and the allocation to the public will be made as per Regulation 253 of the SEBI ICDR Regulations.

Subject to the valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Bidders shall not be less than the minimum Bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Stock Exchange.

Investors should note that according to Section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Bidders will only be in the dematerialised form. The Bid cum Application Forms which do not have the details of the Bidder's depository account including DP ID, PAN and Beneficiary Account Number shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Bid cum Application Form and entered into the electronic system of the stock exchange, do not match with the DP ID, Client ID and

PAN available in the depository database, the bid is liable to be rejected. Bidders will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchange.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three Working Days. Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Offer.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLMs.

BID CUM APPLICATION FORM

Retail Individual investors submitting application with any of the entities at (ii) to (v) above (hereinafter referred as ‘Intermediaries’), shall enter their UPI ID in the Bid-Cum-Application Form. It is clarified that Retail Individual Bidders may continue to submit physical ASBA Forms with SCSBs without using the UPI Mechanism.

The aforesaid intermediaries shall, at the time of receipt of application, give an acknowledgement to investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the application form, in physical or electronic mode, respectively.

For applications submitted by investors to SCSB:	After accepting the form, SCSB shall capture and upload the relevant details in the electronic bidding system as specified by the stock exchange and may begin blocking funds available in the bank account specified in the form, to the extent of the application money specified.
For applications submitted by investors other than Retail Individual Investors to intermediaries other than SCSBs	After accepting the application form, respective intermediary shall capture and upload the relevant details in the electronic bidding system of stock exchange. Post uploading, they shall forward a schedule as per prescribed format along with the application forms to designated branches of the respective SCSBs for blocking of funds within one day of closure of Issue.
For applications submitted by Retail Individual Investors to intermediaries other than SCSBs with use of UPI for payment	After accepting the application form, respective intermediary shall capture and upload the relevant bid details, including UPI ID, in the electronic bidding system of Stock Exchange. Stock Exchange shall share bid details including the UPI ID with Sponsor Bank on a continuous basis, to enable Sponsor Bank to initiate mandate request on Retail Individual Investors for blocking of funds. Sponsor Bank shall initiate request for blocking of funds through NPCI to Retail Individual Investor. Retail Individual Investor to accept mandate request for blocking of funds, on his / her mobile application, associated with UPI ID linked bank account.

Stock exchange shall validate the electronic bid details with depository's records for DP ID/Client ID and PAN, on a real time basis and bring the inconsistencies to the notice of intermediaries concerned, for rectification and re-submission within the time specified by Stock Exchange.

Stock Exchange shall allow modification of selected fields viz. DP ID/Client ID or Pan ID (Either DP ID/Client ID or Pan ID can be modified but not BOTH), Bank code and Location code, in the bid details already uploaded.

Upon completion and submission of the Bid Cum Application Form to Application Collecting intermediaries, the Bidders are deemed to have authorized our Company to make the necessary changes in the Draft Red Herring Prospectus, without prior or subsequent notice of such changes to the Applicants.

The Sponsor Bank will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank will undertake reconciliation of all Bid requests and responses throughout their lifecycle on a daily basis and share reports with the BRLMs in the format and within the timelines as specified under the UPI Circulars. Sponsor Bank and issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with issuer banks and Sponsor Banks on a continuous basis.

WHO CAN BID?

In addition to the category of Bidders, set forth in the GID, the following persons are also eligible to invest in the Equity Shares under all applicable laws, regulations and guidelines, including:

- Scientific research organizations authorized in India to invest in the Equity Shares; and
- Any other persons eligible to Bid in the Issue under the laws, rules, regulations, guidelines and policies applicable to them.

As per the existing RBI regulations, OCBs cannot participate in this Issue.

PARTICIPATION BY ASSOCIATED/ AFFILIATES OF BOOK RUNNING LEAD MANAGER AND SYNDICATE MEMBERS, PROMOTER GROUP AND PERSONS RELATED TO

PROMOTER/PROMOTER GROUP

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of BRLM and syndicate members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Promoter and Promoter Group and any persons related to our Promoters and Promoter Group cannot participate in the Issue.

BIDS BY MUTUAL FUNDS

No Mutual Fund scheme shall invest more than 10% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Bid cum Application Form. Failing this, our Company reserves the right to accept or reject any Bid cum Application in whole or in part, in either case, without assigning any reason thereof.

In case of a mutual fund, a separate Bid cum Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple applications provided that the Bids clearly indicate the scheme concerned for which the Bids has been made.

The Bids made by the asset management companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

BIDS BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Bid cum Application Form from the members of the Syndicate, the sub-Syndicate, if applicable, the SCSBs, the Registered Brokers, RTAs and CDPs. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

Bids by Eligible NRIs and Category III FPIs for a Bid Amount of less than ₹ 200,000 would be considered under the Retail Category for the purposes of allocation and Bids for a Bid Amount exceeding ₹ 200,000 would be considered under the Non-Institutional Category for allocation in the Issue.

In case of Eligible NRIs bidding under the Retail Category through the UPI mechanism, depending on the nature of the investment whether repatriable or non-repatriable, the Eligible NRI may mention the appropriate UPI ID in respect of the NRE account or the NRO account, in the Bid cum Application Form.

Eligible NRIs bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour). Eligible NRIs bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour). For details of restrictions on investment by NRIs, please refer to the chapter titled "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 229 of this Draft Red Herring Prospectus.

Hindu Undivided Families or HUFs, in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids by HUFs may be considered at par with Bids from individuals;

BIDS BY FPIS INCLUDING FIIS

On January 7, 2014, SEBI notified the SEBI FPI Regulations pursuant to which the existing classes of portfolio investors namely 'foreign institutional investors' and 'qualified foreign investors' are subsumed under a new category namely 'foreign portfolio investors' or 'FPIs'. RBI on March 13, 2014 amended the FEMA Regulations and laid down conditions and requirements with respect to investment by FPIs in Indian companies.

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI dated January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with 'know your client' norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

An FPI is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to the following conditions:

- (a) offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

BIDS BY SEBI REGISTERED VCFs, AIFs and FVCIs

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration offered under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company reserves the right to reject any bid without assigning any reason thereof. Limited liability partnerships can participate in the Issue only through the ASBA process.

BIDS BY BANKING COMPANY

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

Bid cum Application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended ("Banking Regulation Act"), and the Reserve Bank of India ("Financial Services provided by Banks") Directions, 2016, is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt / corporate debt restructuring / strategic debt restructuring, or to protect the banks 'interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exception prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

BIDS BY SCSBs

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars (Nos. CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013) dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

- otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,

Shall be liable for action under Section 447.”

PROCEDURE AND TIME OF SCHEDULE FOR ALLOTMENT AND DEMAT CREDIT

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. **Bidders are advised to instruct their Depository Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.**

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Bidders who have been Allotted Equity Shares in the Issue.

- The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) initiate corporate action for credit of shares to the successful Bidders Depository Account which will be completed within 4 Working Days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Bidder depository account is

completed within one Working Day from the date of Allotment, after the funds are transferred from the Public Issue Account on the Designated Date.

BASIS OF ALLOTMENT

A. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Net Issue size less Allotment to Non-Institutional Investors shall be available for Allotment to Retail Individual Bidders, who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

B. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Net Issue size less Allotment to Retail Investors shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

Names of entities responsible for finalising the Basis of Allotment in a fair and proper manner

The authorised employees of the Designated Stock Exchange, along with the Book Running Lead Managers and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

UNDERTAKINGS BY THE COMPANY

Our Company undertake as follows:

1. all monies received out of the Issue shall be transferred to a separate Bank Account other than the bank account referred to in Sub-Section (3) of Section 40 of the Companies Act, 2013;
2. details of all monies utilized out of the Issue referred above shall be disclosed and continue to be disclosed till the time any part of the Issue Proceeds remains unutilised, under an appropriate separate head in the balance sheet of our Company indicating the purpose for which such monies have been utilized;
3. details of all unutilized monies out of the Issue, if any, shall be disclosed under an appropriate separate head in the balance sheet of our Company indicating the form in which such unutilized monies have been invested; and
4. Our Company shall comply with the requirements of the SEBI Listing Regulations in relation to the disclosure and monitoring of the utilisation of the proceeds of the Issue.
5. Our Company shall not have recourse to the Issue Proceeds until the approval for listing and trading of the Equity Shares from all the Stock Exchange where listing is sought has been received.
6. The Book Running Lead Manager undertakes that the complaints or comments received in respect of the Issue shall be attended by our Company expeditiously and satisfactorily.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India has from time to time made policy pronouncements on Foreign Direct Investments (“**FDI**”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade (“**DPIIT**”) issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “**FDI Policy**”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

Under the current applicable sectoral cap, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present our Company is in the business of manufacturing and exporting HDPE/PP Woven Bags and Fabrics, DCA cum DOPW agent of Indian Oil Corporation Limited, Polymer Division and Financing. These activities are specifically listed under the FDI Policy 2020, under 5.2.5.1, hence 100 % foreign direct investment through automatic route is permitted subject to applicable laws/regulations, security and other conditionalities.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“**Restricted Investors**”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

i. Investment by FPIs under Portfolio Investment Scheme (PIS):

FPIs are permitted to subscribe to Equity Shares of an Indian Company in a public issue without the prior approval of the RBI, so long as the price of the Equity Shares to be issued is not less than the price

at which the Equity Shares are issued to residents. SEBI registered FPIs have been permitted to purchase shares of an Indian company through Issue, subject to total FPI investment being within the individual FPI investment limit of below 10% of the total paid-up equity capital of the Indian Company on a fully diluted basis and subject to the aggregate limit of all FPIs put together being 24% of the total paid-up equity capital of the Indian company on a fully diluted basis. However, this aggregate limit of 24% may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body, respectively before March 31, 2020. With effect from April 01, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as laid out in sub-paragraph (b) of paragraph 3 of Schedule I of the FDI Policy, 2020, with respect to its paid-up equity capital on a fully diluted basis or such same sectoral cap percentage of paid-up value of each series of debentures or preference shares or share warrants. The aggregate limit as provided above may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively before March 31, 2020. The Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively; however, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

ii. Investment by NRI or OCI on repatriation basis:

As per Schedule 3 of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, an NRI or OCI may purchase or sell shares of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions that NRIs or OCIs may purchase and sell shares through a branch designated by an authorised dealer for the purpose; and the total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the company.

iii. Investment by NRI or OCI on non-repatriation basis

As per Schedule 4 of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, purchase by an NRI/OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, on non-repatriation basis of shares and convertible debentures or warrants issued by a company without any limit either on the stock exchange or outside, it will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. However, NRI/ OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, is prohibited from making any investment, under Schedule 4, in capital instruments or units of a Nidhi company or a company engaged in agricultural/ plantation activities or real estate business or construction of farm houses or dealing in transfer of development rights.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

CAPITAL AND INCREASE AND REDUCTION OF CAPITAL

Title of Article	Article Number and contents
Share Capital	3. The Authorized Share Capital of the Company shall be as stated in clause V of the Memorandum of Association of the Company, with power of the Company to increase or decrease the capital.*
Increase of capital by the Company how carried into effect	4. The Company may in General Meeting from time to time by Ordinary Resolution increase its capital by creation of new Shares which may be unclassified and may be classified at the time of issue in one or more classes and of such amount or amounts as may be deemed expedient. The new Shares shall be issued upon such terms and conditions and with such rights and privileges annexed thereto as the resolution shall prescribe and in particular, such Shares may be issued with a preferential or qualified right to dividends and in the distribution of assets of the Company and with a right of voting at General Meeting of the Company in conformity with Section 47 and of the Act. Whenever the capital of the Company has been increased under the provisions of this Article the Directors shall comply with the provisions of Section 64 of the Act
New Capital same as existing capital	5. Except so far as otherwise provided by the conditions of issue or by These Presents, any capital raised by the creation of new Shares shall be considered as part of the existing capital, and shall be subject to the provisions herein contained, with reference to the payment of calls and installments, forfeiture, lien, surrender, transfer and transmission, voting and otherwise.
Non Voting Shares	6. The Board shall have the power to issue a part of authorized capital by way of non-voting Shares at price(s) premia, dividends, eligibility, volume, quantum, proportion and other terms and conditions as they deem fit, subject however to provisions of law, rules, regulations, notifications and enforceable guidelines for the time being in force.

Redeemable Preference Shares	7. Subject to the provisions of Section 55 of the Act, the Company shall have the power to issue preference shares which are or at the option of the Company, liable to be redeemed and the resolution authorising such issue shall prescribe the manner, terms and conditions of redemption.
Voting rights of preference shares	8. The holder of Preference Shares shall have a right to vote only on Resolutions, which directly affect the rights attached to his Preference Shares.
Provisions to apply on issue of Redeemable Preference Shares	9. On the issue of redeemable preference shares under the provisions of Article 7 hereof, the following provisions shall take effect: (a) No such Shares shall be redeemed except out of profits of which would otherwise be available for dividend or out of proceeds of a fresh issue of shares made for the purpose of the redemption. (b) No such Shares shall be redeemed unless they are fully paid. (c) The premium, if any payable on redemption shall have been provided for out of the profits of the Company or out of the Company's security premium account, before the Shares are redeemed. (d) Where any such Shares are redeemed otherwise then out of the proceeds of a fresh issue, there shall out of profits which would otherwise have been available for dividend, be transferred to a reserve fund, to be called "the Capital Redemption Reserve Account", a sum equal to the nominal amount of the Shares redeemed, and the provisions of the Act relating to the reduction of the share capital of the Company shall, except as provided in Section 55 of the Act apply as if the Capital Redemption Reserve Account were paid-up share capital of the Company. (e) Subject to the provisions of Section 55 of the Act, the redemption of preference shares hereunder may be effected in accordance with the terms and conditions of their issue and in the absence of any specific terms and conditions in that behalf, in such manner as the Directors may think fit.
Reduction of capital	10. The Company may (subject to the provisions of section 52, 55 and 66, , and other applicable provisions, if any, of the Act) from time to time by Special Resolution reduce (a) the share capital; (b) any capital redemption reserve account; or (c) any security premium account. in any manner for the time being, authorised by law and in particular capital may be paid off on the footing that it may be called up again or otherwise. This Article is not to derogate from any power the Company would have, if it were omitted.
Purchase of own Shares	11. The Company shall have power, subject to and in accordance with all applicable provisions of the Act, to purchase any of its own fully paid Shares whether or not they are redeemable and may make a payment out of capital in respect of such purchase.

Sub-division consolidation and cancellation of Shares	<p>12.</p> <p>Subject to the provisions of Section 61 and other applicable provisions of the Act, the Company in General Meeting may, from time to time, sub-divide or consolidate its Shares, or any of them and the resolution whereby any Share is sub-divided may determine that, as between the holders of the Shares resulting from such sub- divisions, one or more of such Shares shall have some preference or special advantage as regards dividend, capital or otherwise over or as compared with the other(s). Subject as aforesaid, the Company in General Meeting may also cancel shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the Shares so cancelled.</p>

Evidence in action by Company against share holder	49. On the trial of hearing of any action or suit brought by the Company against any Member or his Legal Representatives for the recovery of any money claimed to be due to the Company in respect of his Shares, it shall be sufficient to prove that the name of the Member in respect of whose Shares the money is sought to be recovered is entered on the Register of Members as the holder or as one of the holders at or subsequent to the date at which the money sought to be recovered is alleged to have become due on the Shares in respect of which the money is sought to be recovered, that the resolution making the call is duly recorded in the minute book and the notice of such call was duly given to the Member or his legal representatives sued in pursuance of these Articles and it shall not be necessary to prove the appointment of Directors who made such call, nor that a quorum of Directors was present at the Board meeting at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matter whatsoever but the proof of the matters aforesaid shall be conclusive evidence of the debt.
Payment in anticipation of calls may carry interest	50. The Directors may, if they think fit, subject to the provisions of Section 50 of the Act, agree to and receive from any Member willing to advance the same whole or any part of the monies due upon the shares held by him beyond the sums actually called for, and upon the amount so paid or satisfied in advance, or so much thereof as from time to time exceeds the amount of the calls then made upon the shares in respect of which such advance has been made, the Company may pay interest at such rate, as the member paying such sum in advance and the Directors agree upon provided that money paid in advance of calls shall not confer a right to participate in profits or dividend. The Directors may at any time repay the amount so advanced. The Members shall not be entitled to any voting rights in respect of the monies so paid by him until the same would but for such payment, become presently payable. The provisions of these Articles shall mutatis mutandis apply to the calls on any other securities including Debentures of the Company.

FORFEITURE OF SHARES

If money payable on Shares not paid notice to be given	55. If any Member fails to pay the whole or any part of any call or any installments of a call on or before the day appointed for the payment of the same or any such extension thereof, the Board of Directors may, at any time thereafter, during such time as the call for installment remains unpaid, give notice to him requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.
Sum payable on allotment to be deemed a call	56. For the purposes of the provisions of these Articles relating to forfeiture of Shares, the sum payable upon allotment in respect of a share shall be deemed to be a call payable upon such Share on the day of allotment.

Title of Article	Article Number and contents
Form of notice	57. The notice shall name a day, (not being less than fourteen days from the day of the notice) and a place or places on and at which such call in installment and such interest thereon at such rate not exceeding eighteen percent per annum as the Directors may determine and expenses as aforesaid are to be paid. The notice shall also state that in the event of the non-payment at or before the time and at the place appointed, Shares in respect of which the call was made or installment is payable will be liable to be forfeited.
In default of payment Shares to be forfeited	58. If the requirements of any such notice as aforesaid are not complied with, any Share or Shares in respect of which such notice has been given may at any time thereafter before payment of all calls or installments, interests and expenses due in respect thereof, be forfeited by a resolution of the Board of Directors to that effect. Such forfeiture shall include all dividends declared or any other monies payable in respect of the forfeited Shares and not actually paid before the forfeiture.
Notice of forfeiture to a Member	59. When any Share shall have been so forfeited, notice of the forfeiture shall be given to the Member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.
Forfeited Shares to be the property of the Company and may be sold etc.	60. Any Share so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted or otherwise disposed of, either to the original holder or to any other person, upon such terms and in such manner as the Board of Directors shall think fit.
Member still liable for money owing at the time of forfeiture and interest	61. Any Member whose Shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company on demand all calls, installments, interest and expenses owing upon or in respect of such Shares at the time of the forfeiture together with interest thereon from the time of the forfeiture until payment, at such rate not exceeding eighteen percent per annum as the Board of Directors may determine and the Board of Directors may enforce the payment of such monies or any part thereof, if it thinks fit, but shall not be under any obligation to do so.
Effects of forfeiture	62. The forfeiture of a Share shall involve the extinction at the time of the forfeiture, of all interest in and all claims and demand against the Company in respect of the Share and all other rights incidental to the Share, except only such of those rights as by these Articles are expressly saved.
Power to annul forfeiture	63. The Board of Directors may at any time before any Share so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as it thinks fit.

Validity of sale	68. Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the Shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the Shares sold, and the purchasers shall not be bound to see to the regularity of the proceedings or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such Shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
Surrender of Shares	69. The Directors may subject to the provisions of the Act, accept a surrender of any share from any Member desirous of surrendering on such terms and conditions as they think fit.

TRANSFER AND TRANSMISSION OF SHARES

Title of Article	Article Number and contents
No transfers to minors etc.	70. No Share which is partly paid-up or on which any sum of money is due shall in any circumstances be transferred to any minor, insolvent or person of unsound mind.
Instrument of transfer	71. The instrument of transfer shall be in writing and all provisions of Section 56 of the Companies Act, 2013 and statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof.
Application for transfer	72. (a) An application for registration of a transfer of the Shares in the Company may be either by the transferor or the transferee. (b) Where the application is made by the transferor and relates to partly paid Shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice (c) For the purposes of clause (b) above notice to the transferee shall be deemed to have been duly given if it is dispatched by prepaid registered post to the transferee at the address, given in the instrument of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered in the ordinary course of post.
Execution of transfer	73. The instrument of transfer of any Share shall be duly stamped and executed by or on behalf of both the transferor and the transferee and shall be witnessed. The transferor shall be deemed to remain the holder of such Share until the name of the transferee shall have been entered in the Register of Members in respect thereof. The requirements of provisions of Section 56 of the Companies Act, 2013 and any statutory modification thereof for the time being shall be duly complied with.

Transfer by legal representatives	74. A transfer of Share in the Company of a deceased Member thereof made by his legal representative shall, although the legal representative is not himself a Member, be as valid as if he had been a Member at the time of the execution of the instrument of transfer.
Register of Members etc when closed	75. The Board of Directors shall have power on giving not less than seven days previous notice by advertisement in some newspaper circulating in the district in which the registered office of the Company is situated to close the Register of Members and/or the Register of debentures holders at such time or times and for such period or periods, not exceeding thirty days at a time, and not exceeding in the aggregate forty five days at a time, and not exceeding in the aggregate forty five days in each year as it may seem expedient to the Board.
Directors may refuse to register transfer	76. Subject to the provisions of Section 58, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the Company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to, any Shares or interest of a Member in or Debentures of the Company. The Company shall within thirty days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of a transfer shall not be refused person or persons indebted to the Company on any account whatsoever except where the Company has a lien on Shares.
Death of one or more joint holders of Shares	77. In case of the death of any one or more of the persons named in the Register of Members as the joint holders of any Share, the survivor or survivors shall be the only persons recognised by the Company as having any title or interest in such Share, but nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on Shares held by him with any other person.
Titles of Shares of deceased Member	78. The Executors or Administrators of a deceased Member or holders of a Succession Certificate or the Legal Representatives in respect of the Shares of a deceased Member (not being one of two or more joint holders) shall be the only persons recognized by the Company as having any title to the Shares registered in the name of such Members, and the Company shall not be bound to recognize such Executors or Administrators or holders of Succession Certificate or the Legal Representative unless such Executors or Administrators or Legal Representative shall have first obtained Probate or Letters of Administration or Succession Certificate as the case may be from a duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks it, the Board upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register Shares standing in the name of a deceased Member, as a Member. However, provisions of this Article are subject to Sections 72 of the Companies Act.

Notice of application when to be given	79. Where, in case of partly paid Shares, an application for registration is made by the transferor, the Company shall give notice of the application to the transferee in accordance with the provisions of Section 56 of the Act.
Registration of persons entitled to Shares otherwise than by transfer (Transmission Clause)	80. Subject to the provisions of the Act and Article 77 hereto, any person becoming entitled to Share in consequence of the death, lunacy, bankruptcy insolvency of any Member or by any lawful means other than by a transfer in accordance with these Articles may, with the consent of the Board (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such title as the Board thinks sufficient, either be registered himself as the holder of the Share or elect to have some person nominated by him and approved by the Board registered as such holder; provided nevertheless, that if such person shall elect to have his nominee registered as a holder, he shall execute an instrument of transfer in accordance with the provisions herein contained, and until he does so, he shall not be freed from any liability in respect of the Shares. This clause is hereinafter referred to as the "Transmission Clause".
Refusal to register nominee	81. Subject to the provisions of the Act and these Articles, the Directors shall have the same right to refuse to register a person entitled by transmission to any Share of his nominee as if he were the transferee named in an ordinary transfer presented for registration.
Person entitled may receive dividend without being registered as a Member	82. A person entitled to a Share by transmission shall subject to the right of the Directors to retain dividends or money as is herein provided, be entitled to receive and may give a discharge for any dividends or other monies payable in respect of the Share.
No fee on transfer or transmissions	83. No fee shall be charged for registration of transfer, transmission, Probate, Succession Certificate and Letter of Administration, Certificate of Death or Marriage, Power of Attorney or other similar document.
Transfer to be presented with evidence of title	84. Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board may require to prove the title of the transferor, his right to transfer the Shares and generally under and subject to such conditions and regulations as the Board may, from time to time prescribe, and every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board.
Company not liable for disregard of a notice prohibiting registration of transfer	85. The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of Shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said Shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice, or referred thereto, in any book of the Company, and the Company shall not be bound to be required to regard or

	attend to give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting to do so, though it may have been entered or referred to in some book of the Company, but the Company shall nevertheless be at liberty to

SHARE WARRANTS

Title of Article	Article Number and contents
Power to issue share warrants	86. The Company may issue warrants subject to and in accordance with provisions of the Act and accordingly the Board may in its discretion with respect to any Share which is fully paid upon application in writing signed by the persons registered as holder of the Share, and authenticated by such evidence(if any) as the Board may, from time to time, require as to the identity of the persons signing the application and on receiving the certificate (if any) of the Share, and the amount of the stamp duty on the warrant and such fee as the Board may, from time to time, require, issue a share warrant.
Deposit of share warrants	87. (a) The bearer of a share warrant may at any time deposit the warrant at the Office of the Company, and so long as the warrant remains so deposited, the depositor shall have the same right of signing a requisition for call in a meeting of the Company, and of attending and voting and exercising the other privileges of a Member at any meeting held after the expiry of two clear days from the time of deposit, as if his name were inserted in the Register of Members as the holder of the Share included in the deposit Warrant (b) Not more than one person shall be recognized as depositor of the Share Warrant (c) The Company shall, on two day's written notice, return the deposited share warrant to the depositor
Privileges and disabilities of the holders of share warrant	88. (a) Subject as herein otherwise expressly provided, no person, being a bearer of a share warrant, shall sign a requisition for calling a meeting of the Company or attend or vote or exercise any other privileges of a Member at a meeting of the Company, or be entitled to receive any notice from the Company. (b) The bearer of a share warrant shall be entitled in all other respects to the same privileges and advantages as if he were named in the Register of Members as the holder of the Share included in the warrant, and he shall be a Member of the Company.
Issue of new share warrant coupons	89. The Board may, from time to time, make bye-laws as to terms on which (if it shall think fit), a new share warrant or coupon may be issued by way of renewal in case of defacement, loss or destruction.

CONVERSION OF SHARES INTO STOCK AND RECONVERSION

Title of Article	Article Number and contents
-------------------------	------------------------------------

Share may be converted into stock	90. The Company may, by Ordinary Resolution: (a) Convert any fully paid up Share into stock, and (b) reconvert any stock into fully paid-up Shares.
Transfer of stock	91. The several holders of such stock may transfer their respective interest
	therein or any part thereof in the same manner and subject to the same regulations under which the stock arose might before the conversion, have been transferred, or as near thereto as circumstances admit. PROVIDED THAT the Board may, from time to time, fix the minimum amount of stock transferable, so however that such minimum shall not exceed the nominal amount of the Shares from which stock arose.
Right of stock holders	92. The holders of stock shall, according to the amount of stock held by them, have the same right, privileges and advantages as regards dividends, voting at meeting of the Company and other matters, as if they held the Shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in Shares, have conferred those privileges or advantages.
Regulation applicable to stock and share warrant	93. Such of the regulations of the Company as are applicable to the paid up Shares shall apply to stock and the words "Share" and "Share holder" in these regulations shall include "stock" and "stock holder" respectively.

BORROWING POWERS

Title of Article	Article Number and contents
Power to borrow	94. Subject to the provisions of Sections 73, 179 and 180 of the Act and these Articles, the Board of Directors may, from time to time at its discretion by a resolution passed at a meeting of the Board, borrow, accept deposits from Members either in advance of calls or otherwise and generally raise or borrow or secure the payment of any such sum or sums of money for the purposes of the Company from any source. PROVIDED THAT, where the monies to be borrowed together with the monies already borrowed (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate of the paid up capital of the Company, its free reserves (not being reserves set apart for any specific purpose) and securities premium the Board of Directors shall not borrow such money without the sanction of the Company in General Meeting. No debts incurred by the Company in excess of the limit imposed by this Article shall be valid or effectual unless the lender proves that he advanced the loan in good faith and without knowledge that the limit imposed by this Article had been exceeded.

The payment or repayment of monies borrowed	95. The payment or repayment of monies borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the Board of Directors may think fit, and in particular in pursuance of a resolution passed at a meeting of the Board (and not by circular resolution) by the issue of bonds, debentures or debentures stock of the Company, charged upon all or any part of the property of the Company, (both present and future), including its un-called capital for the time being and the debentures and the debenture stock and other securities may be made assignable free from any equities between the Company and the person to whom the same may be issued.
Bonds, Debentures, etc. to be subject to control of Directors	96. Any bonds, debentures, debenture-stock or other securities issued or to be issued by the Company shall be under the control of the Directors who may issue them upon such terms and condition and in such manner and for such consideration as they shall consider to be for the benefit of the Company.
Terms of issue of Debentures	97. Any Debentures, Debenture-stock or other securities may be issued at a discount, premium or otherwise and may be issued on condition that they shall be convertible into Shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of Shares, attending (but not voting) at the General Meeting, appointment of Directors and otherwise; However, Debentures with the right to conversion into or allotment of Shares shall be issued only with the consent of the Company in the General Meeting by a Special Resolution.
Mortgage of uncalled capital	98. If any uncalled capital of the Company is included in or charged by mortgage or other security, the Directors may, subject to the provisions of the Act and these Articles, make calls on the Members in respect of such uncalled capital in trust for the person in whose favour such mortgage or security has been executed.

	deemed to be the decision of the Meeting on the resolution on which the poll was taken.
Chairman's casting vote	121. In the case of equality of votes the Chairman shall both on a show of hands and on a poll (if any) have a casting vote in addition to the vote or votes to which he may be entitled as a Member.
Appointment of scrutinizers	122. Where a poll is to be taken, the Chairman of the Meeting shall appoint two scrutinizers to scrutinise the vote given on the poll and to report thereon to him. One of the scrutinizers so appointed shall always be a Member (not being an officer or employee of the Company) present at the Meeting, provided such a Member is available and willing to be appointed. The Chairman shall have power, at any time before the result of the poll is declared, to remove a scrutinizers from office and fill vacancies in the office of the scrutinizers arising from such removal or from any other cause.
Demand for poll not to prevent transaction of other business	123. The demand for a poll shall not prevent transaction of other business (except on the question of the election of the Chairman and of an adjournment) other than the question on which the poll has been demanded.
Special notice	124. Where by any provision contained in the Act or in these Articles, special notice is required for any resolution, notice of the intention to move the resolution shall be given to the Company not earlier than three months but at least fourteen days before the date Meeting at which it is to be moved, exclusive of the day which the notice is served or deemed to be served on the day of the Meeting. The Company shall immediately after the notice of the intention to move any such resolution has been received by it, give its Members notice of the resolution in the same manner as it gives notice of the Meeting, or if that is not practicable shall give them notice thereof, either by advertisement in a newspaper having an appropriate circulation or in any other mode allowed by these presents not less than seven days before the Meeting.

VOTES OF MEMBERS

Title of Article	Article Number and contents
Member paying money in advance not to be entitled to vote in respect thereof	125. A Member paying the whole or a part of the amount remaining unpaid on any Share held by him although no part of that amount has been called up, shall not be entitled to any voting rights in respect of monies so paid by him until the same would but for such payment become presently payable.
Restriction on exercise of voting rights of Members who have not paid calls	126. No Member shall exercise any voting rights in respect of any Shares registered in his name on which any calls or other sums presently payable by him have not been paid or in regard to which the Company has exercised any right of lien.

Number of votes to which Member entitled	<p>127.</p> <p>Subject to the provisions of Article 125, every Member of the Company holding any equity share capital and otherwise entitled to vote shall, on a show of hands when present in person (or being a body corporate present by a representative duly authorised) have one vote and on a poll, when present in person (including a body corporate by a duly authorised representative), or by an agent duly authorised under a Power of Attorney or by proxy, his voting right shall be in proportion to his share of the paid-up equity share capital of the Company. Provided however, if any preference shareholder is present at any meeting of the Company, (save as provided in sub-section (2) of Section 47) he shall have a right to vote only on resolutions before the Meeting which directly affect the rights attached to his preference shares. A Member is not prohibited from exercising his voting rights on the ground that he has not held his Shares or interest in the Company for any specified period preceding the date on which the vote is taken.</p>
Votes of Members of unsound mind	<p>128.</p> <p>A Member of unsound mind, or in respect of whom order has been made by any Court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian and any such committee or guardian may, on a poll, vote by proxy.</p>
Votes of joint Members	<p>129.</p> <p>If there be joint registered holders of any Shares, one of such persons may vote at any Meeting personally or by an agent duly authorised under a Power of Attorney or by proxy in respect of such Shares, as if he were solely entitled thereto but the proxy so appointed shall not have any right to speak at the Meeting, and if more than one of such joint holders be present at any Meeting either personally or by agent or by proxy, that one of the said persons so present whose name appears higher on the Register of Members shall alone be entitled to speak and to vote in respect of such Shares, but the other holder(s) shall be entitled to vote in preference to a person present by an agent duly authorised under a Power of Attorney or by proxy although the name of such person present by agent or proxy stands first or higher in the Register of Members in respect of such Shares. Several executors or administrators of a deceased Member in whose name Shares stand shall for the purpose of these Articles be deemed joint holders thereof.</p>

Representation of body corporate	<p>130.</p> <p>(a) A body corporate (whether a company within the meaning of the Act or not) may, if it is a Member or creditor of the Company (including a holder of Debentures) authorise such person as it thinks fit by a resolution of its Board of Directors or other governing body, to act as its representative at any Meeting of the Company or any class of shareholders of the Company or at any meeting of the creditors of the Company or Debenture-holders of the Company. A person authorised by resolutions aforesaid shall be entitled to exercise the same rights and powers (including the right to vote by proxy) on behalf of the body corporate which he represents as that body could exercise if it were an individual Member, shareholder, creditor or holder of Debentures of the Company. The production of a copy of the resolution referred to above certified by a Director or the Secretary of such body corporate before the commencement of the Meeting shall be accepted by the Company as sufficient evidence of the validity of the said representatives' appointment and his right to vote thereat.</p> <p>(b) Where the President of India or the Governor of a State is a Member of the Company, the President or as the case may be the Governor</p>
	<p>may appoint such person as he thinks fit to act as his representative at any Meeting of the Company or at any meeting of any class of shareholders of the Company and such a person shall be entitled to exercise the same rights and powers, including the right to vote by proxy, as the President, or as the case may be, the Governor could exercise as a Member of the Company.</p>
Votes in respects of deceased or insolvent Members	<p>131.</p> <p>Any person entitled under the Transmission Article to transfer any Shares may vote at any General Meeting in respect thereof in the same manner as if he was the registered holder of such Shares; provided that at least forty- eight hours before the time of holding the Meeting or adjourned Meeting, as the case may be, at which he proposes to vote, he shall satisfy the Directors of the right to transfer such Shares and give such indemnity (if any) as the Directors may require unless the Directors shall have previously admitted his right to vote at such Meeting in respect thereof.</p>
Voting in person or by proxy	<p>132.</p> <p>Subject to the provisions of these Articles, votes may be given either personally or by proxy. A body corporate being a Member may vote either by a proxy or by a representative duly authorised in accordance with Section 113 of the Act.</p>
Rights of Members to use votes differently	<p>133.</p> <p>On a poll taken at a Meeting of the Company a Member entitled to more than one vote or his proxy, or other persons entitled to vote for him, as the case may be, need not, if he votes, use all his votes or cast in the same way all the votes he uses</p>
Proxies	<p>134.</p> <p>Any Member of the Company entitled to attend and vote at a Meeting of the Company, shall be entitled to appoint another person (whether a Member or not) as his proxy to attend and vote instead of himself PROVIDED ALWAYS that a proxy so appointed shall not have any right what so ever to speak at the Meeting. Every notice convening a Meeting of the Company shall state that a Member entitled to attend and vote is entitled to appoint one or more proxies to attend and vote instead of himself, and that a proxy need not be a Member of the Company.</p>

Proxy either for specified meeting or for a period	136. An instrument of proxy may appoint a proxy either for the purposes of a particular Meeting specified in the instrument and any adjournment thereof or it may appoint a proxy for the purpose of every Meeting to be held before a date specified in the instrument and every adjournment of any such Meeting.
No proxy to vote on a show of hands	137. No proxy shall be entitled to vote by a show of hands.
Instrument of proxy when to be deposited	138. The instrument appointing a proxy and the Power of Attorney or authority (if any) under which it is signed or a notarially certified copy of that Power of Attorney or authority, shall be deposited at the Registered Office of the Company at least forty-eight hours before the time for holding the Meeting at which the person named in the instrument purposes to vote and in default the instrument of proxy shall not be treated as valid.
Form of Proxy	139. Every instrument of proxy whether for a specified Meeting or otherwise shall, as nearly as circumstances will admit, be in any of the forms set out in Section 105 of the Act, and signed by the appointer or his attorney duly authorised in writing or if the appointer is a body corporate, be under its seal or be signed by any officer or attorney duly authorised by it.
Validity of votes given by proxy notwithstanding revocation of authority	139. A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the principal, or revocation of the proxy or of any Power of Attorney under which such proxy was signed, or the transfer of the Share in respect of which the vote is given, provided that no intimation in writing of the death, insanity, revocation or transfer shall have been received by the Company at the Registered Office before the commencement of the Meeting or adjourned Meeting at which the proxy is used provided nevertheless that the Chairman of any Meeting shall be entitled to require such evidence as he may in his discretion think fit of the due execution of an instrument of proxy and of the same not having been revoked.
Time for objection to vote	140. No objection shall be made to the qualification of any voter or to the validity of a vote except at the Meeting or adjourned Meeting at which the vote objected to is given or tendered, and every vote, whether given personally or by proxy, not disallowed at such Meeting, shall be valid for all proposes and such objection made in due time shall be referred to the Chairman of the Meeting.
Chairman of any Meeting to be the judge of Validity of any value	141. The Chairman of any Meeting shall be the sole judge of the validity of every vote tendered at such Meeting. The Chairman present at the taking of a poll shall be the sole judge of the validity of every vote tendered at such poll. The decision of the Chairman shall be final and conclusive.
Custody of Instrument	142. If any such instrument of appointment is confined to the object of appointing an attorney or proxy for voting at Meetings of the Company, it shall remain permanently or for such time as the Directors may determine, in the custody of the Company. If such instrument embraces other objects, a copy thereof examined with the original shall be delivered to the Company to remain in the custody of the Company.
